

WRITING A PHILOSOPHY PAPER

Philosophical writing is different from the writing you are asked to do in other courses; these guidelines might be helpful, but do not assume that following them is enough to write a good philosophy paper.

1. What you are trying to accomplish: The virtues of a philosophy paper

A philosophy paper consists in a critical analysis of a thesis and in a reasoned defense of some claims. If you advance a claim, your claim should be supported by argument. If you attribute a view to someone, you should support your attribution with reference to the original text and interpretative remarks. When you make claims about a philosopher you have read, make sure that you support your interpretation with references to specific passages. When you take a specific formulation of a point from a text, use quotations.

The virtues of a philosophy paper are:

- **clarity:** say what you have to say simply and straightforwardly
- **depth of analysis and critical questioning:** offer a critical analysis of a philosophical issue, present and question different approaches to the same issue, and compare them.
- **consideration of arguments:** the reader is not interested in your own opinion, but in the way you reason about a particular issue, how you argue about it, how you defend your claims. You must exhibit reasons for what you hold, not just voice your concern about a particular matter. Make your reasons explicit.
- **logical organization:** everything that you write must be justified: there should be a reason why you wrote what you wrote the way you did. Use only the sentences that you need to express your claims. In order to construct an argument, each step of your reasoning should be clear and in the right order. Each paragraph should follow the previous one logically,

What Is A Philosophy Paper:

How to Write a Philosophy Paper James S. Stramel, 1995 How to Write a Philosophy Paper is a handbook which provides students with a ready arsenal of analytical and compositional techniques. It is intended for undergraduate students in any type of philosophy course and is written and organized in a user friendly manner. The first half includes discussions of the nature of philosophy and a variety of basic and essential techniques of philosophical enquiry and argumentation. The second half takes the student step by step through the writing process from choosing a suitable topic to developing his or her thought to preparation of the final draft. Includes an index and bibliographical material. **Writing Philosophy Papers**

Zachary Seech, 1993 WRITING PAPERS IN PHILOSOPHY is an inexpensive supplement covering the various kinds of writing assignments for which many of today's students are ill prepared. Teachers can rest assured that students now have the resources to learn the various skills e.g. organization, documentation, how to write a thesis, defense or comparison and contrast paper. This book will save time and frustration for everyone concerned. **Writing Philosophy Papers** Andrew Kania, Zachary Seech, 2024-08

Introducing Ethics Justin P. McBrayer, Peter J. Markie, 2014 Introducing Ethics: A Critical Thinking Approach with Readings combines guiding commentary and questions with a rich selection of concise, carefully edited and accessible readings on ethical theory and contemporary moral issues. This unique introduction shows students how to do philosophy by first analyzing texts, identifying ethical positions and the arguments that support them, and then evaluating the truth of those positions and the soundness of the arguments. In doing so, it provides students with a uniquely engaging introduction to ethics that also hones their critical thinking skills. **FEATURES** A unique Unit 1 gives students the conceptual tools to do philosophy with coverage of logic, arguments, moral reasoning, and reading and writing philosophy. Extensive coverage of the three main areas of ethics: metaethics, normative ethics, and applied ethics, addresses issues often ignored by other texts, including ethics vs. science, moral responsibility, moral vs. legal issues, torture, terrorism, and more. Unit and chapter introductions outline major themes and issues and explain why they matter. Reading questions precede the essays and focus students studying on key points, while discussion questions follow the readings and help students move into the evaluation phase. **Argument Reconstruction Exercises** after each reading provide practice in identifying the premises and conclusions in the essays. An Instructor's Manual with Test Bank on CD is available to adopters. A Companion Website at www.oup.com/us/mcbrayer provides all the material contained on the CD along with student resources. **Research Papers For Dummies** Geraldine

Agents of Integration Rebecca S. Nowacek,2011-11-02 The question of how students transfer knowledge is an important one as it addresses the larger issue of the educational experience In Agents of Integration Understanding Transfer as a Rhetorical Act Rebecca S Nowacek explores through a series of case studies the issue of transfer by asking what in an educational setting engages students to become agents of integration individuals actively working to perceive as well as to convey effectively to others the connections they make While many studies of transfer are longitudinal with data collected over several years Nowacek s is synchronous a rich cross section of the writing and classroom discussions produced by a team taught learning community three professors and eighteen students enrolled in a one semester general education interdisciplinary humanities seminar that consisted of three linked courses in history literature and religious studies With extensive field notes carefully selected student and teacher self reports in the form of interviews and focus groups and thorough examinations of recorded classroom discussions student papers with professor comments and student notebooks Nowacek presents a nuanced and engaging analysis that outlines how transfer is not simply a cognitive act but a rhetorical one that involves both seeing connections and presenting them to the instructors who are institutionally positioned to recognize and value them Considering the challenges facing instructors teaching for transfer and the transfer of writing related knowledge Nowacek develops and outlines a new theoretical framework and methodological model of transfer and illustrates the practical implications through case studies and other classroom examples She proposes transfer is best understood as an act of recontextualization and she builds on this premise throughout the book by drawing from previous work in cognitive psychology activity theory and rhetorical genre theory as well as her own analyses of student work This focused examination complements existing longitudinal studies and will help readers better understand not only the opportunities and challenges confronting students as they work to become agents of integration but also the challenges facing instructors as they seek to support that student work *Overheard in Seville 1992* ,1992-10-15 An annual publication Overheard in Seville Bulletin of the Santayana Society includes scholarly articles on American philosopher poet critic and best selling novelist George Santayana as well as announcements of publications and meetings pertaining to Santayana scholarship Essays on Plato and Aristotle J. L. Ackrill,2001 J L Ackrill s work on Plato and Aristotle has had a considerable influence upon ancient philosophical studies in the late twentieth century In his writings the rigour and clarity of contemporary analytical philosophy are brought to bear upon ancient thought in many cases he has provided the first analytic treatment of a key issue Gathered now in this volume are the best of Ackrill s essays on the two greatest philosophers of antiquity Here he examines a wide range of texts and topics from ethics and logic to epistemology and
