Summary of Myla Kabat-Zinn & Jon Kabat-Zinn's Everyday Blessings Everest Media, 2022-05-15T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Parenting is one of the most difficult and stressful activities on the planet and yet it is also one of the most important as it impacts the heart and soul of the next generation and their experience of meaning and connection 2 As parents we are tasked with the difficult and challenging job of raising children We take on this task without a salary often unexpectedly at a young and inexperienced age or under conditions of economic strain and insecurity 3 If we are constantly pressed for time we may be out of touch with the richness of the present moment We may be assuming that what we do is okay as long as we have love for our children and desire for their well being 4 The challenges and calling of parenthood can lead to the breaking down of barriers in our own minds and hearts which can lead to sadness missed opportunities hurt resentment blame and ultimately isolation and alienation on all sides

Understanding Civil War: Europe, Central Asia, and other regions Paul Collier, Nicholas Sambanis, 2005-01-01 Annotation VOLUME I Africa VOLUME II Europe Central Asia and Other Regions volumes sold separately This is a superb manuscript and one that will become a standard reference in the field for students of conflict and civil war Robert Bates Eaton Professor of the Science of Government Harvard University The two volumes of Understanding Civil War build upon the World Bank's prior research on conflict and violence particularly on the work of Paul Collier and Anke Hoeffler whose model of civil war onset has sparked much discussion on the relationship between conflict and development in what came to be known as the greed versus grievance debate The authors systematically apply the Collier Hoeffler model to 15 countries in 6 different regions of the world using a comparative case study methodology to revise and expand upon economic models of civil war The book concludes that the greed versus grievance debate should be abandoned for a more complex model that considers greed and grievance as inextricably fused motives for civil war regions of Somalia Conflict in Somalia examines the results of the study and offers recommendations for reconstruction and development assistance that takes the knowledge on conflict into account

Viktor,2010-07-31 This book advances a framework a process and meaningful approaches for assessing and evaluating adult learning in career and technical education CTE Provided by publisher **The Virtues of Exit** Jennet Kirkpatrick,2017-10-03

Successful democracies rely on an active citizenry They require citizens to participate by voting serving on juries and running for office But what happens when those citizens purposefully opt out of politics Exit the act of leaving is often thought of as purely instinctual a part of the human fight or flight response or alternatively motivated by an antiparticipatory self centered impulse However in this eye opening book Jennet Kirkpatrick argues that the concept of exit deserves closer scrutiny She names and examines several examples of political withdrawal from Thoreau decamping to Walden to slaves fleeing to the North before the Civil War In doing so Kirkpatrick not only explores what happens when people make the decision to remove themselves but also expands our understanding of exit as a political act illustrating how political systems change in the aftermath of actual or threatened departure Moreover she reframes the decision to refuse to play along whether as a fugitive slave a dissident who is exiled but whose influence remains or a government in exile as one that shapes political discourse historically and today Teleparallel Gravity Ruben Aldrovandi,Jose G Pereira,2012-08-10 Teleparallel

Gravity TG is an alternative theory for gravitation which is equivalent to General Relativity GR However it is conceptually different For example in GR geometry replaces the concept of force and the trajectories are determined by geodesics TG attributes gravitation to torsion which accounts for gravitation by acting as a force TG has already solved some old problems of gravitation like the energy momentum density of the gravitational field The interest in TG has grown in the last few years The book here proposed will be the first one dedicated exclusively to TG and will include the foundations of the theory as well as applications to specific problems to illustrate how the theory works **Management with Online Study Tools 12**
