Jason D. Crowder, 2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4 11 Living biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12 30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian s walk **Knowing God as an Evangelical** Dan-Adrian Petre, 2023-04-26 In the present polyphony of evangelical theological epistemology there are several authoritative approaches Yet the evangelical emphasis on sola scriptura demands that theological epistemology be subjected to the biblical canon In this book Dan Adrian Petre argues for a canonically derived theological epistemological framework that may foster a fuller understanding of theological knowledge formation within evangelicalism Specifically he explores some representative evangelical voices to identify the reasons for the contemporary epistemological variance Petre then uses a canonical epistemological methodology to outline a biblically based framework In exploring how the Scripture conceptualizes the formation of theological knowledge the book uses cognitive linguistics to grasp the conceptual meaning of the theological knowledge formation in the Bible using prototypical case studies The resulting epistemological implications outline a minimal epistemological model derived from the biblical canon Using this vantage point the author assesses the contemporary evangelical epistemological dissonance as a means of indicating a way forward for a canonical epistemological attunement *Who Made God?* Zondervan, 2009-05-26 In the quest for the truth you need to know what you believe and why you believe it Who Made God offers accessible answers to over 100 commonly asked apologetic questions Bringing together the best in evangelical apologists this guide is standard equipment for Christians who want to understand and talk about their faith intelligently Part one answers tough questions about the Christian faith such as Who made God How can there be three persons in one God What is God s ultimate purpose in allowing evil Where did the universe come from How long are the days of creation in Genesis Did Jesus rise from the dead Are the records of Jesus life reliable Does the Bible have errors in it Part two answers tough questions about other faiths including Islam Mormonism Hinduism Transcendental Meditation Yoga Reincarnation Buddhism and Black Islam Relevant
