## **When The Killings Done:**

When the Killing's Done T.C. Boyle, 2012-02-28 How can you talk about being civil when innocent animals are being tortured to death Civil I ll be civil when the killing s done The island of Anacapa off the coast of California is overrun with black rats which are threatening the ancient population of ground nesting birds Alma Boyd Takesue of the National Park Service is the spokesperson for a campaign to exterminate these man introduced rodents once and for all Alma highly self disciplined with a stubborn streak speaks as a conservationist though the fact that her grandmother was once stranded on Anacapa for three weeks with nothing but thousands of crawling rats for company might explain some of her zeal With days to go before the aerial rat poisoning Alma s plan is in danger of sabotage Dave LaJoy and Anise Reed a pair of notorious environmental activists are recognisable from a distance by his knotted dreadlocks and her flame red cyclone of hair Dave is an electronics salesman with barely controlled rages for whom the plight of the rats is yet another of life s many injustices along with lazy tramps and second rate wine Anise is a struggling folk singer with her own terrible reasons for getting involved in the cause From the outset Alma Dave and Anise are at ideological loggerheads But when Alma s sights turn to the infestation of non native pigs on Santa Cruz where Anise was brought up by her single mother and a clan of ranchers the stakes are raised and the debate threatens to boil over into something much more real When the Killing s Done is T C Boyle s blistering new novel a sweeping epic of family ecology and the right to life no matter what the fallout **When the**

**Killing's Done** T. Coraghessan Boyle, 2011 Traces an incrementally violent confrontation between a National Park Service biologist who would eradicate invasive wildlife on the Channel Islands and two locals who are fiercely opposed to the killing of any creatures By the PEN Faulkner Award winning author of World s End 75 000 first printing **Fatal Fictions** Alison

L. LaCroix, Richard H. McAdams, Martha Craven Nussbaum, 2017 Writers of fiction have always confronted topics of crime and punishment This age old fascination with crime on the part of both authors and readers is not surprising given that criminal justice touches on so many political and psychological themes essential to literature and comes equipped with a trial process that contains its own dramatic structure This volume explores this profound and enduring literary engagement with crime investigation and criminal justice The collected essays explore three themes that connect the world of law with that of fiction First defining and punishing crime is one of the fundamental purposes of government along with the protection of victims by the prevention of crime And yet criminal punishment remains one of the most abused and terrifying forms of political power Second crime is intensely psychological and therefore an important subject by which a writer can develop and explore character A third connection between criminal justice and fiction involves the inherently dramatic nature of the legal system itself particularly the trial Moreover the ongoing public conversation about crime and punishment suggests that the time is ripe for collaboration between law and literature in this troubled domain The essays in this collection span a wide array of genres including tragic drama science fiction lyric poetry autobiography and mystery novels The works discussed

include works as old as fifth century BCE Greek tragedy and as recent as contemporary novels memoirs and mystery novels The cumulative result is arresting there are killer wives and crimes against trees a government bureaucrat who sends political adversaries to their death for treason before falling to the same fate himself a convicted murderer who doesn't die when hanged a psychopathological collector whose quite sane kidnapping victim nevertheless also collects Justice Thomas reading and misreading of Bigger Thomas a man who forgives his son's murderer and one who cannot forgive his wife's nonexistent adultery fictional detectives who draw on historical analysis to solve murders These essays begin a conversation and they illustrate the great depth and power of crime in literature

*The Para-State* Aldo Civico, 2015-11-24 Since its independence in the nineteenth century the South American state of Colombia has been shaped by decades of bloody political violence In *The Para State* Aldo Civico draws on interviews with paramilitary death squads and drug lords to provide a cultural interpretation of the country's history of violence and state control Between 2003 and 2008 Civico gained unprecedented access to some of Colombia's most notorious leaders of the death squads He also conducted interviews with the victims of paramilitary with drug kingpins and with vocal public supporters of the paramilitary groups Drawing on the work of Deleuze and Guattari this riveting work demonstrates how the paramilitaries have in essence become a war machine deployed by the Colombian state to control and maintain its territory and political legitimacy

Killings William Lynwood Montell, 2014-10-17 The State Line Country of this book is a rugged area of small farms on the Kentucky Tennessee border Historically the area has had a homicide rate more than ten times the national average In this gripping and penetrating study of violence and death in the State Line Country Lynwood Montell examines the local historical and social conditions as well as the prevailing attitudes and values that gave rise and support to rowdy behavior and homicidal acts from the Civil War to the 1930s The area fostered he thinks a culture of violence Drawing from vivid oral accounts which he recorded from present day residents Montell describes more than fifty killings that took place in the area locating them against a background of farming moonshining and sawmilling activities common in that country In addition to reconstructing the homicides he analyzes their key features including the circumstances under which they took place the relationships of the persons involved

the presence of precipitating factors such as deadly weapons and alcohol in the culture and attitudes toward law enforcement officers and the courts This close examination of homicide in the State Line Country which views the tradition from regional and national perspectives adds a significant dimension to the study of homicide in the South Simester and Sullivan's Criminal Law J J Child,A P Simester,J R Spencer,F Stark,G J Virgo,2022-09-15 undoubtedly a first rate companion for any undergraduate or post graduate law course John Taggart Criminal Law Review This outstanding account of modern English criminal law combines detailed exposition and analysis of the law with a careful exploration of its theoretical underpinnings Primarily it is written for undergraduate students of criminal law covering all subjects taught at undergraduate level The book s philosophical approach ensures students have a deeper understanding of the law that goes beyond a purely doctrinal knowledge As a result over its numerous editions it has become required reading for many criminal law courses The 8th edition covers all statutory law including the Assaults on Emergency Workers Act 2018 and Domestic Abuse Act s 71 Case law discussions now cover Grant complicity Barton dishonesty Broughton Field Kuddus and Rebelo homicide and AG s Ref No 1 of 2020 sexual offences **The Oxford Handbook of the Philosophy of Punishment** Jesper Ryberg,2024-11 *Tears of an Assassin* DJ Power,2015-05-11 TEARS OF AN ASSASSIN Jim Coleman has no idea what to do with his life He joins the Marine Corps in 1962 on a whim He makes history by shooting perfect at Parris Island Jim has become the only marine ever to accomplish this feat This will unknowingly change his life in the Marines forever He meets a Naval Officer Commander Forrest Damon who is the military liaison with the CIA in Washington A new life begins as he goes on Temporary Duty with the CIA Jim joins the most elite section of the CIA It is so secretive that its only known by the most powerful and influential men in the government What does the CIA have in mind for him Where will they send him From Southeast Asia to the Caribbean Surrounded by the underworld in the Deep South Jim fights his demons every day Only he knows what is constantly in his dreams Jim tries to come to grips with his beliefs and teachings but it is so difficult With every assignment he goes deeper and deeper into the other life **Targeted Killings** Claire Oakes Finkelstein,Jens David Ohlin,Andrew Altman,2012-03 The controversy surrounding targeted killings represents a crisis of conscience for policymakers lawyers and philosophers grappling with the moral and legal limits of the war on terror This text examines the legal and philosophical issues raised by government efforts to target suspected terrorists **When the State Kills** Austin Sarat,2018-06-05 Is capital punishment just Does it deter people from murder What is the risk that we will execute innocent people These are the usual questions at the heart of the increasingly heated debate about capital punishment in America In this bold and impassioned book Austin Sarat seeks to change the terms of that debate Capital punishment must be stopped Sarat argues because it undermines our democratic society Sarat unflinchingly exposes us to the realities of state killing He examines its foundations in ideas about revenge and retribution He takes us inside the courtroom of a capital trial interviews jurors and lawyers who make decisions about life and death and assesses the arguments swirling around Timothy McVeigh

and his trial for the bombing in Oklahoma City Aided by a series of unsettling color photographs he traces Americans evolving quest for new methods of execution and explores the place of capital punishment in popular culture by examining such films as *Dead Man Walking* *The Last Dance* and *The Green Mile* Sarat argues that state executions once used by monarchs as symbolic displays of power gained acceptance among Americans as a sign of the people's sovereignty Yet today when the state kills it does so in a bureaucratic procedure hidden from view and for which no one in particular takes responsibility He uncovers the forces that sustain America's killing culture including overheated political rhetoric racial prejudice and the desire for a world without moral ambiguity Capital punishment Sarat shows ultimately leaves Americans more divided hostile indifferent to life's complexities and much further from solving the nation's ills In short it leaves us with an impoverished democracy The book's powerful and sobering conclusions point to a new abolitionist politics in which capital punishment should be banned not only on ethical grounds but also for what it does to Americans and what we cherish
