

## Stanford Achievement Test Series, Tenth Edition (SAT 10)

The Stanford Achievement Test Series, Tenth Edition (SAT 10), offered by NCTE Pearson, is a nationally normed achievement test used with confidence by administrators and teachers for over 60 years.

SAT 10 helps educators obtain reliable data to evaluate progress toward meeting Missouri's Statewide Standards and National content standards, including those set by NCTE and NCTM. It also allows educators to make informed and timely decisions when administered with the other Current School Status Test, Eighth Edition (CSST-8).

The Stanford Series helps identify students' strengths and weaknesses in each individual and groups so that educators can make informed curriculum and subsequent decisions. SAT 10 offers:

- Valid and reliable information
- Flexible administration – Grade 1-12
- Grade-appropriate content
- Easy-to-use question-format
- Materials to support interpretation, instruction, and parent communication

Forms A and B are selected with the exception of the format of the language test. They are composed of the following subtests: Reading, Mathematics, Language, Spelling, Listening, Science, and Social Science.

The Form A language subtest uses a traditional approach that measures language proficiency through the assessment of language mechanics and expression.

The Form B language subtest uses a comprehensive approach that assesses language proficiency in a more holistic fashion that replicates the writing process as closely as possible. This subtest measures planning, composing, and editing in a holistic fashion that resembles a writing task.
