This year he's determined to do better. Not because he now knows what he's doing. But because he's fed up of getting stuck from Kaleb. Yet farming continues to be a challenge. For instance, loading a grain trailer was more demanding than flying an Apache gunship. Cows were more dangerous than motor racing. It's easier to get planning permission to build a nuclear plant than to turn a barn into a restaurant. Jeremy's always got a plan. Loads of them. Often cunning. Not always greeted with wild enthusiasm by Kaleb and Cheerful Charlie, however.

PRAISE FOR DIDDLY SQUAT Clarkson has done more for farmers in one series than Countryfile achieved in 30 years. James Rebanks, author of *A Shepherd's Life*, Clarkson has showcased the passion, humour, and personalities of the people who work throughout the year to grow the nation's food and brought an understanding of many of the issues faced by farmers to the British public. National Farmers Union. A deserving Farming Champion of the Year. Farmers Weekly. I don't know anything about farming. It's like David Attenborough doing jet skiing or Nicholas Witchell saying I'm going to be a cage fighter. Jeremy Clarkson

**When Cows Come Home** David Lee Harrison, 1994. A herd of cows ride bicycles, square dance, go swimming, and more in this rhyming picture book.

Till the Cows Come Home Judy Clemens, 2011-05-27. Stella Crown works hard and loves her life. She runs her own Pennsylvania dairy farm with the trusted help of longtime farmhand Howie, who stuck with her after her parents died. Rides her Harley on the weekends and has just enough friends to suit her fiercely independent nature. But on her twenty-ninth birthday, things start to change. A local child dies from a strange and threatening illness, a string of mysterious disasters place Stella and her farm in peril, and her childhood friend Abe shows up with a new woman on his arm, creating a storm of confusing emotions all around. To this charged atmosphere, add electrical outages, flooded barns, and cows running loose in the countryside. It seems like bad luck run amok, but when her livestock begins turning up dead, Stella knows that something or someone is out to get her. Meanwhile, though doctors announce they've identified the cause of the illness running through the community, another child is stricken before they can declare victory, sending everyone into a state of near panic. While trying to solve the puzzle behind her own troubles, Stella begins to think that she alone might hold the answers to the horrifying medical mystery. Striking out on her own, afraid to trust anyone, friends, neighbors, or the gorgeous barn painter she's fallen for, Stella goes after her enemy, determined to protect everything and everyone she loves.
