need to pinpoint our Core Desires those things in life for which we have an intense unwavering and deeply felt need Whether you want to earn more money establish deeper relationships boost your self confidence or deepen your spirituality you must first identify your Core Desire that intense want that drives you from within Do you know what you desire most in your heart Do you have a sense of what it will take to realize those desires Are you willing to do whatever it takes Jack Zufelt a top professional speaker and highly acclaimed trainer knows that all success is a result of the power within us As The DNA of Success explains Core Desires are the trigger mechanisms that unleash the Conquering Force Your Conquering Force is your innate ability to act effectively in a pursuit of your Core Desires Once you tap into your Conquering Force you will overcome all obstacles and resistance in your way to achieve amazing results every time Don't waste your valuable time and energy writing goals visualizing your success or repeating mantras The DNA of Success smashes the myths of achievement and teaches you to find the cause of success within yourself Through case histories business examples real life stories testimonials success tips and proven advice Zufelt reveals the new in depth psychology and personal habits that have won him the respect of his colleagues and the praise of the many thousands he has inspired Getting what You Want? Robert Brecher,1997 Getting What You Want offers a critique of liberal morality and an analysis of its understanding of the individual as a wanting thing **Getting What You Want?** Bob Brecher,2012-10-12 Getting What You Want is the first book which calls for the collapse of liberal morality Bob Brecher claims that it is wrong to think that morality is simply rooted in what people want He explains that in our consumerist society we make the assumption that getting what people want is our natural goal and that this natural goal is a necessarily good one We see that whether it is a matter of pornography or getting married if people want it then that's that But is this really a good thing Getting What You Want offers a critique of liberal morality and an analysis of its understanding of the individual as a wanting thing Brecher boldly argues that the Anglo American liberalism cannot give an adequate account of moral reasoning and action nor any justification of moral principles or demands Ultimately Brecher shows us that the whole idea of liberal morality is not only incoherent but unattainable *I want to understand what you really need* Frank Gaschler,Gundi Gaschler,2017-09-29 I want to understand what you really need Nonviolent Communication with children The Giraffe's Dream a project for pre school institutions To express annoying things without accusing someone else of doing so To listen openly even if the other person raises their voice Using empathy to express yourself authentically in difficult situations and treat your counterparts with respect at the same time One of the most successful forms of communication in recent years Conflict resolution in which everyone is a winner A guidebook for parents educators and teachers The Giraffe's Dream Project Mama we have a baby giraffe in our group With these words Lisa welcomes her mum when she is picking up her daughter from the kindergarten on Monday afternoon She's alone but we all take care of her The teachers of the kindergarten began to implement the Giraffe's Dream Together with the baby giraffe the children will learn for the next 10 days the so called giraffe language The aim is to express yourself honestly by

describing what they have seen to talk about their feelings and needs and finally express concrete requests At the end of the first part of the project the mother giraffe will come to the kindergarten and will tell the kids of her dream In my dream children will have learned to say what they need and to hear what the other needs They look for solutions together so it all goes well In the following weeks the teachers work with the kids on empathy and changing the perspective mediation conflict solution and living democracy in kindergarten In a lot of German and other European kindergartens the non violent communication has now become an integral part of the educational concept This Is What We Do Tom Hansen,2017-09-01 This Is What We Do is Atlas Shrugged jammed in reverse and with the tires smoked It s Ayn Rand for people with a brain And a gun It s a kick Read it Sean Beaudoin author of You Killed Wesley Payne and The Infects James Nethery is at the end of his rope Unable to find meaning in his comfortable life he has cut himself off from everyone and fled to Paris His mission to rid himself of a lifetime of baggage erase the past and start over He wanders Paris aimlessly until he meets Lily a Ukrainian model and hooker They form a unique bond and together take the first steps toward writing new stories of their lives Soon Lily s past catches up with her and they are forced to go on the lam in a strange country Together they must decide between justice and vengeance and when forced to take action between what is too much and not enough This Is What We Do is part neo noir thriller part love story and part cautionary tale of the perils of trying to write a new life from nothing and the stories that will be written for you by others if you find yourself in the public eye *Better PowerPoint (R)* Stephen Kosslyn,2010-09-20 Giving good presentations is not just common sense Cognitive neuroscientist Stephen M Kosslyn shows how to make presentations work better based on how our brains work Where many books focus on how to create a first draft Better PowerPoint gives you quick steps to improve one you already have 8 key rules that are easy to remember and use Clear principles about how to design effective slides based on well established scientific data Quick steps to sharpen and strengthen your presentation Easy to use checklists guide you through each aspect of your presentation Chapters are structured to help you prioritize the most effective edits Memorable examples and illustrations to show what works and what doesn t Lessons in what to fix can also help you create better first drafts faster If you have a PowerPoint presentation that is not giving you the results you want take advantage of what scientific research can tell you about how your audience is seeing and thinking about what you have to say **I Don't Give a F***!** Prem Dayal,2015-11-02 I DON T GIVE A F American Mantras to Free the Spirit A Roadmap to Enlightenment for Godless Mystics Good old Socrates said all I know is that I know nothing If Socrates didn t know it imagine what it is that I don t know But there are a hell of a lot of people who say they know a lot and are therefore much smarter than I and even smarter than Socrates who certainly would not be someone to be ashamed of as a classmate There are those who speak with angels who speak with the dead with forest creatures extraterrestrials goblins and animals and the luckiest of all speak long distance with God Sadly it often happens that these same people found talking candidly with ghosts plants UFOs sheep cows and all types of beasts have serious difficulty
