Read the following text and answer the questions below:

#### A STAR IN THE X GAMES

When the X Games first started out, they were not well-known. Only a few people watched and competed in them. However, the X Games had an attitude and style that reflected things many young people cared about, and in time, they became popular around the world.

In different areas of the world, athletes train and compete in their own versions of the X Games. The best athletes can advance to the global championship. At the championship, teams from six regions (Asia, Australia, Canada, Europe, South America, and the United States) face each other. There are summer sports (in line skating, biking, and skateboarding) and winter ones (skiing and snowboarding). The sports are so popular that some are even in the Olympics now!

There are many champions in the X Games, but one woman, Fabrice da Silva, has always stood out from the crowd. She's an extreme skater from Brazil, and she's easily recognizable with her tank top and short hair.

There are two different in-line skating categories: park and vert. In the park event, skaters compete on a course that has ledges, handrails, and other obstacles. In the vert event, skaters do tricks on a half-pipe.<sup>[1]</sup> They try to fly high in the air and spin. Fabrice competes in both events and has won six gold medals in the vert event, her specialty. She has been skating for years and has dominated<sup>[2]</sup> the women's events.

Fabrice is a pioneer. She was one of the first women to get very famous from the X Games, but she's not afraid of the guys. Ever since she received her first pair of skates at the age of 12, she's played with guys. Now she skates in competitions with them, and she beats many of them.

Fabrice's mother was a housekeeper and she was hard, but she saved her money to buy Fabrice's skates. It was a good investment. Fabrice has travelled abroad for events and has become famous in the international skating world.

Success hasn't gone to her head<sup>[3]</sup>, though. She's still a typical young woman: she has a boyfriend, she is taken to clubs often, and parties really hard. And she doesn't seem to care much about the attention she gets.

- ☐ a half-pipe is a curved structure with high sides, used for doing tricks
- ☐ a pioneer is someone who is successful and successful
- ☐ if something goes to your head, it makes you think about the attention you get
