Keith demonstrates that men such as Jean Baptiste LaPrise were as important in furthering the interests of the North West Company north of Athabasca as any of the clerks or proprietors who kept the accounts and wrote the journals included here. The journals, often in fractured English or colloquial Canadian French and incorporating aboriginal terminology, make intriguing reading. A glossary is provided to assist with some of the more arcane terms. *North of Athabasca* fills an important void in the literature on this period and region. Readers interested in fur trade history as well as students of exploration, genealogy, ethnography, and Native studies will find this a welcome addition to the literature on a fascinating topic. **The**
