persuaded the king and queen of Spain to commission the voyage It would be convenient to believe that Columbus and his men were uniquely courageous A more reasonable explanation however is that Columbus was heir to a body of knowledge about seas and ships acquired at great cost over many centuries Fish on Friday tells a new story of the discovery of America In Brian Fagan's view that discovery is the product of the long sweep of history the spread of Christianity and the radical cultural changes it brought to Europe the interaction of economic necessity with a changing climate and generations of unknown fishermen who explored the North Atlantic in the centuries before Columbus The Church's tradition of not eating meats on holy days created a vast market for fish that could not be fully satisfied by fish farms better boats or new preservation techniques Then when climate change in the thirteenth and fourteenth centuries diminished fish stocks off Norway and Iceland fishermen were forced to range ever farther to the west eventually discovering incredibly rich shoals within sight of the Nova Scotia coast In Ireland in 1490 Columbus could well have heard about this unknown land The rest is The Viking Marti Talbott, 2010-07-24 At not quite fifteen Stefan's father finally let him board the longship Sja Vinna to take part in his first Viking raid Yet the battle was not at all what he expected and he soon found himself alone and stranded in Scotland Thirteen year old Kannak's situation was just as grave Her father deserted them and the only way to survive she decided was to take a husband over her mother s objections Instead she found herself hiding a hated Viking and that wasn t the only problem someone was plotting to kill the clan's beloved laird Vagrant Viking Peter Freuchen, 2023-05-23 Follow the Adventures of This Intrepid Arctic Explorer Famous Danish explorer Peter Freuchen 1886 1957 lived an epic life of adventures ranging from exploring the frozen Arctic to fighting the German war machine of World War II In Vagrant Viking he chronicles his exploits from Copenhagen to Siberia to Hollywood Together with fellow polar explorer Knud Rasmussen Freuchen established the Greenland trading station of Thule and spent many years living amongst the indigenous people of the region During World War II Freuchen served in occupied Denmark's anti Nazi underground and survived being imprisoned and sentenced to death by the Germans His subsequent life of countless travels and adventure took him from the United Nations to Hollywood where he mixed with notables on the world stage movie stars and beauty queens During all these years Freuchen wrote leaving a body of work that includes both fiction and memoirs all rich with an experienced storyteller's sense of action romance and dry wit He authored Book of the Eskimos and other fascinating works about exploring and living in the amazing world of the Arctic All of his works portray a person determined to live life to the fullest and at that he succeeded with extraordinary spirit and courage <u>Vandrad the Viking</u> J.
