

A black and white photograph of a misty landscape. In the foreground, there are rolling hills or fields covered in low-lying vegetation. In the background, a body of water is visible under a thick layer of fog or mist. The overall mood is somber and reflective.

The past comes back once and then it keeps coming back and coming back, not just one part of the past but all of it, the forgotten crowd of your life breaks out of the gallery and comes rushing at you, and there is no sense in hiding from the crowd, it will find you: it's your crowd, you're the only one it's looking for.

## **When The Past Comes Back:**

**You Get What You Pray For** E.N. Joy, 2015-02-01 Lorain has been a prisoner of her secrets for almost her entire life. At the age of thirteen she managed to keep her pregnancy a secret, discarding the infant and leaving it for dead. Years later, Lorain's mother finally met the love of her life and Lorain couldn't find the courage to tell her mother that her new beau was the man who molested Lorain and impregnated her. Now to complicate matters, Lorain discovers that the baby she abandoned all those years ago survived and God has placed Lorain in her now adult child's life. It seems like the legacy of secrets has been passed on too as Lorain helps her daughter conceal the true details behind one of her own pregnancies. Lorain has managed to maneuver the secrets and lies like pieces in a strategic game of chess and is now living the lavish fairy tale life of a doctor's wife. But even that is a lie. With the rug about to be pulled out from under Lorain by the woman who raised her abandoned child, all Lorain prays for is that everything will end well. In this cycle of lies, secrets, shame, and guilt, will Lorain get what she prays for?

**The Past Is Another Country** Mohul Bhowmick, 2025-10-03 Seeped in the details of remembrance and translucent in memories, Mohul Bhowmick's *The Past Is Another Country* vainly attempts to honour, celebrate, and restore what is lost. While such erasure as may be possible in poetry is done, little justice to Bhowmick remains true to his roots with a poignant, gratifying, and sincerely intimate collection of poems after a lull of three long years. Examining the human condition seems to have become an attribute of his, as is the willingness to speak without hushed tones about the remnants of moments once intensely felt but now disregarded. While the dismembering of the past is perhaps the easier way out in times of such decay, Bhowmick overlooks the pain that causes pain and confronts himself with his recollections of sunnier days. He does not shy away from looking straight into the heart of all things, as is his wont, and the result is a treatise on love, loss, grief, and most of all, a time that can not be reclaimed. Treatment of such nuanced emotions has seldom been acceptable in the harsh light of society's ochre-coloured drawing rooms, but Bhowmick does not tread lightly or carefully in connivance with the present. For he is also a pilgrim weary of the mind and incapable of seeking such knowledge as may be his privilege who ruptures into his wounds and asks for such healing as may be possible through mere words.

**The Past That Might Have Been, the Future That May Come** Lauren J. Lacey, 2013-12-19 This book explores how contemporary fantastic fiction by women writers responds to the past and imagines the future. The first two chapters look at revisionist rewritings of fairy tales and historical texts; the third and fourth focus on future-oriented narratives including dystopias and space fiction. Writers considered include Margaret Atwood, Octavia E. Butler, Angela Carter, Ursula K. Le Guin, Doris Lessing, and Jeanette Winterson, among others. The author argues that an analysis of how past and future are understood in women's fantastic fictions brings to light an ethics of becoming in the texts, a way of interrupting, revising, and remaking problematic power structures that are tied to identity markers like class, gender, and race. The book reveals how fantastic fiction can be read as narratives of disruption that enable the creation of an ethics of becoming.

**Lumumba in the Arts** Matthias De Groof, 2020-01-17 Lumumba as a symbol of decolonisation and as an icon in the arts It is no coincidence that a historical figure such as Patrice Emery Lumumba independent Congo's first prime minister who was killed in 1961 has lived in the realm of the cultural imaginary and occupied an afterlife in the arts After all his project remained unfinished and his corpse unburied The figure of Lumumba has been imagined through painting photography cinema poetry literature theatre music sculpture fashion cartoons and stamps and also through historiography and in public space No art form has been able to escape and remain indifferent to Lumumba Artists observe the memory and the unresolved suffering that inscribed itself both upon Lumumba's body and within the history of Congo If Lumumba as an icon lives on today it is because the need for decolonisation does as well Rather than seeking to unravel the truth of actual events surrounding the historical Lumumba this book engages with his representations What is more it considers every historiography as inherently embedded in iconography Film scholars art critics historians philosophers and anthropologists discuss the rich iconographic heritage inspired by Lumumba Furthermore Lumumba in the Arts offers unique testimonies by a number of artists who have contributed to Lumumba's polymorphic iconography such as Marlene Dumas Luc Tuymans

**Dimensions of School Leadership** P.T. Begley, Olof Johansson, 2006-04-11 Among the many significant features of this volume is the dedication to the late Don Willower Professor of Education at Pennsylvania State University It is significant in light of Willower's long record of major contributions to the empirical literature in Educational Administration and his mentorship of many students steeped in the tradition of the so called science of administration These include scholars like Wayne Hoy and Peter Cistone who readily acknowledge their personal and intellectual debt to Willower How is it then that Willower a colleague of the giants of Educational Administration in the 60s and 70s people such as Dan Griffiths Jack Culbertson and Roald Campbell to name just a few came to associate himself with this relatively upstart group of academics and practitioners interested in values of all things As an inheritor of the mantle thrown down by Getzels and Guba all those years ago it might seem strange to see Willower consorting with people who argue about the distinction between fact and value It is true of course that Willower majored in philosophy at the State University of New York at Buffalo as an undergraduate So the language and the ways of thinking among many of those interested in values and ethics were not all that foreign to him He could certainly hold his own in debate with his friend Chris Hodgkinson the foremost philosopher of Educational Administration in the field today and a contributor to this volume Haunting History Ethan

Kleinberg, 2017-08-22 This book argues for a deconstructive approach to the practice and writing of history at a moment when available forms for writing and publishing history are undergoing radical transformation To do so it explores the legacy and impact of deconstruction on American historical work the current fetishization of lived experience materialism and the real new trends in philosophy of history and the persistence of ontological realism as the dominant mode of thought for conventional historians Arguing that this ontological realist mode of thinking is reinforced by current analog publishing practices Ethan Kleinberg advocates for a hauntological approach to history that follows the work of Jacques Derrida and embraces a past that is at once present and absent available and restricted rather than a fixed and static snapshot of a moment in time This polysemic understanding of the past as multiple and conflicting he maintains is what makes the deconstructive approach to the past particularly well suited to new digital forms of historical writing and presentation
