Stearns,Peter Seixas,Sam Wineburg,2000-09 This four part volume identifies the problems and issues in late 20th and early 21st century history education working towards an understanding of this evolving field It aims to give both students and teachers insights into the best way of developing historical understanding in pupils *The Inverted Conquest* Alejandro Mejias-Lopez,2010-02-09 Modernismo 1880s 1920s is considered one of the most groundbreaking literary movements in Hispanic history as it transformed literature in Spanish to an extent not seen since the Renaissance As Alejandro Mejias Lopez demonstrates however modernismo was also groundbreaking in another more radical way it was the first time a postcolonial literature took over the literary field of the former European metropolis Expanding Bourdieus concepts of cultural field and symbolic capital beyond national boundaries The Inverted Conquest shows how modernismo originated in Latin America and traveled to Spain where it provoked a complete renovation of Spanish letters and contributed to a national identity crisis In the process described by Latin American writers as a reversal of colonial relations modernismo wrested literary and cultural authority away from Spain moving the cultural center of the Hispanic world to the Americas

Mejias Lopez further reveals how Spanish American modernistas confronted the racial supremacist claims and homogenizing force of an Anglo American modernity that defined the Hispanic as un modern Constructing a new Hispanic genealogy modernistas wrote Spain as the birthplace of modernity and themselves as the true bearers of the modern spirit moved by the pursuit of knowledge cosmopolitanism and cultural miscegenation rather than technology consumption and scientific theories of racial purity Bound by the intrinsic limits of neocolonial and postcolonial theories scholarship has been unwilling or unable to explore modernismo s profound implications for our understanding of Western modernities *The Dial* ,1905
