Search Foundations Sachi Arafat, Elham Ashoori, 2019-02-12 A call to redirect the intellectual focus of information retrieval and science IR the phenomenon of mediation gets at the heart of the human machine relationship Framing IR S more broadly in this way generalizes its problems and perspectives dovetailing

them with those shared across disciplines dealing with socio technical phenomena This reorientation of IR S requires imagining it as a new kind of science a science of technology mediated experience STME Arafat and Ashoori not only offer detailed analysis of the foundational concepts underlying IR S and other technical disciplines but also boldly call for a radical systematic appropriation of the sciences and humanities to create a better understanding of the human technology relationship Arafat and Ashoori discuss the notion of progress in IR S and consider ideas of progress from the history and philosophy of science They argue that progress in IR S requires explicit linking between technical and nontechnical aspects of discourse They develop a network of basic questions and present a discursive framework for addressing these questions With this book Arafat and Ashoori provide both a manifesto for the reimagining of their field and the foundations on which a reframed IR S would rest

Australian Principles of Evidence Jeremy Gans,1998-05-13 This book sets out the rules of evidence as they apply in Australian courts in a manner designed to be highly accessible and readily comprehensible Equal treatment is given to both the uniform evidence legislation now applicable in Federal Courts and in the courts of the Australian Capital Territory New South Wales and Tasmania and the common law that applies in the remaining Australian jurisdictions This edition has been completely rewritten to take account of major case law and statutory developments since the first edition It details the key divergences and convergences in the law of evidence across Australia and addresses a number of significant international comparisons Examples are used throughout the text to illustrate the practical application of the law while diagrams graphically summarise complex legal issues
