Zimsec November 2014 Religious Studies Paper

S Ashworth

Zimsec November 2014 Religious Studies Paper:

Religion and Sexuality in Zimbabwe Ezra Chitando, Francis Machingura, 2022-12-06 Religion and Sexuality in Zimbabwe highlights the complex interplay between religion and sexuality in Zimbabwe. It shows how religion both facilitates and complicates the expression of sexuality in Zimbabwe. Approaching religion from a broader perspective, this volume reviews the impact of African Indigenous Religions and Christianity in its varied forms on the construction and expression of sexuality in Zimbabwe. These contributors examine the role of indigenous beliefs as well as interpretations of sacred texts in the understanding of sexuality in Zimbabwe. They also address themes relating to sexual diversity and sexual and gender based violence. Overall, this book sheds light on the ongoing relevance and strategic role of religion to contemporary discourses on human sexuality. *Regime, Religion and the Consolidation of Zanu-PFism in Zimbabwe* Bekithemba Dube, 2023-12-14 This collection focuses on the role of religious leaders and religious institutions in supporting or resisting the democratization process in Zimbabwe. It scrutinizes the actions of religious leaders such as Andrew Wutawunashe and Jeremiah Mutendi who were prominent in the political scene and participated as enablers of the undemocratic regime. The contributors to this volume employ a variety of methodological approaches to understand the operational dilemma of the second republic under Emmerson Dambudzo Mnangagwa, commonly referred to as Zanu-PFism. It is an empirical study to determine the impact of religious leaders as regime enablers and assess the effects of such an approach in terms of social development, democracy, and social transformation as espoused in the rise of the second republic. In order to balance the narrative, the book highlights and offers critique of religious leaders and institutions who are the resisters of the regime. It specifically explores the Zimbabwe Catholic Bishops' Conference, Evangelical Fellowship of Zimbabwe, Zimbabwe Council of Churches, Talent Chiwenga, and Shingi Munyeza. This is a critical study of decoloniality in a religious context that documents characters such as Shingi Munyeza, Bishop Mutendi Mapostori, who seldomly appear in scholarship despite their great impact, either positive or negative on the lives of the people of Zimbabwe. *Prophecy Today* Hermen Kroesbergen, 2016-08-01 In *Prophecy today*, reflections from a Southern African context, a group of theologians and scholars of religion from Zambia and South Africa reflect upon these questions. Anthropologists, Biblical scholars, practical theologians, and others shine their light on what prophecy can mean today in this context. This book aims at stimulating a continuing Southern African discourse on this very interesting and relevant aspect of Christianity in our region. The book consists of 15 different articles by well-known scholars and has been ably compiled and edited by Dr. Hermen Kroesbergen, lecturer in Systematic Theology and Philosophy of Religion at Justo Mwale University, Lusaka, Zambia. **Reimagining God and Resacralisation** Alexa Blonner, 2019-05-14 This book shows that widespread resacralisation has been taking place, which is producing new ways of perceiving God and the divine. The last century has seen unmistakable changes in religious practices and the concept of spirituality right across the world. There was a broad expectation for much of the twentieth century that religious worldviews would eventually

succumb to the challenge of secularist materialism but this process of secularisation has yet to occur as predicted The book begins by contrasting theories of secularisation and resacralisation Throughout the book conceptual threads or new religious themes related to this resacralisation are discussed in terms of three main categories reimagining God's nature substance and location reimagining human value and purpose and reimagining modes of redemption Finally the book considers how these threads are moving in various different directions and what the religious future might hold This is a bold examination of contemporary spirituality that will appeal to academics and scholars of religious studies new religious movements and the sociology of religion

Religious Leaders and the Regime in the Second Republic of Zimbabwe Bekithemba

Dube,2023-05-30 Religious Leaders and the Regime in the Second Republic of Zimbabwe looks at the nexus of religion and politics in Zimbabwe Religious leaders and institutes are discussed as either regime enablers resisters or transformers This book focuses on how religion has played a role in thwarting democracy and has acted as a machine to silence dissenting voices repression and poor governance The book addresses religious figures such as Andrew Wutawunashe Talent Chiwenga Bishop Mutendi and Mapostori In discussing these figures the book highlights how ZANU PF has taken advantage of religious power to thwart democracy while rewarding regime enablers The book also discusses the road to 2023 Zimbabwean elections and highlights the role of the church in creating an enabling and catastrophic environment This book challenges oppressive systems perpetrated by religious leaders and politicians

Christian Theological Education and the Response to the Crisis in Zimbabwe Bekithemba Dube, Gift Masengwe, 2025-10-02 The book offers an incisive examination of the governing philosophy of the Zimbabwe African National Union Patriotic Front ZANU PF referred to as Zanupfism characterizing it as marked by callousness and malevolence towards dissenting voices from civil society and opposition factions This pernicious application of power extends beyond mere verbal aggression to encompass militaristic actions engendering a profound generational crisis within Zimbabwe The contributors explore the compelling juxtaposition between President Emmerson Mnangagwa and the biblical Nebuchadnezzar II a ruler notorious for his autocratic reign and expansive ambitions Further critically scrutinizing the complicity of neo Pentecostal prophets in the book reveals how these religious figures promote an esoteric understanding of the divine diverging from a theology rooted in justice thereby enabling the oppressive regime's practices This critique underscores the imperative for prophets to recalibrate their theological perspectives urging them to move beyond magical interpretations of faith toward an authentic engagement with a personal God who champions justice The book further encompasses the complex interplay of political and religious narratives examining how church leaders either bolster or undermine Mnangagwa's political ideology highlighting the tendency among certain religious factions to deify political authority ultimately exacerbating societal inequities In advocating for a transformative theological discourse in Zimbabwe the book asserts that religious narratives must serve as instruments for fostering democracy social justice and equity rather than sustaining a status quo that entrenches authoritarian governance The necessity for unified principled resistance grounded in the collective agency of the populace emerges as a salient theme in the quest for meaningful political and social reform

Breaking the Colonial "Contract" Everisto Benyera, 2020-05-22 The book exposes various mechanisms and methods by which covert colonial mechanisms are employed to perpetuate colonialism especially in Africa Less overt and more covert perpetuation of colonialism is done through the use of networks The main achievement of the initial phase of colonialism was the establishment of networks that are nefarious and omnipresent constituting distributed presence which allows for action at a distance As a result colonial subjects became willing participants in these processes unbeknownst to them which perpetuated their own colonialism The book exposes forms of colonialism where manufactured consent is used to perpetuate colonialism Trapped in this capitalist Western Christian language and moral world order without sovereignty African countries continuously sink deeper into the colonial quagmire
