

# Operation

**Important:** This blower is intended for outdoor, residential use only. Do not use it indoors or for commercial or industrial purposes.

## Connecting to a Power Source

Use only a polarized (i.e., one blade is wider than the other), UL listed (CSA certified in Canada) extension cord recommended for outdoor use. A polarized plug will fit in a polarized cord only one way. If the plug does not fit fully in the cord, reverse the cord. If it still does not fit, purchase a polarized extension cord. Do not change the plug in any way.

| Extension Cord Length | Minimum Wire Gauge (A.W.G.) |
|-----------------------|-----------------------------|
| 100 ft.               | 16                          |
| 150 ft.               | 14                          |

**Note:** Do not use an extension cord over 150 feet.

### Warning

If you do not fully seat the extension cord on the inlet plug, the loose plug could lead to overheating and cause a fire, possibly burning you or others.

Ensure that you fully seat the cord on the plug and use the cord lock feature to secure the cord.

**Important:** Check the power cord frequently during use for holes in the insulation. Do not use a damaged cord. Do not run the cord through standing water or wet grass.

## Starting/Stopping/Adjusting the Air Speed

PS-2 150

## Using the Concentrator Nozzle Accessory

Install the concentrator nozzle into the blower tube to help reach into narrow spaces or to move melted debris off of hard surfaces.

PS-2 150

Remove the concentrator nozzle when finished.

PS-2 150
