*The Protection of Geographical Indications in China* Xinzhe Song, 2021-11-23 For some time now there has been conflict concerning the role in the global marketplace of certain agricultural or handcrafted products of specific geographical origin whether they should come under trademark law as favoured by common law countries such as the United States or under the geographical indications GI system developed in France and subsequently promoted by the European Union EU At this moment China is in the eye of the storm Taking fully into account the legislative and judicial gaps in China's compromised embrace of the GI concept this book shows how the Chinese case brings to prominence fundamental issues relating to the functional dissimilarity between trademarks and GIs the treatment of the terroir concept the role of GIs in rural development and the challenges of adopting the French and European model in other countries especially in East Asia Providing detailed information on how GIs are registered protected and managed in China France and the EU the book includes such practical analysis as the following comparison between the Chinese and European GI systems to highlight differences in essential elements for GI registration and protection mistakes and errors arising from forcing the GI function into trademark law the increasingly larger scope of EU GI protection protection of collective marks containing GIs and the extension of GI protection to handicrafts who is responsible for the protection of each registered name and who can sue for infringement and legislative options for future GI protection in China Recognizing not only that GIs protect consumers against fraud and producers against unfair competition but also that the goals include the preservation of rural development cultural heritage and traditional knowledge as well as environmental and ecological protection this book provides a comprehensive reference on legal tools available for policymakers legal practitioners researchers and local producers concerned with GI or trademark issues in China France or the EU It will prove greatly helpful to corporate lawyers filing international registration applications and taking legal action It will also be of inestimable value to officials in a variety of countries that are considering developing or improving systems to enhance the value of terroir products and to academics interested in intellectual property law trademark law agriculture policy GI legislation or World Trade Organization WTO rules

### **Bibliography of Agriculture with Subject Index ,1950      Dilemmas of a Trading Nation** Mireya Solis, 2017-08-01

The balancing of competing interests and goals will have momentous consequences for Japan and the United States in their quest for economic growth social harmony and international clout Japan and the United States face difficult choices in charting their paths ahead as trading nations Tokyo has long aimed for greater decisiveness which would allow it to move away from a fragmented policymaking system favoring the status quo in order to enable meaningful internal reforms and acquire a larger voice in trade negotiations And Washington confronts an uphill battle in rebuilding a fraying domestic consensus in favor of internationalism essential to sustain its leadership role as a champion of free trade In *Dilemmas of a Trading Nation* Mireya Solis describes how accomplishing these tasks will require the skillful navigation of vexing tradeoffs

that emerge from pursuing desirable but to some extent contradictory goals economic competitiveness social legitimacy and political viability Trade policy has catapulted front and center to the national conversations taking place in each country about their desired future direction economic renewal a relaunched social compact and projected international influence Dilemmas of a Trading Nation underscores the global consequences of these defining trade dilemmas for Japan and the United States decisiveness reform internationalism At stake is the ability of these leading economies to upgrade international economic rules and create incentives for emerging economies to converge toward these higher standards At play is the reaffirmation of a rules based international order that has been a source of postwar stability the deepening of a bilateral alliance at the core of America s diplomacy in Asia and the ability to reassure friends and rivals of the staying power of the United States In the execution of trade policy today we are witnessing an international leadership test dominated by domestic governance dilemmas Shared Governance for Sustainable Working Landscapes Timothy M. Gieseke,2016-08-05

Sustaining our agricultural landscapes is no longer just a technical scientific or even political problem but it has evolved into a socially complex so called wicked problem of conflicting social governance and economics This creates an extreme economic obstacle where the value of ecosystem services remains low and diffuse and the transactions costs remain high and multiple Using Uber like business platform technology and a shared governance model a symbiotic demand for environmental benefits is created Enabling multi sector transactions for environmental benefits this platform innovation would remedy the tragedy of the commons the economic nemesis to achieving landscape sustainability In a nutshell to sustain our agricultural landscapes a transdisciplinary approach supported by a shared governance model housed within a multi sided platform is needed This book introduces an assessment framework identifying governance actors styles and ratios for socio ecological systems The assessment uses a new governance compass to identify the types of actors completing which tasks and identifies the styles of governance used to complete the tasks It is aimed to anyone involved in sustainability science agricultural policy planning or integrated landscape design **Technical questions and answers for job**

*Achieving the Sustainable Development Goals* Simon Dalby,Susan Horton,Rianne Mahon,Diana Thomaz,2019-04-11 This book draws on the expertise of faculty and colleagues at the Balsillie School of International Affairs to both locate the Sustainable Development Goals SDGs as a contribution to the development of global government and to examine the political institutional and financial challenges posed by the SDGs The contributors are experts in global governance issues in a broad variety of fields ranging from health food systems social policy migration and climate change An introductory chapter sets out the broad context of the governance challenges involved and how individual chapters contribute to the analysis The book begins by focusing on individual SDGs examining briefly the background to the

particular goal and evaluating the opportunities and challenges particularly governance challenges in achieving the goal as well as discussing how this goal relates to other SDGs The book goes on to address the broader issues of achieving the set of goals overall examining the novel financing mechanisms required for an enterprise of this nature the trade offs involved particularly between the urgent climate agenda and the social economic goals the institutional arrangements designed to enable the achievement of the goals and offering a critical perspective on the enterprise as a whole Achieving the Sustainable Development Goals makes a distinctive contribution by covering a broad range of individual goals with contributions from experts on governance in the global climate social and economic areas as well as providing assessments of the overall project its financial feasibility institutional requisites and its failures to tackle certain problems at the core This book will be of great interest to scholars and students of international affairs development studies and sustainable development as well as those engaged in policymaking nationally internationally and those working in NGOs **Handbook**

**on Water Security** Claudia Pahl-Wostl,Anik Bhaduri,Joyeeta Gupta,2016-01-29 Water security has received increasing attention in the scientific and public policy communities in recent years The Handbook on Water Security is a much needed resource that helps the reader navigate between the differing interpretations of water security It explains the various dimensions of the topic by approaching it both conceptually and thematically as well as in relation to experiences in different regions of the world The international contributors explore the various perspectives on water security to show that it has multiple meanings that cannot easily be reconciled Topics discussed include challenges from human security to consumerism how trade policies can help to achieve water security in a transboundary setting the potential of risk based governance arrangements and the ecology of water security Scholars and postgraduate students in the social sciences working on water related issues will find this book to be of substantial interest It will strongly appeal to policymakers and practitioners looking at the strengths and limitations of water security European Space Policy Thomas Hoerber,Paul Stephenson,2015-09-25

Space policy is at the cutting edge of current EU policy developments and is a fascinating object of study involving multiple and diverse actors It is also an original and contemporary lens for studying European policy making This book explores advances in European space policy and their significance for European integration Using a framing methodology it addresses central questions in European studies in order to form an interdisciplinary bridge between current research in space policy and contemporary European political studies It assesses the interests of EU institutions in space and how these institutions perceive space policy Furthermore it demonstrates that space is a cross cutting policy domain affecting a diverse range of EU policy fields such as security transport and migration and underpinning the 21st century European and global economy In doing so this volume firmly locates space policy in the field of European Studies This innovative volume will be of key interest to students and scholars of a range of policy areas including common foreign and security policy technology policy transport policy internal market policies environmental policy development aid and disaster risk management as well as the EU
