Vip Protection Manual:

Protection Officer Training Manual Sam Stuart, 2016-06-06 *Protection Officer Training Manual* Fifth Edition is a guidebook that provides a comprehensive coverage of security practice. The book is comprised of 27 chapters that are organized into 10 units. The coverage of the text includes various security procedures such as patrolling traffic management and crowd control. Security threats are also covered including explosives, fire, and hazardous substances. The book also covers emergency or high risk situations such as V I P protection, crisis intervention, and first aid administration. The text will be most useful to security trainees and instructors. Individuals involved in administrative and management positions will also benefit from the book.

VIP Protection Manual Executive Security International, 198? Protective security measures for politicians, corporate executives, dignitaries, government officials, V I P s, millionaires, movie or rock stars, and military leaders.

The Protection Officer Training Manual IFPO, 2003-09-26 This revised edition retains the exceptional organization and coverage of the previous editions and is designed for the training and certification needs of first line security officers and supervisors throughout the private and public security industry. Completely updated with coverage of all core security principles. Course text for the Certified Protection Officer CPO Program. Includes all new sections on information security, terrorism awareness, and first response during crises. Manual for Civil Emergencies, 1994 Bodyguard Manual Leroy Thompson, 2005 Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge yet be ready to spring into action instantly to counter an attack. Based on techniques of the U S Secret Service, U S State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB, and its successor the FSB, France's GSPR, and other protective units around the world, *The Bodyguard Manual* details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2 to protecting a military general officer in combat, *The Bodyguard Manual* allows the reader to stand post with the professional bodyguard.

Hostage Rescue Manual Leroy Thompson, 2005-01-08 A comprehensive illustrated overview of the dynamic operations that have saved lives in hostage situations around the world. Based on strategies proven successful in numerous incidents, including the landmark SAS rescue at Prince's Gate, London, and compiled by an author with intimate and practical knowledge of the field, this book explains why the success of a rescue is often determined in the hours leading up to confrontation. Once an incident is contained, a large share of the responsibility for a successful conclusion rests with the hostage negotiator whose job is to save the lives of both hostage and hostage taker. But if negotiations fail, it becomes necessary to send in the hostage rescue team to resolve the situation by force and skill. *Hostage Rescue Manual* explains the

complex factors that determine the entry methods undertaken by a team with discussion of the pros and cons of stealth versus dynamic approaches plus the significance of distraction in securing successful site entry Operations in widely differing locations from nuclear power plants to airliners are detailed as are the range of special weapons available to the men and women tackling each incident We learn of the multiple roles played by participants such as the use of snipers as intelligence sources With vivid photographs and diagrams of rescue units in action Hostage Rescue Manual is the complete reference work on counter terrorist procedures all over the world This revised edition updates the book with an entirely new section devoted to developments in hostage rescue among them operations in Russia and Iraq since first publication A MANUAL OF PRIVATE INVESTIGATION TECHNIQUES William F. Blake, 2013-02-01 This book will help the private investigator reevaluate business opportunities and identify goals for the future The world of the private investigator is constantly changing due to the introduction of various legal requirements that have restricted or eliminated some of the methods available for obtaining information such as the various privacy protection acts Additionally most private investigators have restricted their business activities to a response mode that is conducting inquiries after an incident has occurred Their preventive skills have been ignored to their financial detriment As restrictions continue to be placed on private investigative activities private investigators need to reevaluate personal skills and discover how these may relate to expanding their services This book provides the necessary information for learning about these new skill areas and provides the necessary strategies for their implementation Some of the topics cover crime and loss prevention strategies risk assessment and prevention strategies Many other topics are also covered such as that of the expert witness This is not a difficult status to attain but requires unique skill sets and experience and can be highly lucrative Crises management is another skill set that is explored here It not only identifies potential risk areas through risk assessment activities but includes development and implementation of preventive measures and shows how the private investigator can assist in restoring business operations to their normal levels This book will be of enormous help to private investigators who wish to develop these sophisticated investigative business skills and preventive services in order to meet these challenges for surviving and thriving in this modern age industry The Professional Protection Officer IFPO, 2010-03-09 The Professional Protection Officer Security Strategies Tactics and Trends Second Edition is the definitive reference and instructional text for career oriented security officers in both the private and public sectors The first edition originated with the birth of the International Foundation for Protection Officers IFPO in 1988 which has been using the book as the official text since that time Each subsequent edition has brought new and enlightened information to the protection professional The material in this new edition includes all of the subjects essential to training of protection professionals and has been updated to reflect new strategies tactics and trends in this dynamic field Written by leading security educators trainers and consultants this valuable resource has served as the definitive text for both students and professionals worldwide This new edition adds critical updates and fresh
