### **Zimsec November 2013 Literature Paper 3 Questions:**

**The Delusion of Knowledge Transfer** Susanne Koch, Peter Weingart, 2016-12-13 With the rise of the knowledge for development paradigm expert advice has become a prime instrument of foreign aid. At the same time it has been object of repeated criticism the chronic failure of technical assistance a notion under which advice is commonly subsumed has been documented in a host of studies. Nonetheless international organisations continue to send advisors promising to increase the effectiveness of expert support if their technocratic recommendations are taken up. This book reveals fundamental problems of expert advice in the context of aid that concern issues of power and legitimacy rather than merely flaws of implementation. Based on empirical evidence from South Africa and Tanzania the authors show that aid related advisory processes are inevitably obstructed by colliding interests political pressures and hierarchical relations that impede knowledge transfer and mutual learning. As a result recipient governments find themselves caught in a perpetual cycle of dependency continuously advised by experts who convey the shifting paradigms and agendas of their respective donor governments. For young democracies the persistent presence of external actors is hazardous ultimately it poses a threat to the legitimacy of their governments if their policy making becomes more responsive to foreign demands than to the preferences and needs of their citizens.

Beyond Alterity: Contemporary Indian Fiction and the Neoliberal Script Shakti Jaising, 2023-09-15 Beyond Alterity contests a core tendency in postcolonial studies as well as emerging critiques of neoliberalism to assume that nations of the Global South are categorically distinct from their counterparts in the North and that they provide an alternative or even an antidote to the competitive and individualistic cultures of the advanced capitalist world Through a textured analysis of cultural production from contemporary India Shakti Jaising argues that neoliberal capitalism has produced significant continuities in class dynamics and subjective experience across the North South divide continuities that are at least as worthy of our consideration as differences arising from colonialism and its aftereffects The book engages an array of political economic and cultural narratives while focusing in particular on widely circulating Indian English language novels and their audio visual adaptations that demonstrate the growing currency of a neoliberal script extolling values like privatization and deregulation as conduits to both individual growth and national development as well as freedom from poverty With their potent enactments of personal and national maturation contemporary Indian novels and films offer striking illustrations of the imaginative means by which the neoliberal script proliferates even as economic precarity and inequality worsen in India much like elsewhere in the world Whereas literary scholars tend to approach the Indian English novel as an exemplar of resistance from the formerly colonized world Beyond Alterity contends that far from inevitably modelling resistance this genre's contemporary examples instead encapsulate the challenges of disentangling literature from the all pervasive logics and narratives of neoliberal capitalism

**Radio Soundings** Elizabeth Gunner, 2019-01-31 Maps an apartheid era Zulu Radio station as it grew to become one of the largest stations in Africa countering censorship and propaganda

**Radio Soundings** Liz Gunner, 2019-01-31 Zulu Radio in South Africa is one of the most far reaching and influential media in the region currently attracting around 6.67 million listeners daily While the public and political role of radio is well established what is less understood is how it has shaped culture by allowing listeners to negotiate modern identities and fast changing lifestyles Liz Gunner explores how understandings of the self family and social roles were shaped through this medium of voice and mediated sound Radio was

the unseen literature of the auditory the drama of the airwaves and thus became a conduit for many talents squeezed aside by apartheid repression Besides Winnie Mahlangu and K E Masinga among other talents the exiles Lewis Nkosi and Bloke Modisane made a network of identities and conversations which stretched from the heart of Harlem to the American South drawing together the threads of activism and creativity from both Black America and the African continent at a critical moment of late empire The Future of Technology Education P John Williams, Alister Jones, Cathy Buntting, 2014-11-17

Twenty five years ago there was increasing optimism in policy curriculum and research about the contribution that technology education might make to increased technological literacy in schools and the wider population That optimism continues although the status of technology as a learning area remains fragile in many places This edited book is offered as a platform from which to continue discussions about how technology education might progress into the future and how the potential of technology education to be truly relevant and valued in school learning can be achieved The book results from a collaboration between leading academics in the field the wider group of authors having had input into each of the chapters Through the development of a deep understanding of technology based on a thoughtful philosophy pathways are discussed to facilitate student learning opportunities in technology education Consideration is given to the purposes of technology education and how this plays out in curriculum pedagogies and assessment Key dimensions including design critique students cultural capital are also explored as are the role and place of political persuasion professional organisations and research that connects with practice The discussion in the book leads to a conclusion that technology education has both an ethical and moral responsibility to support imaginings that sustain people and communities in harmony and for the well being of the broader ecological and social environment **Tourism, Change and the Global South** Jarkko Saarinen, Jayne M.

Rogerson, 2021-06-16 This significant volume is the first to focus on both the changing nature of tourism and the capacity of tourism to effect change especially in the Global South Geographically this changing nature of tourism is based on the transforming relationships between demand supply and location While this is nothing new in tourism recent decades have intensified the changing characteristics of global tourism From another perspective tourism represents a change and nowadays many localities and regions aim to use tourism as a tool for positive change i.e. development However this has turned out to be a challenging task in practice especially in the Global South context where the relationship between tourism growth and local development has often been controversial This book looks at a host of critical concepts in one volume such as growth and development adaptation and resilience sustainability and responsibility governance and planning and heritage and destination management strategies By understanding the drivers of change this book sheds new insight into the promise and role of sustainability and responsibility in tourism development This book will be of great interest to all upper level students academics and researchers in the fields of Tourism Geography and Cultural and Heritage studies **Texts and Practices** Carmen Rosa Caldas-Coulthard, Malcolm Coulthard, 2013-04-15 Text and Practices provides an essential
