Three Of Chinas Mighty Men:

Three of China's Mighty Men Leslie T. Lyall, 1973 **Three of China's Mighty Men** Leslie T. Lyall, 2000 There are many heroes in the Chinese church Today humanly speaking it should not exist having been stamped out by the pressure of authorities prior to and during the Communist era Yet today the church is larger than ever and still growing Some of this phenomenon can be attributed to the quality of leadership in the Church People suffered for their faith often in brutal and cruel ways yet God maintained their faith in remarkable ways Whilst there were many leaders of equally courageous stature in the church three men have stood out in the 20th century Wang Ming Dao Nee Duo Sheng Watchman Nee and Yang Shao Tang David Yang Leslie Lyall knew all three as a friend and worked with two of them He brings out their different personalities analyses the effect they had on the church and compares their views in some key areas All three worked outside the official church all three knew and respected each other Their stories are inspiring terrifying solemn and joyous They are an encouragement to us all

Kling, 2020-05-05 In this first in depth and wide ranging history of Christian conversion David Kling examines the dynamic of turning to the Christian faith by individuals families and people groups Global in reach and engaging recent methods and theories in conversion studies the narrative progresses from early Christian beginnings in the Roman world to Christianity's expansion into Europe the Americas China India and Africa Although conversion is often associated with a particular strand of modern Christianity evangelical and a particular type of experience sudden overwhelming when examined over two millennia it emerges as a phenomenon far more complex than any one dimensional profile would suggest

The Oxford History of Protestant Dissenting Traditions, Volume IV Jehu J. Hanciles, 2019-03-07 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations Volume IV examines the globalization of dissenting traditions in the twentieth century During this period Protestant Dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin Covering Africa Asia the Middle East America Europe Latin America and the Pacific this collection provides detailed examination of Protestant Dissent as a globalizing movement Contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time This authoritative

overview unambiguously reveals that Dissent was transformed as it travelled Darkest before the Dawn Richard R. Cook,2021-11-02 The Christian church was always destined to find its way to China Long before the birth of the church China existed coalescing around profound philosophical concepts and powerful cultural symbols It developed into a dynamic and enduring civilization In time Christian missionaries arrived on its shores driven to bring the gospel to this people This book starts with the story of that journey the arrival of the missionaries who planted the seeds of the gospel in Chinese soil As the seeds sprouted and grew a new story of a unique and distinct Chinese church began The epic narrative opens from uncertain beginnings in darkness passes through intense hardship and years of struggle and culminates with the triumphal emergence of the Chinese church from the shadows into the light of the global stage **Yearbook of Chinese Theology 2017** Paulos Z. Huang,2017-09-11 The Yearbook of Chinese Theology is an international ecumenical and fully peer reviewed annual that covers Chinese Christianity in the areas of Biblical Studies Church History Systematic Theology Practical Theology and Comparative Religions It offers genuine Chinese theological research previously unavailable in English by top scholars in the study of Christianity in China The 2017 volume highlights the five sub disciplines of theology with contributions from Juhong Ai Jianming Chen Tao Xiao Xiaojuan Cheng Xiangping Li Gong Liang Jianbo Huang Paulos Huang Meixiu Wang Philip L Wickeri Kevin Xiyi Yao Jie Zhao Weichi Zhou **Reading Hebrews and 1 Peter from Majority World Perspectives** Sofanit T. Abebe,Elizabeth W. Mburu,Abeneazer G. Urga,2024-09-19 The contributors to this volume offer a bold re reading of Hebrews and 1 Peter from the perspective of the Global South The chapters provide enriching new hermeneutical and theological insights revealing facets of the text that may not at first be apparent to readers within a Eurocentric context The volume is thus able to explore topics ranging from the authorship of Hebrews in the Ethiopian Orthodox tradition and the Batak reading of Christus Victor to a Xhosa perception of the solidarity and sacrifice of Jesus and intercultural readings of Christian identity in the context of persecution With an introduction and final response by scholars from the Global North this volume encourages awareness of how the Global South contributes to world Christianity **Encyclopedia of Protestantism** J.
