When I Lived in Modern Times Linda Grant, 2002-12-31 Winner of the Orange Prize for Fiction In the spring of 1946 Evelyn Sert stands on the deck of a ship bound for Palestine For the twenty year old from London it is a time of adventure and change when all things seem possible Swept up in the spirited chaotic churning of her new strange country she joins a kibbutz then moves on to the teeming metropolis of Tel Aviv to find her own home and a group of friends as eccentric and disparate as the city itself She falls in love with a man who is not what he seems when she becomes an unwitting spy for a nation fighting to be born *When I Lived in Modern Times* is an unsentimental coming of age story of both a country and a young immigrant that provides an unforgettable glimpse of a time and place rarely observed Publishers Weekly starred review

Transcultural English Studies Frank Schulze-Engler, Sissy Helff, 2009 What is most strikingly new about the transcultural is its sudden ubiquity Following in the wake of previous concepts in cultural and literary studies such as creolization hybridity and syncretism and signalling a family relationship to terms such as transnationality translocality and transmigration transcultural terminology has unobtrusively but powerfully edged its way into contemporary theoretical and critical discourse The four sections of this volume denote major areas where transcultural questions and problematics have come to the fore theories of culture and literature that have sought to account for the complexity of culture in a world increasingly characterized by globalization transnationalization and interdependence realities of individual and collective life worlds shaped by the ubiquity of phenomena and experiences relating to transnational connections and the blurring of cultural boundaries fictions in literature and other media that explore these realities negotiate the fuzzy edges of ethnic or national cultures and participate in the creation of transnational public spheres as well as transcultural imaginations and memories and finally pedagogy and didactics where earlier models of teaching other cultures are faced with the challenge of coming to terms with cultural complexity both in what is being taught and in the people it is taught to and where target cultures have become elusive The idea of locating culture and literature exclusively in the context of ethnicities or nations is rapidly losing plausibility throughout an English speaking world that has long since been multi rather than monolingual Exploring the prospects and contours of Transcultural English Studies thus reflects a set of common challenges and predicaments that in recent years have increasingly moved centre stage not only in the New Literatures in English but also in British and American studies

revolution and technological advancement in an increasingly secular world The modern era of the Catholic Church began with the election of Blessed Pius IX in 1846 and ends with the death of St John Paul II in 2005 the last pope to have served as a council father at Vatican II With monarchies falling nation states rising and industrialization and mass migration underway the world changed more during this period than any other Wagner contends While the Church may feel more user friendly and less formal than ever before what we believe has been handed down from the beginning Wagner reintroduces you to some of the era s most powerful examples of virtue and faith such as St John Henry Newman St Th r se of Lisieux St Josephine Bakhita St Faustina and St Maximillian Kolbe He will also dispel some of the long held misconceptions about the Church that span the 160 year period In this book you will learn The Catholic Church is the world s most powerful advocate for workers the poor and human rights The Church s social teaching does not endorse any economic or political systems The Second Vatican Council did not change Catholic teaching on faith or morals The Church has been an advocate for raising the status of women championing women s rights to education to work and to equal pay Books in the Reclaiming Catholic History series edited by Mike Aquilina and written by leading authors and historians bring Church history to life debunking the myths one era at a time Story Of The World #3 Early Modern Times Activity Book S. great accuracy and knowledge of English French and Japanese language history and culture Japan s Postwar will appeal to students and scholars of Japanese Studies and Modern Japanese History as well as historians studying the world after 1945
