Align the Design Nancy J. Mooney, Ann T. Mausbach, 2008-02-14 This is our THIRD school improvement plan Why aren't we seeing any results We have all of this data but we don't know what to do with it What does this workshop have to do with the goals we set for our school Many of today's school leaders have all the latest tools techniques and programs for school improvement Unfortunately some leaders fail to create real sustainable results for their schools because they use one or two flavor of the month strategies without connecting all the pieces together for real improvement In *Align the Design A Blueprint for School Improvement* Nancy J Mooney and Ann T Mausbach emphasize the importance of coordinating essential school improvement processes to increase staff capacity improve student achievement and develop effective schools The authors show school leaders how to use power tools to Develop effective curriculum Make the most of their school's data Create successful school improvement plans Implement valuable professional development sessions and workshops Use efficient supervisory techniques Foster leadership for school improvement Each chapter includes personal reflections from the authors and lists of touchstone texts that have inspired their efforts At a time when school leaders are trying to translate urgent calls for higher achievement into actions that work *Align the Design* provides expert guidance and practical tools that will help educators work more purposefully together to create better schools for their students

Statutes of California and Digests of Measures California, 2000 *Report ... on the common school system of the United States and of the provinces of Upper and Lower Canada. (Schools inquiry commissions).* James Fraser (bp. of Manchester.), 1866 *PISA, Policy and the OECD* Steven Lewis, 2020-09-29 This book explores new modes spaces and relations of the Organisation for Economic Cooperation and Development OECD's global educational governance associated with the PISA for Schools test Adopting a theoretically rich policy sociology approach with an emphasis on topological understandings of spatiality and power the book examines the entire PISA for Schools policy cycle from its initial development to its administration and promotion in the U S and its local enactment by schools and teachers It demonstrates how PISA for Schools helps to steer how schooling is locally understood and practised through separate and yet overlapping techniques governing by 1 heterarchy 2 respatialisation and 3 best practice The book reveals the specific effects of PISA for Schools as an exemplar of how global educational governance is increasingly enfolded within contemporary schooling as well as discussing how we might practise a policy sociology in which the local is acknowledged as a relevant space of concern
