Exploring Poetry with Young Children Ann Watts, 2016-08-05 With the increased focus on children's language in Early Years education, poetry can be a valuable tool in enhancing speaking, listening, and communication. This book provides parents and practitioners with a guide on how and where to start with using poetry with children. Combined with practical suggestions on finding and using poems with children of differing ages and language ability, it also offers advice on how to encourage children to create and develop their own poems. *Exploring Poetry with Young Children* includes an anthology of a wide range of poems to use with children based on their everyday experiences, ensuring that adults can enhance the learning experience as it happens and enrich the language development of the children in their care. Divided into two parts, this book covers the nature of poetry and why it can be such an important part of our well-being; ways of using and sharing poetry with babies and toddlers; how to share poetry with children as they become confident users of language; the rhyming aspects of verse; and ways in which these can be used to develop children's phonic awareness, the importance of establishing a poetic awareness in young children. This will be an essential guide for all Early Years practitioners, students, and parents who are interested in using poetry to develop the speaking, listening, and communication skills of young children.

Everyone's Poetry Book Richard Wolff, 2005-07 *Everyone's Poetry Book* A book that shows every poetry lover that modern poetry can be understandable. Why should the lover of the beauty of language put up with unintelligibility in his own native tongue? Why should the reader of poetry face exile in searching for the best words in their best order? In reading Richard Wolff, you will see that only the lover of language, someone on intimate terms with her impervious ways, can begin to know what the best words and the best order may be. John McCabe. You'll thus note that Richard Wolff prides himself on his clarity, concreteness, and adherence to the discipline of poetic structure, virtues much ignored in current literary circles. At their best moments, the results of the poems of this collection create impressions of a voice of startling spontaneity. In Richard Wolff's pages, though we cannot always decipher why or how it happens, we rely on poetry to increase our knowledge of ourselves and to confirm us in the truth of our experience. There courses through these poems one primary passion that serves to bind together and direct all the others: the poet's passion for Beauty. If therefore you can reach for only one book of modern poetry from your bookshelf, reach for *Everyone's Poetry Book*. In it, you will find reward and fulfillment. Mr. Wolff spent most of his adult working life serving our nation in federal publishing, managing four Department of Defense printing plants in a 14-state Midwestern area. He and his wife Nancy live in northeast Illinois in Lindenhurst, close to the Illinois-Wisconsin border, and have 17 natural-born children, 12 girls and 5 boys.

What Do You Have To Say? Poetry's Eternal Question S. T. Kimbrough Jr., 2024-04-01 A poem shapes words in such a way that they say something about something. Poets put their words together

in many different ways from culture to culture The choice of words rhyme free verse etc and many other aspects of composition comprise the poet's art of rhetoric It is not the purpose here to pursue an extensive discussion of the characteristics of poetic rhetoric but rather to emphasize that poetry possesses many characteristics through which it conveys meaning Therefore the choice of words is an essential aspect of creating the effectiveness of poetry There are five sections 1 What Do You Have to Say 2 What Do You Have to Say about Knowledge 3 What Do You Have to Say about Truth 4 What Do You Have to Say about Caring 5 What Do You Have to Say about Social Issues The poems of each section explore the role and effect of our words and verbalization in addressing each subject The poems themselves do not solve problems but are a call to alarm that what we have to say greatly impacts the choices that we make personally and that communities make corporately They beckon us to think carefully about what we have to say about anything especially the gravest and most significant concerns of life
