**Multidisciplinary Perspectives on Zimbabwe's Liberation Struggle** Munyaradzi Nyakudya, Wesley Mwatwara, Joseph Mujere, 2022-11-15 This book provides a timely reconceptualization of Zimbabwe s anti colonial liberation struggle resisting simple binaries in favour of more nuanced critical analysis Most historiographies characterize Zimbabwe s liberation struggle as being defined by simple bifurcations along racial ethnic class and ideological perspectives This book argues that the nationalist struggle is far more complex than such simple configurations would suggest and that many actors have been overlooked in the analysis The book broadens our understanding by analysing the roles of a wide range of political figures organizations and members of the military as well as the media and the often overlooked part that women played Over the course of the book the contributors also reflect on the ways in which revolutionary figures have been repainted as sellouts in particular by the ZANU PF ruling party and what that means for the country s interpretation of their recent past Highlighting in particular the expertise of leading scholars from within Zimbabwe across a range of disciplines this book will be of interest to researchers of African history politics and postcolonial studies

**Zimbabwean Literature in African Languages** Emmanuel Chiwome, Zifikile Mguni, 2012 The scope of this book is Ndebele and Shona literature with emphasis on post independence publications African literature in English has received more critical attention than literature in indigenous languages The former has occupied centre stage as representing national literature while modern literature in indigenous languages occupies the intermediate lower stratum that is accorded to national languages in the colonial and post independence eras The objective of the study is to combine some of the different genres of literature in indigenous languages

in an attempt to understand them on the basis of their common history and culture While colonialism has promoted and interpreted differences among Zimbabwean ethnic communities as evidence of polarisation the authors here view African language literatures as parts of one great whole      Language Matters in Contemporary Zimbabwe Collen Sabao, Esther Mavengano, 2024-06-17 Speaking to a broader global preoccupation with the state of languages and language development this book considers issues surrounding the diverse languages linguistic communities and cultures of Zimbabwe Reflecting on Shona Xitsonga Sotho Xhosa Tjwao Nambya IsiNdebele Nyanja Tshivenda English and Braille the book uncovers both the internal and external factors that impact language structures language use and language ideologies across the country The book considers how colonial legacies and contemporary language domination and minoritisation have led to language endangerment It considers the fate of communities whose languages are marginalised and in the process poses questions on what can and should be done to preserve Zimbabwean languages The authors offerings range across subjects as diverse as music linguistic innovation education human rights literature language politics and language policy in order to build a rich and nuanced picture of language matters in the country Coming at a critical moment of increasing mobility migration cultural plurality and globalisation this book will be an important resource for researchers across African literature linguistics communication policy and politics      Using Poetry for Economic Analysis Ky-Hyang Yuhn, 2023-09-26 This book is innovative in methodology novel in ideas and rich in contents The book is the first attempt to amalgamate economics with poetry mythologies novels paintings and movies that pertain to economic subjects It presents the principles of economics in a systematic manner but in plain and lyrical English Through analysing real world issues using solid economic theory and literary prose the topics discussed in the book allow for a straight to the point analysis which can be used by all The book serves as a guide to college undergraduate and MBA students who are beginning to study economics and as a navigator to lay readers including financial practitioners fund managers and portfolio investors who need economics knowledge in their chosen fields The book introduces 22 European American Chinese Japanese and Korean poems which are related to economic subjects      *Mobility in Contemporary Zimbabwean Literature in English* Magdalena Pfalzgraf, 2021-06-29 This monograph explores the concept of mobility in Zimbabwean works of fiction published in English between the introduction of the controversial Fast Track Land Reform Programme and the end of the Mugabe era Since 2000 Zimbabwe has experienced unprecedented levels of transnational out migration in response to the political conflicts and economic downturn often referred to as the Zimbabwe Crisis This in turn has led to an increased outpouring of literary texts about migration both in locally produced texts and in works by authors based in the diaspora Situating Zimbabwe s recent literary developments in a wider context of Southern African writing and history this book focuses on texts that portray movement within Zimbabwe s cities between village and city to South Africa and overseas The author examines important developments and trends in recent Zimbabwean literature investigating the link between state authoritarianism and control of mobility and literature s

potential to intervene into dominant political discourses The book includes in depth analyses of ten recent works of fiction published in the post 2000 era and develops mobility as a key category of literary analysis of Zimbabwe s contemporary literatures Setting out a rich dialogue between literary criticism and mobility studies this book will be of interest to researchers of African literature Southern Africa migration and mobility

**Struggling to Make the Grade: A Review of the Causes and Consequences of the Weak Outcomes of South Africa's Education System** Mr.Montfort

Mlachila,Tlhalefang Moeletsi,2019-03-01 While South Africa has made significant improvements in basic and tertiary education enrollment the country still suffers from significant challenges in the quality of educational achievement by almost any international metric The paper finds that money is clearly not the main issue since the South Africa s education budget is comparable to OECD countries as a percent of GDP and exceeds that of most peer sub Saharan African countries in per capita terms The main explanatory factors are complex and multifaceted and are associated with insufficient subject knowledge of some teachers history race language geographic location and socio economic status Low educational achievement contributes to low productivity growth and high levels of poverty unemployment and inequality Drawing on the literature the paper sketches some policy considerations to guide the debate on what works and what does not

The Routledge Handbook of African Demography Clifford O. Odimegwu,Yemi Adewoyin,2022-02-07 This handbook provides an authoritative and comprehensive overview of African population dynamics variations causes and consequences demonstrating the real world applications of research in policies and programmes African demography has come of age Over 50 years the discipline has grown exponentially in the number of training and research institutions specialist experts and academic output all with an aim of addressing the enormous demographic challenges faced by the continent The book draws on old and emerging analytical tools to explore the relationships between population dynamics and social economic cultural and political environments from African perspectives Key topics include fertility sexual behaviours healthcare ageing mortality migration displacement the causes and consequences of demographic changes and teaching and research developments in African demography The Routledge Handbook of African Demography will be an essential resource for students and researchers of African demography sociology development and cultural studies

**Contemporary African Literature in English** M. Krishnan,2014-03-20 Contemporary African Literature in English explores the contours of representation in contemporary Anglophone African literature drawing on a wide range of authors including Chimamanda

Ngozi Adichie Aminatta Forna Brian Chikwava Ngug wa Thiong o Nuruddin Farah and Chris Abani *African Perspectives on Scientific Freedom* UNESCO,2024-12-31

Manning the Nation. Father Figures in Zimbabwean Literature and Society

Z. Muchemwa,Robert Muponde,2008-01-15 Gender studies in Zimbabwe have tended to focus on women and their comparative disadvantages and under privilege Assuming a broader perspective is necessary at a time when society has grown used to arguments rooted in binaries colonised and coloniser race and class sex and gender poverty and wealth

patriotism and terrorism etc The editors of *Manning the Nation* recognise that concepts of manhood can be used to repress or liberate and will depend on historical and political imperatives they seek to introduce a more nuanced perspective to the interconnectivity of patriarchy masculinity the nation and its image The essays in this volume come from well respected academics working in a variety of fields The ideals and concepts of manhood are examined as they are reflected in important Zimbabwean literary texts However if literature provides a rich vein for the analysis of masculinities what makes this collection so interesting is the interplay of literary analysis with chapters that provide a critical examination of the ways in which ideals of manhood have been employed in for example leadership and the nation as a justification for violent engagement in the field of AIDS and HIV etc *Manning the Nation* Father figures in Zimbabwean literature and society sets the stage for a fresh and engaging discourse essential at a time when new paradigms are needed *Bodies and Voices* Anna Rutherford, European Association for Commonwealth Literature and Language Studies. Conference, 2008 The articles investigate representations in literature both by the colonizers and colonized Many deal with the effect the dominant culture had on the self image of native inhabitants They cover areas on all continents that were colonized by European countries

**Literary Crossroads** Blessing Diala-Ogamba, Elaine Sykes, 2014-11-06 This book explores the different ways women have been liberating themselves from the shackles of patriarchy and cultural laws that inhibit their independence and freedom to show that women are also contributing meaningfully to society Women have worked to attain freedom through speaking out writing memoirs fiction plays poetry and essays The creative experiences of women are captured in this book thus fulfilling the book's aim to give women voices to air their views and show that they are effectual members of society The book examines the roles played by patriarchy religion and socioeconomic and political systems that keep women to the background It also examines the issue of education otherhood marginalization cultural imposition and the diverse positions of women in local and international affairs The book testifies that women's literature and the stories of women all over the world can be appreciated and viewed from different perspectives because of the diverse cultural environment in which women find themselves This confirms that the issue of marginalization suppression and oppression of women are on going problems in different societies around the world **The Zimbabwe Librarian**, 1979 **American Universities and Colleges** James J. Murray, 2021-06-21 No detailed description available for American Universities and Colleges

*Resources in Education*, 1998 **Refugee Learner Experiences. A Case Study of Zimbabwean Refugee Children** Lawrence Meda, 2017-06-27 This study is a presentation of Zimbabwean refugee learner experiences Children escaped political persecution and economic problems which affected Zimbabwe in the year 2008 Many of these children were abused and witnessed traumatic experiences their close relatives and neighbours being executed in cold blood This study was guided by three critical questions i who are the Zimbabwean refugee learners ii what were Zimbabwean refugee learners migration experiences and iii what were Zimbabwean refugee learners school experiences The study employed Bronfenbrenner's Social

Ecological Model as its overarching theoretical framework Each stage of the refugee experience was described at each point in time     *Handbook on Planning and Climate Change Adaptation* Patrick Brandful Cobbinah, Michael Addaney, 2025-08-11  
This timely Handbook explores how planning can be used as a mechanism a tool and a process to sustainably manage the impacts of climate change Conceptually grounded in the planning and climate change literature it illustrates the different capabilities and inadequacies of planning in addressing climate change adaptation

**power electronics for modern sustainable power systems distributed** - Feb 26 2022

web downloadable this work presents and discusses the application of power electronics for the integration of several distributed generation sources as well as those related to it the microgrids and the smart grids to the power sector trends and challenges are addressed for the area of study and an embracing overview of the main technologies and

[power electronics for renewable energy systems](#) - Jun 13 2023

web book abstract power electronics for renewable energy transportation and industrial applications combines state of the art global expertise to present the latest research on power electronics and its application in transportation renewable energy and different industrial applications

[power electronics for renewable and distributed energy](#) - Aug 15 2023

web jun 19 2014 power electronics for renewable and distributed energy systems book news abstract this book edited and coauthored by a world renowned team of specialists in this area is a great asset to industry it focuses on the following topics fundamentals of power electronics photovoltaic power electronics wind power generation small

*power electronics converters for distributed generation* - May 12 2023

web power electronics converters for distributed generation abstract this chapter reviews power electronics technology for distributed generation integrated into smart grid it presents an introduction to typical distributed generation systems

**power electronics for renewable energy systems** - Jan 08 2023

web feb 25 2022 the energy conversion and storage technologies of rers are gaining more attention in the research field of industry and academia the chapter aims to explain modern power electronics and their role in the interconnection between the distributed generation dg and the rers

*power electronics for renewable and distributed energy systems* - Apr 30 2022

web jan 1 2013 power electronics for renewable and distributed energy systems pp 7 59 edison da silva malik e elbuluk this chapter gives a description and overview of power electronic technologies

[power electronics in renewable energy systems researchgate](#) - Jun 01 2022

web may 15 2019 these distributed energy resources inject electrical energy directly through a solar or wind system based on power electronic converters 2 3 the topology of a photovoltaic pv system is

**power electronics for renewable energy sources sciencedirect** - Apr 11 2023

web jan 1 2018 the growing market for renewable energy technologies has resulted in a rapid growth in the need of power

electronics most of the renewable energy technologies produce dc power and hence power electronics and control equipment are required to convert the dc into ac power in a vcvsi the power flow of the distributed

**power electronics revolutionizing the world s future energy** - Nov 06 2022

web aug 26 2021 power electronics is revolutionizing the world s energy systems and can be increasingly found everywhere pe technology in a nutshell pe is at the heart of electrical power conversion where electronics transform voltages and currents from one level and shape to another e g in a usb charger that converts 230v 50 60hz to 5v dc

power electronics for renewable and distributed energy systems - Sep 04 2022

web jun 12 2013 power electronics for renewable and distributed energy systems takes an integrative approach discussing power electronic converters topologies controls and integration that are specific to

*power electronics for renewable energy systems ieee xplore* - Jan 28 2022

web mar 20 2009 one is to change the electrical power production sources from the conventional fossil and short term based energy sources to renewable energy resources another is to use high efficient power electronics in power generation power transmission distribution and end user application

**power electronics the enabling technology for renewable energy** - Feb 09 2023

web sep 10 2021 the development of renewable energies and the demands of power electronics are reviewed first then the power conversion and control technologies as well as grid codes for wind and pv systems are discussed future trends in terms of power semiconductors reliability advanced control grid forming operation and security issues

**distributed power electronics an enabler for the future grid** - Dec 07 2022

web this paper looks at the role that distributed power electronics could play in the grid of the future allowing a cost effective approach to grid control that can help achieve global objectives of operating with high renewable penetration

*power electronics for renewable and distributed generation* - Oct 05 2022

web 1 understand the use of power converters in pv applications 2 understand the use of power converters in wind turbines 3 understand the concept of maximum power point tracking 4 understand how real and reactive power flow can be controlled from a renewable or distributed energy resource to the utility network 5

**power electronics for renewable energy systems** - Mar 30 2022

web may 30 2014 about this book compiles current research into the analysis and design of power electronic converters for industrial applications and renewable energy systems presenting modern and future applications of power electronics systems in the field of electrical vehicles

power electronics for renewable energy systems ieee xplore - Jul 02 2022

web feb 27 2014 power electronics for renewable energy systems status and trends abstract in the past few decades the

energy paradigms in many countries are experiencing significant change from fossil based resources to cleaner renewables it is expected that the scenario of highly penetrated renewables is going to be further

power electronics for renewable and distributed energy - Sep 16 2023

web an overview of power electronic technologies is followed by the introduction of various renewable and distributed energy resources that includes photovoltaics wind small hydroelectric fuel cells microturbines and variable speed generation

*power electronics the enabling technology for renewable* - Aug 03 2022

web sep 10 2021 among various renewables wind energy and photovoltaic pv are the most widely used and accordingly these are explored in this paper to demonstrate the role of power electronics the development of renewable energies and the demands of power electronics are reviewed first
