When School Starts In Florida 2014 2015:

Children from the Other America Michele López-Stafford Levy, 2016-07-15 Necessity is the mother of invention and this all began with a plea on a listserv We have a sixteen year old Mayan Quiche young man who won't stop crying in our school How desperate must a parent be to say goodbye to their child children to perhaps never see them again because of wars in Syria or gang violence in Central America making citizens so desperate Will the children make it alive to the next border with so many more to cross Will they really eventually meet up with family Or is this pure folly Will these children be able to go to school for an equitable education and have a much better life than their parents could ever imagine More important are the implications for U S schools how are they managing the sudden influx of children refugees who are road weary and expected to participate in school structures seamlessly Many are not aware that linguistically these children may not be Spanish speaking but only communicate in their own indigenous language

First Things First! Ruby Takanishi, 2016 Challenging policymakers educators reformers and citizens to replace piecemeal reforms with fundamental redesign First Things First calls for a different way of organizing the American primary school Ruby Takanishi outlines a new framework for integrating early education with primary education pre K 5 including both short and long term strategies that starts with 3 and 4 year olds Featuring portraits of primary schools that have successfully integrated pre K the book includes resources on dual language learners dual generation family engagement effective philanthropy rethinking advocacy and more The book centers on four basic questions Why should the United States design a new primary school as children's first widely shared educational experience How can the educators of the new primary school use new knowledge about how children learn to improve their

practice What will it take to create a new primary school that educates all children well How can the design of the new primary school reflect demographic social linguistic and cultural changes and adapt to the requirements of a global economy First Things First reframes the basic structure of traditional primary education challenging us to get the early years of a 21st century public education system off to a new and stronger start The vision of a new primary school model in this book should be studied by all workers in the fields of education human development and social policy The scholarship in this book is impeccable and the arguments advanced by this leading scholar are most convincing Further the book is beautifully written Edward Zigler Sterling Professor of Psychology Emeritus Yale University Takanishi makes a compelling case that enabling all American children to achieve their potential requires both expansion of high quality preschool and fundamental changes in how our public elementary schools serve young students Sara Mead Bellwether Education Partners Dr Takanishi has laid out a vision and approach to schooling that is comprehensive forward looking and versed in strong evidence This is must reading for educators leaders policymakers and researchers Arthur Reynolds University of Minnesota
