Refugee Learner Experiences. A Case Study of Zimbabwean Refugee Children Lawrence Meda, 2017-09 This study is a presentation of Zimbabwean refugee learner experiences Children escaped political persecution and economic problems which affected Zimbabwe in the year 2008 Many of these children were abused and witnessed traumatic experiences their close relatives and neighbours being executed in cold blood This study was guided by three critical questions i who are the Zimbabwean refugee learners ii what were Zimbabwean refugee learners migration experiences and iii what were Zimbabwean refugee learners school experiences The study employed Bronfenbrenner's Social Ecological Model as its overarching theoretical framework Each stage of the refugee experience was described at each point in time

The Incubus Kawengo Samachai, 2012 Tanyaradzwa who because of his love for a beautiful young woman Nadia is unknowingly recruited into a secret sect of incubi Nadia is sent away from home by her parents after a late tryst with Tanyaradzwa and demand 400 00 as compensation before they can accept her back Desperate and broke Tanyaradzwa seeks help from Mr Sinyoka a moneylender and fellow employee who unbeknownst to him bears his father a grudge over a past slight He gets tainted money from Mr Sinyoka and from the moment he accepts it a chain of bizarre incidents start unfolding

The Art of Survival Joseph Chikowero, Anna Chitando, Angeline M. Madongonda, Government Phiri, 2015-11-25 The Art of Survival Depictions of Zimbabwe and the Zimbabwean in Crisis offers a fresh interdisciplinary examination of a period against which development in Zimbabwe is often measured one epitomized by the severe shortages and runaway inflation of 2008 While journalistic stories of the 1998 2008 era often privilege the reductive stories of woe defeat and crushed hopes this volume explores how survival was still possible in those circumstances The book offers insights into how ordinary Zimbabweans battled the odds by making startling innovations in language use to legitimize new survival strategies how they weaved new songs and reinterpreted old ones to fight for survival how social institutions such as churches reinterpreted popular gospel and how authors playwrights and dramatists crafted works that acknowledge the unprecedented difficulties and yet find humour laughter and love in unusual places This work will appeal to both scholars who will appreciate the depth of the analysis and the general reader

Beyond the Enclave Godfrey Kanyenze, Timothy Kondo, 2011-07-26 Beyond the Enclave sets out to unravel the contradiction of a country Zimbabwe where a rich diverse resource base co exists with endemic poverty One reason lies in the colonial economy which was predicated on an ideology of white supremacy creating

an enclave formal economy employing one fifth of the labour force Yet over three decades after independence the non formal segment has become even more entrenched This book assesses Zimbabwe's economy through three main phases 1980 90 when a strong social policy framework proved difficult to sustain due to erratic growth and 1991 96 when structural adjustment demanded a market driven approach to development The third phase is characterized by crisis management leading to policy inconsistencies and reversals Not surprisingly such incoherence saw the economy descend into hyperinflation and paralysis in 2007 2008 leading to the signing of the Global Political Agreement in September 2008 In the absence of formal dollarization economic recovery after the adoption of the multi currency regime has remained fragile leaving an estimated 70 per cent of the population outside the banking system This has further entrenched uneven enclave growth as the economy remains locked in a low income poverty trap There is a need to facilitate transition towards formality to promote decent jobs Furthermore a strategic developmental role for the state in the economy is now widely recognized as vital for development Beyond the Enclave argues for a new approach to development in Zimbabwe based on pro poor and inclusive strategies which will contribute to the well being of all of its citizens and wise stewardship of its resources It offers suggestions on policy formulation implementation monitoring and evaluation in all sectors designed to promote inclusive growth and humane development

Education and Development in Zimbabwe Edward Shizha, Michael T.

Kariwo, 2012-01-01 The book represents a contribution to policy formulation and design in an increasingly knowledge economy in Zimbabwe It challenges scholars to think about the role of education its funding and the egalitarian approach to widening access to education The nexus between education democracy and policy change is a complex one The book provides an illuminating account of the constantly evolving notions of national identity language and citizenship from the Zimbabwean experience The book discusses educational successes and challenges by examining the ideological effects of social political and economic considerations on Zimbabwe's colonial and postcolonial education Currently literature on current educational challenges in Zimbabwe is lacking and there is very little published material on these ideological effects on educational development in Zimbabwe This book is likely to be one of the first on the impact of social political and economic meltdown on education The book is targeted at local and international academics and scholars of history of education and comparative education scholars of international education and development undergraduate and graduate students and professors who are interested in educational development in Africa particularly Zimbabwe Notwithstanding the book is a valuable resource to policy makers educational administrators and researchers and the wider community Shizha and Kariwo's book is an important and illuminating addition on the effects of social political and economic trajectories on education and development in Zimbabwe It critically analyses the crucial specifics of the Zimbabwean situation by providing an in depth discourse on education at this historical juncture The book offers new insights that may be useful for an understanding of not only the Zimbabwean case but also education in other African countries Rosemary Gordon Senior

Lecturer in Educational Foundations University of Zimbabwe Ranging in temporal scope from the colonial era and its elitist legacy through the golden era of populist universal elementary education to the disarray of contemporary socioeconomic crisis covering elementary through higher education and touching thematically on everything from the pernicious effects of social adjustment programmes through the local deprofessionalization of teaching this text provides a comprehensive wide ranging and yet carefully detailed account of education in Zimbabwe This engagingly written portrayal will prove illuminating not only to readers interested in Zimbabwe s education specifically but more widely to all who are interested in how the sociopolitical shapes education how ideology policy international pressures economic factors and shifts in values collectively forge the historical and contemporary character of a country s education Handel Kashope Wright Professor of Education University of British Columbia *Global Perspectives on Teacher Performance Improvement* Al-Mahdi, Osama, Purinton, Ted, 2022-02-04 In service teacher professional development is central to most empirical conceptions of educational quality As the techniques and strategies for educational reform have spread rapidly throughout the world teacher professional development practices have been borrowed across borders It is important to study the global sharing of information on teacher professional development *Global Perspectives on Teacher Performance Improvement* examines the implementation of proven high quality teacher professional development practices in unique environments around the world It further explains the power of a globally connected community of teacher quality improvement Covering topics such as mentoring programs education technology and education workforce this book is an essential resource for educational administration and faculty pre service teachers the public education sector government officials educators of both K 12 and higher education researchers and academicians *Zimbabwe's Farm Workers* Dede-Esi Amanor-Wilks, 2001

Development of Education Zimbabwe. Ministry of Education, 1996 *Validating Technological Innovation* David Coniam, Peter Falvey, 2016-04-02 This book discusses Hong Kong s use of onscreen marking OSM in public examinations Given that Hong Kong leads the way in OSM innovation this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong The authors discuss their experience of the validation process demonstrating how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders **LWATI**, 2007
