Yupik Transitions Igor Krupnik,Michael Chlenov,2013-11-15 The Siberian Yupik people have endured centuries of change and repression starting with the Russian Cossacks in 1648 and extending into recent years The twentieth century brought especially formidable challenges including forced relocation by Russian authorities and a Cold War ice curtain that cut off the Yupik people on the mainland region of Chukotka from those on St Lawrence Island Yet throughout all this the Yupik have managed to maintain their culture and identity Igor Krupnik and Michael Chlenov spent more than thirty years studying this resilience through original fieldwork In Yupik Transitions they present a compelling portrait of a tenacious people and place in transition an essential portrait as the fast pace of the newest century threatens to erase their way of life forever

The Trumpet John Wallace,Alexander McGrattan,2012-01-31 In the first major book devoted to the trumpet in more than two decades John Wallace and Alexander

McGrattan trace the surprising evolution and colorful performance history of one of the world's oldest instruments. They chart the introduction of the trumpet and its family into art music and its rise to prominence as a solo instrument from the Baroque golden age through the advent of valved brass instruments in the nineteenth century and the trumpet's renaissance in the jazz age. The authors offer abundant insights into the trumpet's repertoire with detailed analyses of works by Haydn, Handel, and Bach and fresh material on the importance of jazz and influential jazz trumpeters for the reemergence of the trumpet as a solo instrument in classical music today. Wallace and McGrattan draw on deep research, lifetimes of experience in performing and teaching the trumpet in its various forms, and numerous interviews to illuminate the trumpet's history, music, and players. Copiously illustrated with photographs, facsimiles, and music examples throughout, *The Trumpet* will enlighten and fascinate all performers and enthusiasts. Publisher description

Coleoptera, Beetles. Morphology and Systematics Rolf G. Beutel, Richard A.B. Leschen, 2016-03-21 This book is a revised edition of the first of three volumes in the Handbook of Zoology series which treats the systematics and biology of Coleoptera. With over 380,000 described species, Coleoptera are by far the most species-rich order of insects and the largest group of animals of comparable geological age. Moreover, numerous species are tremendously important economically. The beetle volumes meet the demand of modern biologists seeking to answer questions about Coleoptera phylogeny, evolution, and ecology. This first Coleoptera volume covers the suborders Archostemata, Myxophaga, and Adephaga and the basal series of Polyphaga with information on world distribution, biology, morphology of all life stages, phylogeny, and comments on taxonomy.

Travel, 1920: Contemporary Japanese Film Mark Schilling, 1999-11-01 This comprehensive look at Japanese cinema in the 1990s includes nearly four hundred reviews of individual films and a dozen interviews and profiles of leading directors and producers. Interpretive essays provide an overview of some of the key issues and themes of the decade and provide background and context for the treatment of individual films and artists. In Mark Schilling's view, Japanese film is presently in a period of creative ferment with a lively independent sector challenging the conventions of the industry mainstream. Younger filmmakers are rejecting the stale formulas that have long characterized major studio releases, reaching out to new influences from other media: television, comics, music videos, and even computer games, and from both the West and other Asian cultures. In the process, they are creating fresh and exciting films that range from the meditative to the manic, offering hope that Japanese film will not only survive but thrive as it enters the new millennium.

Major versus Minor? - Languages and Literatures in a Globalized World Theo D'haen, Iannis Goerlandt, Roger D. Sell, 2015-09-15 Do the notions of World Lingua Franca and World Literature now need to be firmly relegated to an imperialist cum colonialist past? Or can they be rehabilitated in a practical and equitable way that fully endorses a politics of recognition? For scholars in the field of languages and literatures, this is the central dilemma to be faced in a world that is increasingly globalized. In this book, the possible banes and benefits of globalization are illuminated from many different viewpoints by scholars based in Africa, Asia, Europe, North America, and

Oceania Among their more particular topics of discussion are language spread language hegemony and language conservation literary canons literature and identity and literary anthologies and the bearing of the new communication technologies on languages and literatures alike Throughout the book however the most frequently explored opposition is between languages or literatures perceived as major and others perceived as minor two terms which are sometimes qualitative in connotation sometimes quantitative and sometimes both at once depending on who is using them and with reference to what The Qur'an and the Sunnah Taha Jabir Al-Alwani, Imad al Din Khalil, 1995-01-01 For too long now the Qur'an and the Sunnah great sources of strength purity knowledge and inspiration for the Ummah have not been adequately tapped Skirting their peripheries or over dwelling on one or two of their multifarious facets and tributaries has done a disservice to the immense potential of the fountainhead while denying the Ummah indeed the whole world innumerable benefits from them Now that the Ummah is becoming increasingly aware of its own problems as well as latent powers and yearns to revive its leading role in the forging of history and civilization the issue of drawing on the wellspring becomes more relevant and urgent Revisiting these two sources is no longer a scholastic academic nostalgic or escapist indulgence but a great journey of discovery that promises untold rewards Paradoxically the journey through the resplendent pages of the Qur'an and the Sunnah to a time and place in the past should yield a more mature awareness of the dynamics of social and historical change and a human being's role on earth honing and sharpening the Muslims capacity to deal with the demands of the present moment and the challenges of the future Suggestions for a new reading of the Qur'an and the Sunnah have been put forward from Islamic and other angles in the recent years In this book Dr Al Alwani and Dr Khalil two well known Muslim thinkers contribute their views for a proper approach to these sources from within the Islamic framework
