

# Protoss Units:

**Probe** – Probes are workers for the Protoss. Probes are used to gather resources and warp in structures, and as well as used for early game scouting.

**Zealot** - Zealots the most basic unit for the Protoss. Zealots are strong, but they are melee units. While they are good against other melee units such as Zerglings they are usually pretty weak against most range units and obviously air units.

**Stalker** – Stalkers are one of my favorite units for the Protoss. Stalkers are general strong against most units of its rank, and once Blink is upgraded they are even more powerful.

The Hero Reloaded Rosario López Gregoris, Cristóbal Macías Villalobos, 2020-03-15 What was a hero in Classical Antiquity Why is it that their characteristics have transcended chronological and cultural barriers while they are still role models in our days How have their features changed to be embodied by comic superheroes and film How is their essence vulgarized and turned into a mass consumption product What has happened with their literary and artistic representation along centuries of elitist Western culture This book aims at posing these and other questions about heroes allowing us to open a cultural reflection over the role of the classical world in the present its meaning in mass media and the capacity of the Greek and Roman civilizations to dialogue with the modern world This dialogue offers a glimpse into modern cultural necessities and tendencies which can be seen in several aspects such as the hero's vulnerability the archetype's banalization the possibility to extend the heroic essence to individuals in search of identities vital as well as gender or class identities In some products videogames heavy metal music our research enables a deeper understanding of the hero's more obvious characteristics such as their physical and moral strength All these tendencies contemporary and consumable contradictory with one another yet vigorous above all acquire visibility by means of a polyhedral vehicle which is rich in possibilities of rereading and reworking the Greco Roman hero In such a virtual and postmodern world as the one we inhabit it comes not without surprise that we still resort to an idea like the hero which is as old as the West
