**American Literature** Maria Antònia Oliver-Rotger,2014-09-19 This volume combines literary analysis and theoretical approaches to mobility diasporic identities and the construction of space to explore the different ways in which the notion of return shapes contemporary ethnic writing such as fiction ethnography memoir and film Through a wide variety of ethnic experiences ranging from the Transatlantic Asian American Latino a and Caribbean alongside their corresponding forms of displacement political exile war trauma and economic migration the essays in this collection connect the intimate experience of the returning subject to multiple locations historical experiences inter subjective relations and cultural interactions They challenge the idea of the narrative of return as a journey back to the untouched roots and home that the ethnic subject left

behind Their diacritical approach combines on the one hand a sensitivity to the context and structural elements of modern diaspora and on the other an analysis of the individual psychological processes inherent to the experience of displacement and return such as nostalgia memory and belonging In the narratives of return analyzed in this volume space and identity are never static or easily definable rather they are in process and subject to change as they are always entangled in the historical and inter subjective relations ensuing from displacement and mobility This book will interest students and scholars who wish to further explore the role of American literature within current debates on globalization migration and ethnicity *Misled* Kathryn Kelly,2018-03-06 Megan Meggie Foy has had a tough life Living with her mother and step father is a complete nightmare They seem to have the perfect little family but appearances can be deceiving When her body and mind can take no more abuse at the hands of her step father Meggie finally decides to run hoping her father MC President of the Death Dwellers Christopher Outlaw Caldwell deals in a world of violence sex drugs and crudity As current president of the Death Dwellers MC he presides over a club in chaos after the death of their longtime president and his mentor Joseph Boss Foy Outlaw is trying to keep everything with the club in his control What happens when more trouble arises in the form of a blonde haired 18 year old beauty with the same eyes as his former mentor Meggie discovers her daddy is gone and now there may be no one to save her and her mother Alliances are made loyalties tested lives are lost but will love conquer all in the world of bikers and revenge *The Dream Hotel: A Read with Jenna Pick* Laila Lalami,2025-03-04 NATIONAL BESTSELLER READ WITH JENNA BOOK CLUB PICK AS FEATURED ON TODAY From Laila Lalami the Pulitzer Prize and National Book Award finalist and a maestra of literary fiction NPR comes a riveting and utterly original novel about one woman s fight for freedom set in a near future where even dreams are under surveillance Sara has just landed at LAX returning home from a conference abroad when agents from the Risk Assessment Administration pull her aside and inform her that she will soon commit a crime Using data from her dreams the RAA s algorithm has determined that she is at imminent risk of harming the person she loves most her husband For his safety she must be kept under observation for twenty one days The agents transfer Sara to a retention center where she is held with other dreamers all of them women trying to prove their innocence from different crimes With every deviation from the strict and ever shifting rules of the facility their stay is extended Months pass and Sara seems no closer to release Then one day a new resident arrives disrupting the order of the facility and leading Sara on a collision course with the very companies that have deprived her of her freedom Eerie urgent and ceaselessly clear eyed *The Dream Hotel* artfully explores the seductive nature of technology which puts us in shackles even as it makes our lives easier Lalami asks how much of ourselves must remain private if we are to remain free and whether even the most invasive forms of surveillance can ever capture who we really are *The Moving Picture World* ,1915 **The American Dream and Dreams Deferred** Carlton D.
