Polish Theatre Revisited Agata Luksza, 2024-01-19 *Polish Theatre Revisited* explores nineteenth century Polish theatre through the lens of theatre audiences Agata Luksza places special emphasis on the most engaged spectators known as theatremaniacs from what they wore to what they bought to what they ate The theatre was one of the key areas where early fan cultures emerged and theatremaniacs indulged in diverse fan practices in opposition to the forces reforming the theatre and its spectatorship

[The Cinema of Andrzej Wajda](#) John Orr, Elżbieta Ostrowska, 2003 Home to the New York Yankees the Bronx Zoo and

the Grand Concourse the Bronx was at one time a haven for upwardly mobile second generation immigrants eager to leave the crowded tenements of Manhattan in pursuit of the American dream Once hailed as a wonder borough of beautiful homes parks and universities the Bronx became during the 1960s and 1970s a national symbol of urban deterioration Thriving neighborhoods that had long been home to generations of families dissolved under waves of arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots In this revealing history of the Bronx Evelyn Gonzalez describes how the once infamous New York City borough underwent one of the most successful and inspiring community revivals in American history From its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for New York's growing and increasingly more diverse African American and Hispanic populations this book shows how the Bronx interacted with and was affected by the rest of New York City as it grew from a small colony on the tip of Manhattan into a sprawling metropolis This is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough's rejuvenation In recounting the varied and extreme transformations this remarkable community has undergone Evelyn Gonzalez argues that it was not racial discrimination rampant crime postwar liberalism or big government that was to blame for the urban crisis that assailed the Bronx during the late 1960s Rather the decline was inextricably connected to the same kinds of social initiatives economic transactions political decisions and simple human choices that had once been central to the development and vitality of the borough Although the history of the Bronx is unquestionably a success story crime poverty and substandard housing still afflict the community today Yet the process of building and rebuilding carries on and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future

Cities After the Fall of Communism John Czaplicka, Nida M. Gelazis, Blair A. Ruble, 2009-02-10 *Cities after the Fall of Communism* traces the cultural reorientation of East European cities since 1989 Analyzing the architecture commemorative practices and urban planning of cities such as Lviv Vilnius and Odessa the contributors to this volume demonstrate how history may be selectively reimagined in light of present political and cultural realities These essays show that while East European cities gravitate nostalgically toward Habsburg Baltic Imperial Russian and Germanic pasts they are also embracing new urban identities grounded in ethnic national European Western and global contexts Ultimately the editors argue that one can see a New Europe taking shape in these cities where a strained discourse between different versions of the past and variously envisioned futures is being set in stone steel and glass

contemporary literature is not a closed book to European and world readers Those not involved professionally in the production or study of literature may well have heard of Stanisław Lem Witold Gombrowicz Czesław Miłosz Wisława Szymborska or the recipient of the Nobel Prize in Literature for 2018 Olga Tokarczuk The situation is different with Polish literature of earlier periods including the eighteenth and nineteenth century novel The works of Ignacy Krasicki Michał Czajkowski Józef Ignacy Kraszewski Eliza Orzeszkowa Maria Komornicka Stefan Erasmowski and Bolesław Prus the exception perhaps is Henryk Sienkiewicz whose novels were translated into many languages did not enter European circulation on any large scale and have rarely been included in comparative studies Our book attempts to change this perspective and poses the question as to whether another expanded and more inclusive literary canon is possible Grażyna Borkowska is a professor at the Institute of Literary Research at the Polish Academy of Sciences a corresponding member of the Polish Academy of Sciences and the president of the Adam Mickiewicz Literary Association Lidia Wiñiewska is a professor and the Director of the Chair for General and Comparative Literature at the Kazimierz Wielki University in Bydgoszcz and vice president of the Adam Mickiewicz Literary Society Association

The Hidden Isaac Bashevis Singer Seth L. Wolitz, 2013-12-06 Nobel Prize winning author Isaac Bashevis Singer stands virtually alone among prominent writers for being more widely known through translations of his work than through the original texts Yet readers and critics of the Yiddish originals have long pointed out that the English versions are generally shortened often shorn of much description and religious matter and their perspectives and denouements are significantly altered In short they turn the Yiddish author into a Jewish American English writer detached from his Eastern European Jewish literary and cultural roots By contrast this collection of essays by leading Yiddish scholars seeks to recover the authentic voice and vision of the writer known to his Yiddish readers as Yitskhok Bashevis The essays are grouped around four themes The Yiddish language and the Yiddish cultural experience in Bashevis's writings Thematic approaches to the study of Bashevis's literature Bashevis's interface with other times and cultures Interpretations of Bashevis's autobiographical writings A special feature of this volume is the inclusion of Joseph Sherman's new faithful translation of a chapter from Bashevis's Yiddish underworld novel *Yarne* and Keyle Sherman's *Artificial Intelligence and Soft Computing* Leszek Rutkowski, Marcin Korytkowski, Rafał Scherer, Ryszard Tadeusiewicz, Lotfi A. Zadeh, Jacek M. Zurada, 2017-06-01 The two volume set LNAI 10245 and LNAI 10246 constitutes the refereed proceedings of the 16th International Conference on Artificial Intelligence and Soft Computing ICAISC 2017 held in Zakopane Poland in June 2017 The 133 revised full papers presented were carefully reviewed and selected from 274 submissions The papers included in the second volume are organized in the following five parts data mining artificial intelligence in modeling simulation and control various problems of artificial intelligence special session advances in single objective continuous parameter optimization with nature inspired algorithms special session stream data mining

This book based on the descriptions of their dreams that former Auschwitz inmates wrote in 1973 provides a deep insightful explanation of the role of dreams in shaping the prisoners experiences It studies these testimonies from a broad interdisciplinary perspective analysing the psychological social anthropological narrative and even artistic dimensions of the reports The book characterises the content of the dreams and their possible meanings the manners in which the respondents sensed understood and described their dreams and the informants attitudes towards dreaming Among thousands of books about the Nazi atrocities this one is unique because it explores the Holocaust through the prism of dreams The dream descriptions serve here as an exceptional source of knowledge They often reveal not only an image of the camp reality but also the truth that remained unconscious incomprehensible and unspeakable for the dreamers themselves As such this text will serve to open a completely new way of thinking and writing about the Holocaust Polish Jewish Culture Beyond the Capital Halina Goldberg,Nancy Sinkoff,Natalia Aleksy,2023-09-15 This book highlights the modernity of Polish Jewish culture through its literature poetry film cabaret theater architecture the visual arts and music in urban centers large and small The contributors expertly reassert the belonging of Jews in Polish lands and showcase the multivalent texture of Polish Jewish cultural production before World War II *Kubrick's Mitteleuropa* Nathan Abrams,Jeremi Szaniawski,2024-10-01 Stanley Kubrick was arguably one of the most influential American directors of the post World War II era and his Central European Jewish heritage though often overlooked greatly influenced his oeuvre Kubrick s Mitteleuropa explores this influence in ways that range from his work with Hungarian and Polish composers Bela Bartok Gy rgy Ligeti and Krzysztof Penderecki to the visual inspiration of artists such as Egon Schiele Gustav Klimt and other central European Modernists Beyond exploring the Mitteleuropa sensibility in Kubrick s films the contributions in this volume also provide important commentary on the reception of his films in countries across Eastern Europe **East European Accessions Index** ,1958 Monthly Bulletin. 1896-1939 is the first comprehensive history of the country's film industry before World War II. This history is characterized by alternating periods of multilingual, multiethnic production on the one hand and rejection of such inclusiveness on the other. Through it all, however, runs a single unifying thread: an appreciation for visual imagery.
