The Eureka Myth Jessica Silbey, 2014-12-17 Are innovation and creativity helped or hindered by our intellectual property laws In the two hundred plus years since the Constitution enshrined protections for those who create and innovate we re still debating the merits of IP laws and whether or not they actually work as intended Artists scientists businesses and the lawyers who serve them as well as the Americans who benefit from their creations all still wonder what facilitates innovation and creativity in our digital age And what role if any do our intellectual property laws play in the growth of innovation and creativity in the

United States Incentivizing the progress of science and the useful arts has been the goal of intellectual property law since our constitutional beginnings The Eureka Myth cuts through the current debates and goes straight to the source the artists and innovators themselves Silbey makes sense of the intersections between intellectual property law and creative and innovative activity by centering on the stories told by artists scientists their employers lawyers and managers describing how and why they create and innovate and whether or how IP law plays a role in their activities Their employers business partners managers and lawyers also describe their role in facilitating the creative and innovative work Silbey's connections and distinctions made between the stories and statutes serve to inform present and future innovative and creative communities Breaking new ground in its examination of the U S economy and cultural identity The Eureka Myth draws out new and surprising conclusions about the sometimes misinterpreted relationships between creativity and intellectual property protections
