Cook,2007 Computers have been a major resource in libraries for many years From the first OPAC terminal to librarian assisted DIALOG searching the role of computers in service to library patrons has come a long way Today library public computers serve many different needs of patrons Public computers are OPACs gateways to databases e books e journals video and audio content information resources about the library and its many services e mail kiosks and a destination where patrons find numerous software applications All of these resources are often loaded on each public computer and patrons flock to them These computers are fully networked and often configured for or attached to numerous peripherals This public computing environment presents a wide range of challenges to academic and research library staff and administrators In an environment that demands more of the resources the infrastructure and the staff who work to keep public computing the stable and reliable door to all things digital in the library how are libraries managing and supporting public computing to meet the needs and expectations of today s library user Publisher s Website *InfoWorld* ,1990 *PC Mag* ,1992-05-26 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology *PC Mag* ,2004-08-17 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology Logistics Clusters Yossi Sheffi,2012-09-14 How logistics clusters can create jobs while providing companies with competitive advantage Why is Memphis home to hundreds of motor carrier terminals and distribution centers Why does the tiny island nation of Singapore handle a fifth of the world s maritime containers and half the world s annual supply of crude oil Which jobs can replace lost manufacturing jobs in advanced economies Some of the answers to these questions are rooted in the phenomenon of logistics clusters geographically concentrated sets of logistics related business activities In this book supply chain management expert Yossi Sheffi explains why Memphis Singapore Chicago Rotterdam Los Angeles and scores of other locations have been successful in developing such clusters while others have not Sheffi outlines the characteristic positive feedback loop of logistics clusters development and what differentiates them from other industrial clusters how logistics clusters add value by generating other industrial activities why firms should locate their distribution and value added activities in logistics clusters and the proper role of

government support in the form of investment regulation and trade policy Sheffi also argues for the most important advantage offered by logistics clusters in today s recession plagued economy jobs many of them open to low skilled workers that are concentrated locally and not offshorable These logistics clusters offer what is rare in today s economy authentic success stories For this reason numerous regional and central governments as well as scores of real estate developers are investing in the development of such clusters View a trailer for the book at <http://techtv.mit.edu/videos/22284-logistics-clusters-yossi-sheffi>
