Physics Extension File Jim Breithaupt, 2002 This physics extension file includes teaching notes, guidance on coursework activities and equipment. It has at least one assignment for each topic in the textbooks suitable for classwork and homework. A comprehensive range of practical activities are included. It contains extensive Key Skills and ICT materials. An exam file resource containing a complete set of exam style questions in a format that can be used throughout Years 10 and 11 or as a resource for a revision programme is included. Physics Jim Breithaupt, 1994 This teacher's guide accompanies a textbook written for the co-ordinated science syllabuses under the National Curriculum and for Science Physics. There are companion volumes on biology and chemistry. Topics are differentiated into core material for Double Science and extension material for Science Physics. These topics are linked to related ones in the companion volumes but the links are optional, allowing the physics book to stand alone. The teacher's guide includes a link to the Programme of Study for Sc4 and part of Sc3 and an analysis of the separate science syllabuses of all the main boards. Key Science David Applin, 2002 Revised and updated to take account of the new co-ordinated syllabuses under the National Curriculum, this book offers a comprehensive and authoritative guide to biology.
