paramedic experiences when compared to other students in universities This means that the Survival Guide can act as an aide memoire that is available when those difficult questions come up that need an immediate answer that can allay fears and anxieties and signpost the students to the places they can get support This aspect is helped by the shared experiences from past and present students and practitioners who act as mentors and paramedic educators to the students This book has been a long time coming and will based on my experience help the student to have a better transition towards their future professional role Lizzie Ryan Education Business Manager and Clinical Training Manager East at South Western Ambulance Service NHS Foundation Trust UK also Lecturer at Bournemouth University UK and Plymouth University UK and the Open University UK
