Romero,2015-11-01 At the foundation of Western esoteric studies is an understanding of the evolution of consciousness Anthroposophically based esoteric training focuses on strengthening the human soul Ancient and modern practices are reenlivened to meet humanity s evolving needs and to fulfill our present task of cultivating freedom and love to its highest degree Individual efforts toward developing the higher self is essential for genuine progress on the inner work path The clear insights and exercises outlined in this book reveal the meaning and necessity of this essential effort in the present age of the consciousness soul contributing to simultaneously enlivening both our inner and outer work The path of developing the self and our work in the world are not separated but united through our practices and their results *A Rosicrucian Soul* Russell

Pooler,2009-03 Written 1904 1908 CW 11 Rudolf Steiner shows that the insoluble link between humanity and cosmos is the fundamental basis of evolution As human beings have participated in the development of the world we know today so their achievements are directly connected with the ultimate destiny of the universe In human hands rests the freedom to shape the future course of creation Knowledge of our exalted origins and of the path we have followed is indispensable if we are to evolve a future worthy of responsible human beings Through a study of Steiner s writings one can come to a clear reasonable comprehensive understanding of human beings and their place in the universe Paul Marshall Allen In the best tradition of ancient wisdom literature Cosmic Memory reconstructs from the akashic record events that span the time between the origin of the Earth and the beginning of recorded history This spiritual research includes a profound investigation of the origins achievements and fate of the Atlanteans and Lemurians the remarkable lost root races that developed the first concepts of good and evil manipulated natural forces laid the foundation for human legal and ethical systems and defined and nurtured the distinctive yet complementary powers of men and women that brought humankind many centuries ago to its highest artistic intellectual and spiritual attainments Through this discussion of our true origins Cosmic Memory offers a genuine foundation for our lives allowing us to realize our real value dignity and essence The reader is shown our human connection with the world around us as well as our highest goals and true destiny This is a key volume for understanding Rudolf Steiner s early development as a Theosophist and how his ideas terminology and formulations during that time fit into the development of his anthroposophic epistemology and Christology This volume is a translation of Aus der Akasha Chronik Rudolf Steiner Gesamtausgabe 11 Rudolf Steiner Verlag 1986 Autobiography Rudolf Steiner,2006-05 4 lectures Dornach June 28 July 18 1923 CW 350 Truth and striving for truth must taste good to you and lies once you are conscious of them must taste bitter and poisonous You must not only know that human judgments have color but also that printer s ink

nowadays is mostly deadly nightshade juice You must be able to experience this in all honesty and rectitude and once you can do so you will be in a state of spiritual transformation Rudolf Steiner What is the relationship between coming to see the secrets of the universe and one's own view of the world How far must one go before finding the higher worlds on the path of natural science Do cosmic forces influence all of humanity What connection do plants have with the human being and the human body In answering these questions Steiner covers a wide range of topics from the development of independent thinking and the ability to think backward to the uses of what seems boring and the reversal of thinking between the physical and spiritual worlds and from the physiology of dreams to living into nature and the spiritual dimension of various foods we eat As always in his lectures to the workers Steiner's style is clear direct and accessible This volume is a translation from German of four lectures from *Rhythmen im Kosmos und im Menschenwesen Wie kommt man zum Schauen der geistigen Welt* GA 350

Christ and Sophia Valentin Tomberg, R H Bruce, 2011-03 In these astounding meditations on the true Christian nature of the scriptures Tomberg shows how the central story of entire Bible is really a history of the Christ being He describes the cosmic and earthly preparations for the Mystery of Golgotha its significance and results for humanity and the world as a whole and the central role of the Sophia being and her relationship to the Christ the Holy Spirit the Disciples and Pentecost and all of humanity He also imagines the Grail nature of the Christ's involvement in earthly history All of Valentin Tomberg's profound studies are finally available in a single volume Drawn from four difficult to find and out of print editions this completely revised and updated text includes Tomberg's anthroposophic meditations on the Old Testament the New Testament and the Apocalypse while the appendix contains his final unfinished work *The Four Sacrifices of Christ* Christ and Sophia contains all of Valentin Tomberg's essential anthroposophic works on the scriptures providing an invaluable resource for anyone who wishes to gain a deeper understanding of Rudolf Steiner's spiritual scientific approach to esoteric Christianity as revealed by a close meditative reading of the Bible from Genesis to John's Revelation This volume contains English translations of these works by Valentin Tomberg *Anthroposophisch Betrachtungen über das Alte Testament* *Anthroposophische Betrachtungen über das Neue Testament* *Geisteswissenschaftliche Betrachtungen über die Apokalypse des Johannes*

The Stages of Higher Knowledge Rudolf Steiner, 2009-08 What does it mean to be human Human development unfolds in a twofold way On the one hand there is an ever more profound incarnation or inhabitation of the physical body On the other hand there is the increasing discrimination of the individual objects of the world Difficulties and obstacles along this path can lead to so called disabilities K nig's approach to curative education allows us to see these disabilities as meaningful ways of coping with or resolving the various problems that arise in living in a physical body From this point of view disabilities are exaggerated forms of ways we all use to cope with life The point is not only to see the deviations but to see them against the mighty backdrop of a comprehensive child anthropology Being Human presents the outline of just such a comprehensive anthropology Being Human is of value not only to those working in special education but to anyone

interested in the dynamics of incarnation and normal development **An Esoteric Cosmology** Rudolf Steiner, 2008 A congress of the Federation of European Sections of the Theosophical Society was held in Paris in May 1906 Rudolf Steiner attended with a number of students and presented a series of lectures to a small circle of friends mostly society members Edouard Schur was present and made succinct notes of those talks the result of which is *An Esoteric Cosmology Evolution Christ and Modern Spirituality* In its foreword Schur describes his initial impressions of Rudolf Steiner and the force of his vision These priceless lectures mark a significant phase of Rudolf Steiner's thought that of the spontaneous burst of his genius and its first crystallization Indeed his notes record perhaps the first general outline and summary of what would become Anthroposophy or spiritual science At the time of these lectures most members viewed Theosophy as a kind of Europeanized Indian philosophy Thus one purpose of these lectures was to outline Steiner's Christ-centered spiritual science in contrast to the more Eastern orientation of Theosophy He carefully connected the essence of spiritual science to the role of the Christ in human evolution as well as to the Rosicrucian and Christian mystery traditions the primary carriers of the esoteric Christian stream To accomplish this Steiner presented the roots of Christianity in the ancient mysteries and in the evolution of the whole universe itself The miracle of these lectures perhaps is that Steiner was able to condense such a grand cosmology into these eighteen lectures and that Edouard Schur was able to capture their essence in the relatively brief notes that constitute this book A few years later the substance of these lectures were expanded and presented in Rudolf Steiner's *Outline of Esoteric Science* These lecture notes will prove invaluable for all those who wish to better understand that book as well as Rudolf Steiner's Christian cosmology and perspective on esoteric Christianity and the Christian mysteries *The New Essential Steiner* Rudolf Steiner, Robert A. McDermott, 2009-10 12 lectures Hamburg May 5-31 1908 CW 103 During Pentecost 1908 seven years after he had given the world his book *Christianity As Mystical Fact* and the first intimation of the consequences of his Christ experience Rudolf Steiner began his great work of renewing humanity's understanding of the Mystery of Golgotha and its meaning for human and earthly evolution Accordingly he turned to the deepest most spiritual of the Gospels that of the initiate St John In this lecture course readers will find that the incarnation death and resurrection of the Divine Word or Logos reveals the mission of the Earth Love We learn of the mysteries behind Lazarus resurrection the I AM sayings and the seven degrees of initiation We come to understand that the Gospel of St John is a continuing spiritual presence to be recalled meditated and permeated with one's own life In doing so we realized that our purpose and that of all humankind is to become the Virgin Sophia a receptacle for the Holy Spirit All of Steiner's work as Marie Steiner writes in her introduction was to pave the way to Christ Indeed at the conclusion of these lectures Rudolf Steiner said It will come to be understood that Christianity is only beginning its influence and will fulfill its real mission only when it is understood in its true spiritual form The more these lectures are understood in this sense the better they will be understood as they were intended This volume is essential if one is to truly understand Rudolf Steiner's understanding of esoteric Christianity and its

place in the world today and in the future This volume is a translation of Das Johannes Evangelium GA 103 **The Sun Mystery and the Mystery of Death and Resurrection** Rudolf Steiner,2006 The unconscious psyche of the child is truly limitless in extent and of incalculable age C G Jung The Beejum Book offers a journey into a world of fantasy that deep down each of us knows and longs for It tells the story of Teak a child living abroad between the two World Wars Teak s mother tells her not to worry about being left alone because every night when she goes to sleep they can meet in Beejumstan Teak s travels to this magical realm bring her face to face with Lonesome a well attired rabbit and Beejumstan s ambassador without portfolio Figg Newton the alchemist the witches Rudintruda and Idy Fix Gezeebius the Wise Old Man and many other fascinating characters Alice O Howell is a wise woman who can present deep truths in simple and engaging ways Through this enchanting tale she suggests that within us are many worlds as real and compelling as the one we know outside Delightfully told and charmingly illustrated The Beejum Book offers seekers of all ages a beautiful way of imbibing wisdom
