Indigenous history makers and asks whether the ethics at play in the global variety of histories might be better appreciated in professional codes of conduct and approaches to research ethics management Opening up the topic of ethics to show how historians might have viewed ethics differently in the past the book requires no background in ethics or history theory and is open to all of those with an interest in how we think about good histories **The Library World** ,1968 *The MacGuffin* ,2000 **Library World** ,1967 **MusicHound Soundtracks** Didier C.
