The Works of Aurelius Augustine: Writings in connection with the Manichaeian heresy, translated by Richard Stothert. 1872 Saint Augustine (of Hippo),1872 **The Quest for truth** Sheikh Aly N'Daw,2014-04-01 The Quest for Truth is a journey of self awareness and self discovery The author Sheikh Aly N Daw invites us to develop a profound understanding of our inherent Being and the factors that can interfere with our original nature True understanding can only come from the heart It is only through the profound dimension of the heart that the Being can understand the world of illusion that permeates all aspects of human life This dimension of understanding is the starting point of the awakening process According to the author there is no need to retreat to the mountains to be awakened We only need to be fully aware of the nature of illusion in order to come out of it and start living in an awakened state As the Being awakens it develops the audacity to live fully in the present moment and surpass any perceived insecurity challenges or perils The Being is then able to attain the divine state of selflessness and experience Truth as a profound inner reality as did many peacemakers who have proposed viable alternative social and economic models which respect human dignity and promote true human development

Apatheia in the Christian Tradition Joseph H. Nguyen SJ,2018-02-21 To many modern people apatheia being without suffering without passion sounds like cold heartedness and indifference to others a condition to be avoided However in the classical world and for many in the historic Christian church it was a spiritual state to aspire to What exactly is apatheia What is its origin How has it been used in spiritual writings throughout the centuries of Christian practice And how may it help us today to articulate a Christian understanding of the soul s spiritual well being The central aim of the book is twofold to rediscover the meaning and function of the Greek term apatheia as it was understood and employed by the Stoics in their philosophical and religious writings and to explore how the theologians of the church Origen Evagrius John Cassian Maximus and Ignatius of Loyola interpreted apatheia for their spiritual practice Nguyen argues that the concept of apatheia in the Christian spiritual tradition connotes the state of spiritual peace or well being of the human soul wherein excessive and negative emotions such as lust excessive desire for food and drink anger envy resentment self love and pride are replaced by reasonable desires love and humility
