Instruction of Disabled Men in Motion

Picture Projection James Ross Cameron, 2025-05-22 Instruction of Disabled Men in Motion Picture Projection by James Ross Cameron is a practical guide designed for vocational training in the early 20th century. Specifically aimed at disabled veterans, this book provides an accessible introduction to the operation and maintenance of motion picture projectors. Cameron's text offers clear step-by-step instructions, making it an invaluable resource for those seeking to learn the trade. This book preserves a crucial aspect of early cinema technology and the efforts to integrate disabled individuals into the workforce after wartime. Originally published in 1918, this book is a fascinating look at the intersection of technology, education, and social rehabilitation. It serves as a testament to the ingenuity and resourcefulness of the era, offering insights into both the technical aspects of film projection and the social context in which it was taught.
