What Happened To The Drudge Report:

How the Right Lost Its Mind Charles J. Sykes, 2017-10-03 A book on the implosion of the Republican party and the conservative movement by a bestselling author and radio host who drew national attention after denouncing Donald Trump

Great American Hypocrites Glenn Greenwald, 2008-04-15 A takedown of the GOP's deceitful propaganda machine from the blogger of Salon's Unclaimed Territory and the author of the New York Times bestsellers *How Would a Patriot Act* and *A Tragic Legacy* Ever since the cowboy image of Ronald Reagan was sold to Americans the Republican Party has used the same John Wayne imagery to support its candidates and take elections We all know how they govern but the right wing propaganda machine is very adept at hijacking debate and marketing their candidates as effectively as the Marlboro Man For example Myth The Republican nominee is an upstanding regular guy who shares the values of the common man Reality He divorced his first wife in order to marry a young multimillionaire heiress whose family then funded his political career Myth Republicans are strong on defense and will keep us safe Reality They prey on fears and their endless wars make America far less secure Myth Republicans are the party of fiscal restraint and small limited government Reality Soaring deficits unchecked presidential power and an increasingly invasive surveillance state are par for the course The first book to dissect the Republican Cult of Personality and leave it openly exposed in its unabashed shameful depravity *Great American Hypocrites* is a deeply necessary call out to Democrats to attack the GOP with their competitor's very own weapons Praise for *Great American Hypocrites* Intelligent insightful Daily Kos Glenn Greenwald has done it again Alan Colmes Glenn Greenwald is a treasure BuzzFlash

be whatever she wanted as long as she was willing to work for it Hillary took those words and ran In a life on the front row of
modern American history she has always stood out whether she was a teen campaigning for the 1964 Republican presidential

candidate winning recognition in Life magazine for her pointed words as the first student commencement speaker at Wellesley College or working on the Richard Nixon impeachment case as a newly minted lawyer For all her accomplishments scrutiny and scandal have followed this complex woman since she stepped into the public eye from her role as First Lady of Arkansas to First Lady of the United States to becoming the first female U S senator from New York to U S secretary of state Despite intense criticism Hillary has remained committed to public service and dedicated to health care reform children s issues and women s rights Now she aspires to a bigger role her nation s first woman president In *Hillary Rodham Clinton A Woman Living History* critically acclaimed author Karen Blumenthal gives us an intimate and unflinching look at the public and personal life of Hillary Rodham Clinton Illustrated throughout with black and white photographs and political cartoons this is a must have biography about a woman who has fascinated and divided the public who continues to push boundaries and who isn t afraid to reach for one more goal After decades in the public eye Hillary Rodham Clinton is still an enigma as Blumenthal *Tommy The Gun That Changed America* emphasizes in this compelling portrait of the former U S Senator and Secretary of State s journey from budding activist to presidential aspirant Publishers Weekly starred review

It further reveals why Trump and millions of deplorables are fighting to stop the hidden agenda of the Establishment and how the perplexing chaos enveloping the planet could paradoxically signal the beginning of the great end times awakening that millions are praying for Here is an invitation to join the anti Establishment surge what evangelist Franklin Graham calls the Christian revolution and discover how to fulfill your own destiny in the run up to the Second Coming of Jesus Christ **Will the Last Reporter Please Turn Out the Lights** Robert W. Tom and Fallon must expose the conspiracy in her father's administration before Fallon meets the same fate. And with the tension already sky high between them working this close together is surely going to get one of them to cross the line from a strictly professional relationship to intimately personal. Set against the backdrop of Washington D.C. AT ANY COST sets up a smoldering romance as it takes readers into the super secret world of the Secret Service, the NSA and ultimately the most private reaches of the White House.

Prisoners of the White House Kenneth T. Walsh, 2015-11-17 Prisoners of the White House looks at the isolation experienced by presidents of the United States in the White House, a habitat almost guaranteed to keep America's commander in chief far removed from everyday life. The authors look at how this is emerging as one of the most serious dilemmas facing the American presidency. As presidents have become more isolated, the role of the presidential pollster has grown. Ken Walsh has been given exclusive access to the polls and confidential memos received by presidents over the years and has interviewed presidential pollsters directly to gain their unique perspective. Prisoners of the White House gets inside the bubble and punctures the mythology surrounding the presidency.

The Border Nation E. Hilgeman, Donald E. Hilgeman, 2009-12 Maggie and Martin LaTour have been married just two years when she suddenly disappears during a camping trip to Mexico. When her disfigured body is discovered just a few miles from their campsite, the course of Martin's life is changed forever. After returning to the States, Martin takes a leave of absence from his job and while teetering precariously between mental disintegration and the need for revenge, begins to focus on a new life mission to stop illegal aliens at all cost. Martin's sudden mega lottery win helps him finance a bizarre assassination plan that eventually rocks the tranquility of two governments. An unprecedented but predictable public outcry of human rights violations changes Martin's tactics from committing brutal murders to coordinating organ transplant harvesting using illegal aliens as donors. After the NSA and Interpol plot to assassinate Martin with the help of his lover and a vial of deadly Polonium, a senator's young daughter is diagnosed with a rare disease and an organ transplant is her only hope for survival. Through murder, second chances, love, justice and betrayal, Martin battles an extraordinary turn of events and must decide if all he has sacrificed is worth it in the end.
