#### Zeroville A Novel:

Zeroville Steve Erickson, 2013-04-30 The novel that inspired the film starring James Franco and Seth Rogen One of a kind a funny unnervingly surreal page turner Newsweek Named one of the Best Books of the Year by the Washington Post Book World Newsweek and the Los Angeles Times Book Review Zeroville centers on the story of Vikar a young architecture student so enthralled with the movies that his friends call him cin autistic With an intensely religious childhood behind him and tattoos of Elizabeth Taylor and Montgomery Clift on his head he arrives in Hollywood where he s mistaken for a member of the Manson family and eventually scores a job as a film editor Vikar discovers the frames of a secret film within the reels of every movie ever made and sets about splicing them together a task that takes on frightening theological dimensions Electrifying and darkly funny Zeroville dives into the renegade American cinema of the 1970s and 80s and emerges into an era for which we have no name Publishers Weekly Funny disturbing daring dreamlike and sometimes nightmarish The New York Times Book Review Magnificent The Believer A writer who has been compared to Vladimir Nabokov Don DeLillo and Thomas Pynchon Bookmarks Magazine Erickson is as unique and vital and pure a voice as American fiction has produced Jonathan Lethem The Cinematic Novel and Postmodern Pop Fiction Décio Torres Cruz, 2019-12-05 D cio Torres Cruz approaches connections between literature and cinema partly through issues of gender and identity and partly through issues of reality and representation In doing so he looks at the various ways in which people have thought of the so called cinematic novel tracing the development of that genre concept not only in the French cin roman and film scenarios but also in novels from the United States England France and Latin America The main tendency he identifies is the blending of the cinematic novel with pop literature through allusions to Pop Art and other postmodern cultural trends His prime exhibits are a number of novels by the Argentinian writer Manuel Puig Betrayed by Rita Hayworth Heartbreak Tango The Buenos Aires Affair Kiss of the Spider Woman and Pubis angelical Bringing in suggestive sociocultural and psychoanalytical considerations Cruz shows how in Puig s hands the cinematic novel resulted in a pop collage of different texts films discourses and narrative devices which fused reality and imagination into dream and desire Literature and Film, Dispositioned Alice Gavin, 2014-09-23 Literature and Film Dispositioned looks to twentieth century literature s encounter with film as a means to thinking about the locations of thought in literature and literature s location in the world It includes readings of works by James Joyce Henry James and Samuel Beckett whose Film 1965 forms a concluding focus Conversations with Steve Erickson Matthew Luter, Mike Miley, 2021-06-28 Much like his novels Steve Erickson b 1950 exists on the periphery of our perception a shadow figure lurking on the margins threatening to break through but never fully emerging Despite receiving prestigious honors Erickson has remained a subterranean literary figure receiving effusive praise from his fans befuddled or cautious assessments from reviewers and scant scholarly attention Erickson's obscurity comes in part from the difficulty of categorizing his work within current trends in fiction and in part from the wide variety of concerns that populate his writing

literature music film politics history time and his fascination with his home city of Los Angeles His dream fueled blend of European modernism American pulp and paranoid late century postmodernism makes him essential to an appreciation of the last forty years of American fiction but difficult to classify neatly within that same realm He is at once thoroughly of his time and distinctly outside it In these twenty four interviews Erickson clarifies how his aesthetic and political visions are inextricable from each other He diagnoses the American condition since World War II only to reveal that America s triumphs and failures have been consistent since its inception and that he presciently described decades ago certain features of our present Additionally the interviews expose the remarkable consistency of Erickson's vision over time while simultaneously capturing the new threads that appear in his later fiction as they emerge in his thought Conversations with Steve Erickson will deepen readers understanding of how Erickson's books work and why this utterly singular writer deserves greater attention Adaptation in Visual Culture Julie Grossman, R. Barton Palmer, 2017-12-06 This book gathers together essays written by leading scholars of adaptation studies to explore the full range of practices and issues currently of concern in the field The chapters demonstrate how content and messaging are shared across an increasing number of platforms whose interrelationships have become as intriguing as they are complex Recognizing that a signature feature of contemporary culture is the convergence of different forms of media the contributors of this book argue that adaptation studies has emerged as a key discipline that unlike traditional literary and art criticism is capable of identifying and analyzing the relations between source texts and adaptations created from them Adaptation scholars have come to understand that these relations not only play out in individual case histories but are also institutional and this collection shows how adaptation plays a key role in the functioning of cinema television art and print media The volume is essential reading for all those interested both in adaptation studies and also in the complex forms of intermediality that define contemporary culture in the The Sea Came in at Midnight Steve Erickson, 2013-04-30 DIVDIV If you read one philosophical doomsday 21st century kinky sex road trip novel this year make it this one Salon divDIV It s New Year s Eve 1999 and the members of a powerful cult are about to commit ritual suicide Fleeing their ranks at the final moment teenager Kristin lands in Tokyo where she gains employment listening to clients stories in a memory hotel designed to address the decay of Japanese collective memory after the Second World War But Kristin herself has a startling odyssey Among other things it involves answering a personal ad only to wind up imprisoned naked in an empty house presided over by a man known as the Occupant hard at work on a millennial calendar that has serious implications for the future The Sea Came in at Midnight is a breathtaking fable of redemption and one of Erickson's most impressive visions to date div div Arc d'X Steve Erickson, 2013-04-30 DIVDIVIn a desperate effort to liberate herself a fourteen year old slave mistress to the man who invented America finds herself flung into a different time and world divDIV Steve Erickson's provocative reimagining of American history Arc d X begins with the relationship between Thomas Jefferson and Sally Hemings With skin too white to be quite black and too black to be quite
