Anxiety Disorders Carolyn Daitch, 2013-12-18 A comprehensive and accessible book on anxiety for clients and therapists alike. Anxiety disorders are the number one psychiatric problem in the United States, yet many clients who suffer from anxiety do not get effective counseling and they often end therapy without successful amelioration of their symptoms. Carolyn Daitch, a seasoned therapist and award-winning author, has found that clients benefit most when they are active participants in their therapy and should be knowledgeable about anxiety disorders to facilitate this process. For the benefit of both therapists and clients, she covers the ins and outs of the anxiety disorders: Generalized Anxiety Disorder, Panic Disorder, Specific Phobias, Social Anxiety Disorder, and Obsessive Compulsive Disorder, and offers numerous case examples of those who have sought treatment for these disorders and learned to manage them. For each type of anxiety disorder, she details specific treatment options and techniques, explaining which are best suited to individual use and which are better done in collaboration with a therapist. Engaging, comprehensive, and reassuring, this is an essential Go To Guide. Leading the Starbucks Way (PB)

Joseph A. Michelli, 2013-09-06 Lead Your Business the Starbucks Way. Foreword by Herve Humler, President and COO, The Ritz-Carlton Hotel Company, L.L.C. One of the best recognized and admired brands in the world, Starbucks singlehandedly transformed the ordinary delivery of coffee into a cultural phenomenon, a result of the company's exemplary leadership practices. Joseph Michelli, author of the Wall Street Journal, USA Today, and BusinessWeek bestseller The Starbucks Experience, explains that the international success of Starbucks begins with a promise: To inspire and nurture the human spirit, one person, one cup, and one neighborhood at a time. Michelli offers a perspective on the leadership principles that drove the iconic coffee company's resurgence from serious setbacks during the economic downturn, one of the few true turnaround stories of this time. And the company continues to grow dramatically, entering new markets and channels with fresh products and technologies. In Leading the Starbucks Way, Michelli establishes five actionable principles that fuel long-term global sustainability at Starbucks and that can be used in any company in any industry: Savor and Elevate, Love to Be Loved, Reach for Common Ground, Mobilize the Connection, Cherish and Challenge Your Legacy. Leading the Starbucks Way is a penetrating look at the inner workings of one of today's most successful brands. The company gave Michelli one-on-one access to a variety of employees, called partners, to write this book, from baristas to senior leaders, including Howard Schultz, chairman, president, and chief executive officer. In short, success is all about loving your product, loving your customers, and loving your employees. Sincerely, Without Fail. Even in the face of business challenges, Praise for Leading the Starbucks Way. Michelli shows us how a small Seattle-based chain of coffee shops became one of the most beloved brands on the planet.
