

Active vs. Passive

Active Euthanasia

- Something is done to intentionally bring about the patient's death
- Patient or someone else can perform or assist
- Not currently legal (except in Oregon and outside the U.S.)
- Seen by some as a morally problematic form of killing

Passive Euthanasia

- Something needed for continued patient survival is intentionally withheld, which facilitates the patient's death via "natural" causes
- Can include non-treatment or withdrawal of nourishment or hydration
- Usually instigated by medical staff
- Currently legal and regarded as acceptable within medicine
- Seen as a less morally problematic omission

What Is The Difference Between Active Passive Euthanasia

Raymond J. Devettere

What Is The Difference Between Active Passive Euthanasia:

Killing and Letting Die Bonnie Steinbock, Alastair Norcross, 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers This collection contains twenty one thought provoking essays on the controversies surrounding the moral and legal distinctions between euthanasia and letting die Since public awareness of this issue has increased this second edition includes nine entirely new essays which bring the treatment of the subject up to date The urgency of this issue can be gauged in recent developments such as the legalization of physician assisted suicide in the Netherlands how to manuals topping the bestseller charts in the United States and the many headlines devoted to Dr Jack Kevorkian who has assisted dozens of patients to die The essays address the range of questions involved in this issue pertaining especially to the fields of medical ethics public policymaking and social philosophy The discussions consider the decisions facing medical and public policymakers how those decisions will affect the elderly and terminally ill and the medical and legal ramifications for patients in a permanently vegetative state as well as issues of parent infant rights The book is divided into two sections The first Euthanasia and the Termination of Life Prolonging Treatment includes an examination of the 1976 Karen Quinlan Supreme Court decision and selections from the 1990 Supreme Court decision in the case of Nancy Cruzan Featured are articles by law professor George Fletcher and philosophers Michael Tooley James Rachels and Bonnie Steinbock with new articles by Rachels and Thomas Sullivan The second section Philosophical Considerations probes more deeply into the theoretical issues raised by the killing letting die controversy illustrating exceptionally well the dispute between two rival theories of ethics consequentialism and deontology It also includes a corpus of the standard thought on the debate by Jonathan Bennet Daniel Dinello Jeffrie Murphy John Harris Philipa Foot Richard Trammell and N Ann Davis and adds articles new to this edition by Bennett Foot Warren Quinn Jeff McMahan and Judith Lichtenberg

Why We Kill Nancy Loucks, Sally Smith Holt, Joanna R. Adler, 2020-03-11 Capital punishment serial killings war terrorism abortion honour killings euthanasia suicide bombings war and genocide all involve the taking of life Put most simply all involve killing other people However cultural context heavily influences heavily how people perceive these acts and most people reading this paragraph will likely disagree on the extent to which these count as killing For such an evolved species humans can be violent far beyond the point of humanity Why We Kill examines this violence in its many forms exploring how culture plays a role in people s understanding and definition of violent action From the first chapter which examines conventional homicide to the final chapter s bone chilling account of the Rwandan genocide this fascinating book makes compelling reading

Applied Ethics Larry May, 2017-07-05 This best selling text continues to fill an existing gap in the literature taught in applied ethics courses As a growing number of courses that include the perspectives of diverse cultures are being added to the university curriculum texts are needed that represent more multicultural and diverse histories and backgrounds This new edition enhances gender coverage as nearly half of the pieces are now authored by

women The new edition also increases the percentage of pieces written by those who come from a non Western background It offers twelve up to date articles not found in previous editions on human rights environmental ethics poverty war and violence gender race euthanasia and abortion all of these topics are addressed from Western and non Western perspectives

Revise Philosophy for AS Level Michael Lacewing, 2007-01-24 *Revise Philosophy for AS Level* is the definitive revision guide for students of the Advanced Subsidiary level syllabus Following the AQA syllabus it helps students revise using past exam questions examiner s reports and tips on revision for the examination Also included are a helpful glossary and annotated further reading It covers all three units of the AS Level syllabus Unit 1 Theory of Knowledge Unit 2 Moral Philosophy and Philosophy of Religion Unit 3 Texts The four set texts are discussed Plato s *The Republic* Descartes *Meditations* Marx and Engels *The German Ideology* and Sartre s *Existentialism and Humanism* Essential reading for all students of AS Level Philosophy it is an ideal companion to the textbook *Philosophy for AS and A2* also published by Routledge

The Methods of Bioethics John McMillan, 2018-11-30 This is the first book in bioethics that explains how it is that you actually go about doing good bioethics Bioethics has made a mistake about its methods and this has led not only to too much theorizing but also fragmentation within bioethics The unhelpful disputes between those who think bioethics needs to be more philosophical more sociological more clinical or more empirical continue While each of these claims will have some point they obscure what should be common to all instances of bioethics Moreover they provide another phantom that can lead newcomers to bioethics down blind alleyways stalked by bristling sociologists and philosophers The method common to all bioethics is bringing moral reason to bear upon ethical issues and it is more accurate and productive to clarify what this involves than to stake out a methodological patch that shows why one discipline is the most important This book develops an account of the nature of bioethics and then explains how a number of methodological spectres have obstructed bioethics becoming what it should In the final part it explains how moral reason can be brought to bear upon practical issues via an empirical Socratic approach

The Life and Death Debate Norman L. Geisler, J Moreland, 1990-11-09 This work is an introductory treatment of issues and options in social and bioethics which center on the end of life Moreland and Geisler have attempted to simplify and summarize various end of life topics without being simplistic or caricaturing different viewpoints even though the authors own viewpoints are made perfectly clear A comprehensive bibliography glossary and subject and author index make this a valuable textbook as well as a resource for further study The major purpose of this book is to make the reader think more clearly and deeply about the important issues discussed between its covers Beginning the work is an essay that introduces the dilemma of ethical decisions The following chapters separately discuss the situations of abortion infanticide euthanasia suicide capital punishment and war The discussion concludes with a chapter of practical and theoretical guidance for making ethical decisions A glossary subject index author index and selected bibliography for each chapter make this a valuable text This important work will not only appeal to experienced philosophers but also to students

of moral philosophy theology and ethics *Blunt Traumas: Negotiating Suffering and Death* Nate Hinerman, Holly Lynn Baumgartner, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 From the ridicule of Emo culture on YouTube to the minute joys of the Happy Hour Trolley in an Australian palliative care setting responses to suffering and death range from avoidance to eradication *Blunt Traumas* thoughtfully engages these topics with compassion and brutal honesty Contributors across the spectrum of professions using a variety of methodologies including case studies fieldwork systematic philosophy and historical and textual analysis all respond to the orienting question How does culture impact co create and or produce suffering Their inter and multi disciplinary perspectives are divided into two sections The first Public Perceptions of Death Dying and Suffering closely examines human interactions with and performance of technologies of suffering from wireless to religious dead baby bloggers to wounded warriors The second half of the book focuses on the The Sufferer s Right to Choose whether that concerns end of life decisions medical technologies or narratives of self Together these chapters provide greater intelligibility on and provocative discussions about the oft ignored or buried discourses of suffering and dying Bioethics Helga Kuhse, Udo Schüklenk, Peter Singer, 2015-10-19 Now fully revised and updated *Bioethics An Anthology* 3rd edition contains a wealth of new material reflecting the latest developments This definitive text brings together writings on an unparalleled range of key ethical issues compellingly presented by internationally renowned scholars The latest edition of this definitive one volume collection now updated to reflect the latest developments in the field Includes several new additions including important historical readings and new contemporary material published since the release of the last edition in 2006 Thematically organized around an unparalleled range of issues including discussion of the moral status of embryos and fetuses new genetics neuroethics life and death resource allocation organ donations public health AIDS human and animal experimentation genetic screening and issues facing nurses Subjects are clearly and captivantly discussed by globally distinguished bioethicists A detailed index allows the reader to find terms and topics not listed in the titles of the essays themselves Causation and Responsibility Michael S. Moore, 2009-01-22 The concept of causation is fundamental to ascribing moral and legal responsibility for events Yet the relationship between causation and responsibility remains unclear What precisely is the connection between the concept of causation used in attributing responsibility and the accounts of causal relations offered in the philosophy of science and metaphysics How much of what we call causal responsibility is in truth defined by non causal factors This book argues that much of the legal doctrine on these questions is confused and incoherent and offers the first comprehensive attempt since Hart and Honor to clarify the philosophical background to the legal and moral debates The book first sets out the place of causation in criminal and tort law and outlines the metaphysics presupposed by the legal doctrine It then analyses the best theoretical accounts of causation in the philosophy of science and metaphysics and using these accounts criticises many of the core legal concepts surrounding causation such as intervening causation foreseeability of harm and complicity It considers and rejects the radical

proposals to eliminate the notion of causation from law by using risk analysis to attribute responsibility The result of the analysis is a powerful argument for revising our understanding of the role played by causation in the attribution of legal and moral responsibility *Readings in Christian Ethics* David K. Clark, Robert V. Rakestraw, 1994 Ethical interpretations meet real life Case studies and readings explore divergent views on morals in action *What If...* Peg Tittle, 2016-05-23 What If Collected Thought Experiments in Philosophy is a brief collection of over 100 classic and contemporary thought experiments each exploring an important philosophical argument These thought experiments introduce students to the kind of disciplined thought required in philosophy and awaken their intellectual curiosity Featuring a clear and conversational writing style that doesn't dilute the ideas the value of the book is in its simplicity in both format and tone Each thought experiment is accompanied by commentary from the author that explains its importance and provides thought provoking questions all encapsulated on two pages Dictionary of World Philosophy A. Pablo Iannone, 2013-04-15 The Dictionary of World Philosophy covers the diverse and challenging terminology concepts schools and traditions of the vast field of world philosophy Providing an extremely comprehensive resource and an essential point of reference in a complex and expanding field of study the Dictionary covers all major subfields of the discipline Key features Cross references are used to highlight interconnections and the cross cultural diffusion and adaptation of terms which has taken place over time The user is led from specific terms to master entries which provide valuable historical and cultural context Each master entry is followed by at least two suggestions for further reading on the subject creating a substantial bibliography of world philosophy References extend beyond philosophy to related areas such as cognitive science computer science language and physics Subdisciplines covered include aesthetics ethics sociopolitical philosophy the philosophy of law epistemology logic the philosophy of science the philosophy of mind the philosophy of culture and history metaphysics the philosophy of religion Entries are drawn from West Africa Arabic Chinese Indian Japanese Jewish Korean Latin American Maori and Native American philosophy including the important and so far largely neglected instance of Pre Hispanic thought Nahua philosophy Applied Ethics Ruth F. Chadwick, Doris Schroeder, 2002 *Philosophy for A2: Unit 3* Michael Lacewing, 2013-01-11 Philosophy for A2 Unit 3 is the definitive textbook for students of the current AQA Advanced Level syllabus Structured very closely around the AQA specifications for Unit 3 Key Themes in Philosophy it introduces the student to each of the core themes philosophy of mind political philosophy epistemology and metaphysics moral philosophy philosophy of religion All chapters are helpfully subdivided into short digestible passages and include quiz questions to test core knowledge discussion questions to deepen understanding going further sections for advanced study text boxes highlighting key definitions and arguments cross references to help students make connections lively illustrations diagrams and a glossary In addition a chapter on exam preparation contains a wealth of helpful hints and tips on revision and exam techniques Written by an experienced philosopher and A Level consultant Philosophy for A2 Unit 3 is an essential companion for all students of A2 Level philosophy

Practical Decision Making in Health Care Ethics Raymond J. Devettere, 2016-05-20 For more than twenty years Practical Decision Making in Health Care Ethics has offered scholars and students a highly accessible and teachable alternative to the dominant principle based theories in the field Raymond J Devettere s approach is not based on an ethics of abstract obligations and duties but following Aristotle on how to live a fulfilled and happy life in short an ethics of personal well being grounded in prudence the virtue of ethical decision making New sections added in this revised fourth edition include sequencing whole genomes even those of newborns the new developments in genetic testing now provided by online commercial companies such as 23andMe the genetic testing of fetuses by capturing their DNA circulating in the pregnant woman s blood the Stanford Prison experiment and its relevance to the abuses at the Abu Graib prison recent breakthroughs in the diagnosis of consciousness disorders such as PVS the ongoing controversy generated by the NIH study of premature babies at many NICUs throughout the country a study known as SUPPORT that the OHRP Office of Human Research Protections an office within the department of HHS deemed unethical Devettere updates most chapters New cases include Marlise Munoz dead pregnant woman s body kept on life support by a Texas hospital Jahi McMath teenager pronounced dead in California but treated as alive in New Jersey Margot Bentley nursing home feeding a woman dying of end stage Alzheimer s despite her advance directive that said no nourishment or liquids if she was dying with dementia Brittany Maynard dying 29 year old California woman who moved to Oregon to commit suicide with a physician s help and Samantha Burton woman with two children who suffered rupture of membranes at 25 weeks and whose physician obtained a court order to keep her at the hospital to make sure she stayed on bed rest Thoughtfully updated and renewed for a new generation of readers this classic textbook will be required reading for students and scholars of philosophy and medical ethics Death, Dying and the Ending of Life, Volumes I and II Leslie P. Francis, 2019-01-15 The two volumes of Death Dying and the Ending of Life present the core of recent philosophical work on end of life issues Volume I examines issues in death and consent the nature of death brain death and the uses of the dead and decision making at the end of life including the use of advance directives and decision making about the continuation discontinuation or futility of treatment for competent and incompetent patients and children Volume II on justice and hastening death examines whether there is a difference between killing and letting die issues about physician assisted suicide and euthanasia and questions about distributive justice and decisions about life and death **Philosophy and Death** Robert J. Stainton, Samantha Brennan, 2009-09-02 Philosophical reflection on death dates back to ancient times but death remains a most profound and puzzling topic Samantha Brennan and Robert Stainton have assembled a compelling selection of core readings from the philosophical literature on death The views of ancient writers such as Plato Epicurus and Lucretius are set alongside the work of contemporary figures such as Thomas Nagel John Perry and Judith Jarvis Thomson Brennan and Stainton divide the anthology into three parts Part I considers questions about the nature of death and our knowledge of it What does it mean to be dead Is it possible to survive death Is the end of life a

mystery Part II asks how we should view death What if anything is so bad about dying If death is nothingness should it be feared or regretted Part III examines ethical questions related to killing particularly abortion euthanasia and suicide Is killing ever permissible Under what conditions or circumstances

Western Philosophy John G. Cottingham, 2007-11-28 *Western Philosophy* An Anthology provides the most comprehensive and authoritative survey of the Western philosophical tradition from ancient Greece to the leading philosophers of today Features substantial and carefully chosen excerpts from all the greats of philosophy arranged thematically and chronologically Readings are introduced and linked together by a lucid philosophical commentary which guides the reader through the key arguments Embraces all the major subfields of philosophy theory of knowledge and metaphysics philosophy of mind religion and science moral philosophy theoretical and applied political theory and aesthetics Updated edition now includes additional contemporary readings in each section Augmented by two completely new sections on logic and language and philosophy and the meaning of life

Ethics: Theory and Practice Y. V. Satyanarayana, 2009 Ethics is a part of philosophy that is concerned with living well and choosing the right course of action The choice of the course of action is based on moral reasoning and there is no single moral theory on which we can base the choices that we make The application of moral standards in life is also the concern of Ethics Theory and Practice which deals with moral theories in Indian and Western philosophical traditions as well as the debates that centre around their application The book has ten chapters the first chapter presents what morality and moral reasoning is the second chapter is a critical survey of some popular concepts of Indian ethics the third chapter surveys Western moral theories and the remaining seven chapters cover a variety of contemporary moral issues that are controversial as well as inescapable They deal with issues like capital punishment civil disobedience euthanasia and women's rights

Bioethics Udo Schüklenk, Peter Singer, 2021-09-08 The new edition of the classic collection of key readings in bioethics fully updated to reflect the latest developments and main issues in the field For more than two decades *Bioethics* An Anthology has been widely regarded as the definitive single volume compendium of seminal readings on both traditional and cutting edge ethical issues in biology and medicine Acclaimed for its scope and depth of coverage this landmark work brings together compelling writings by internationally renowned bioethicist to help readers develop a thorough understanding of the central ideas critical issues and current debate in the field Now fully revised and updated the fourth edition contains a wealth of new content on ethical questions and controversies related to the COVID 19 pandemic advances in CRISPR gene editing technology physician assisted death public health and vaccinations transgender children medical aid in dying the morality of ending the lives of newborns and much more Throughout the new edition carefully selected essays explore a wide range of topics and offer diverse perspectives that underscore the interdisciplinary nature of bioethical study Edited by two of the field's most respected scholars *Bioethics* An Anthology Covers an unparalleled range of thematically organized topics in a single volume Discusses recent high profile cases debates and ethical issues Features three brand new sections

Conscientious Objection Academic Freedom and Research and Disability Contains new essays on topics such as brain death life and death decisions for the critically ill experiments on humans and animals neuroethics and the use of drugs to ease the pain of unrequited love Includes a detailed index that allows the reader to easily find terms and topics of interest Bioethics An Anthology Fourth Edition remains a must have resource for all students lecturers and researchers studying the ethical implications of the health related life sciences and an invaluable reference for doctors nurses and other professionals working in health care and the biomedical sciences
