King,Iowa Sociological Association,Manford Kuhn Award,2001 It's Not Personal, It's P. . You Know What It Is Lolita A. Kelson,2013-04 Do you think men have trouble expressing their true feelings Would you say men shut down or shut off their emotions It s Not Personal It s Penis Real Men Feel has captured the voices of different men craving the same thing to be heard From a man s lips to someone s ears let that someone be you as you listen and learn how some real men feel about relationships with women partners wives significant others and girlfriends You may be surprised by what you read and learn However it s about time you hear what needs to be said and allow men to be real men who have feelings and thoughts to express Can you handle it *The 12 Lists Men and Women Think They Know* Moisaquw Blanc,2013-02-26 This book was

written to help the common men and women to understand one another Majority of people out there who reads relationship books usually come out in the end with half the knowledge or none at all They seem to forget what they have just read The reason why this happen is either two things first the reader probably already knew about those topics thus making it daunting for him or her to relate to the scenarios the book presented Most relationship books may sound the same as the rest to the reader unless something new is introduced Second many authors want to sugarcoat everything We believe the ultimate mistake an author can do when writing relationship books is to treat readers like children by sugarcoating every word We feel the readers have the right to know all the truth The whole good dirty damn truth With that said we apologize in advance if any words in this book seem to be unmannerly Our intention is not to enrage you Nor is it to conceal what most authors are afraid to say in order to protect their prestige You will notice that this may be the only book on relationships so far that is not afraid to tell it how it is Sugar coating does not exist here
