What Do I Know People Politics And The Arts:

The Saturday Review of Politics, Literature, Science and Art ,1906 **Saturday Review of Politics, Literature, Science and Art** ,1856 **Aesthetics, Disinterestedness, and Effectiveness in Political Art** Maria-Alina

Asavei,2018-09-15 Should politically concerned and engaged artistic production disregard questions or and requirements of aesthetic reception and value Whether art should be aesthetic or political is not a new question Therefore in spite of those several contemporary approaches of this issue the answer is not set in stone and the debate is still going on This volume aims to broaden these debates and it stems from numerous conversations with politically engaged artists and artist collectives on issues related to the aesthetization of politics versus the politicization of art as well as the phenomenon of the so called unhealthy aestheticism in political art Thus this study has three interrelated aims Firstly it aims to offer an interdisciplinary account of the relationship between art and politics and between aesthetics and the political Secondly it attempts to explore what exactly makes artistic production a strong yet neglected field of political critique when democratic political agency history from below and identity politics are threatened Finally to illuminate the relationship between critical political theory on the one hand and the philosophy of art on the other by highlighting artworks moral political and epistemic abilities to reveal criticize problematize and intervene politically in our political reality **The Routledge Companion to Art and Politics**

Randy Martin,2015-02-11 The Routledge Companion to Art and Politics offers a thorough examination of the complex relationship between art and politics and the many forms and approaches the engagement between them can take The contributors a diverse assembly of artists activists scholars from around the world discuss and demonstrate ways of making art and politics legible and salient in the world As such the 32 chapters in this volume reflect on performing and visual arts music film and new media as well as covering social practice community based work conceptual interventionist and movement affiliated forms The Companion is divided into four distinct parts Conceptual Cartographies Institutional Materialities Modalities of Practice Making Publics Randy Martin has assembled a collection that ensures that readers will come away with a wider view of what can count as art and politics where they might find it and how it moves in the world The diversity of perspectives is at once challenging and fortifying to those who might dismiss political art on the one hand as not making sufficient difference and on the other to those embracing it but seeking a means to elaborate the significance that it can make in the world The Routledge Companion to Art and Politics brings together a range of issues and approaches and encourages critical and creative thinking about how art is produced perceived and received **The Saturday Review of**

Politics, Literature, Science, Art, and Finance ,1863 Canadian Magazine of Politics, Science, Art & Literature ,1922

Political Choreographies, Decolonial Theories, Trans Bodies Marina Gržinić,Jovita Pristovšek,2023-04-12 This book opens a discussion on bodies gender and decolonial horizons subjects that are increasingly becoming a political front in the search for justice It offers an in depth look at the positions and current developments in decolonial theory Black Marxism

trans studies and contemporary performance research and practice The focus is on decolonial theory and trans bodies bringing forth a discussion of otherness shaped by race class and trans What kind of body movement and politics can be conceived to attack the neoliberal current with its accelerated digital changes and seemingly dispersed but in reality hyper flexible bureaucratic controls

The Power of Political Art Robert Shulman,2000 During the 1930s radical young writers artists and critics associated with the Communist Party animated a cultural dialogue that was one of the most stimulating in American history With the dawning of the Cold War however much of their work fell out

Platonic Political Art John R. Wallach,2010-11-01 In this first comprehensive treatment of Plato s political thought in a long time John Wallach offers a critical historicist interpretation of Plato Wallach shows how Plato s theory while a radical critique of the conventional ethical and political practice of his own era can be seen as having the potential for contributing to democratic discourse about ethics and politics today The author argues that Plato articulates and solves his Socratic Problem in his various dialogues in different but potentially complementary ways The book effectively extracts Plato from the straightjacket of Platonism and from the interpretive perspectives of the past fifty years principally those of Karl Popper Leo Strauss Hannah Arendt M I Finley Jacques Derrida and Gregory Vlastos The author s distinctive approach for understanding Plato and he argues for the history of political theory in general can inform contemporary theorizing about democracy opening pathways for criticizing democracy on behalf of virtue justice and democracy itself

Politics and Aesthetics in the Arts Salim Kemal,Ivan Gaskell,2000-02-24 This volume brings together essays from distinguished scholars in a variety of disciplines philosophy history literary studies art history to explore various ways in which aesthetics politics and the arts interact with one another Politics is an elastic concept covering an oceanic breadth of mechanisms for conducting relations between empowered groups and these essays offer a range of perspectives including nations classes and gendered subjects which examine the imbrication of politics with arts Together they demonstrate the need to counteract the reductionist view of the relationship between politics and the arts which prevails in different ways in both philosophy and critical theory and suggest that the irreducibility of the aesthetic must prompt us to reconceive the political as it relates to human cultural activity

Jean-Jacques Rousseau: Politics, art, and autobiography John T. Scott,2006 Bringing together critical assessments of the broad range of Rousseau s thought with a particular emphasis on his political theory this systematic collection is an essential resource for both student and scholar
