Muslimness in Contemporary Literary Imaginations Neriman Kuyucu, 2025-10-14 Focusing on imagination and self representation as a key sociocultural force this book examines the diverse ways Muslim writers articulate complex and multifaceted conceptualizations of Muslimness at the critical conjuncture of culture faith gender sexuality and diasporic experience It highlights how contemporary fiction offers valuable insights into discussions on Muslims This book situates Muslim writing in relation to Muslimness as an inherently contradictory field of meaning and the Muslim diaspora which is re conceptualized as Muslim diaspora space Muslim diaspora space can be used as an analytical framework that can highlight

an emerging literary site that Muslim writers create within the current politics of representation The texts selected for close analysis in this book demonstrate that diasporic experience is not limited to displacement and its challenges the process of diasporization also signifies the creative potential arising from navigating the tensions between mobility and rootedness sameness and difference and loss and renewal Evenings in My Tent Nathan Davis,1854 **The African**

Disposable People Kevin Bales,2012-04-23 Slavery is illegal throughout the world yet more than twenty seven million people are still trapped in one of history s oldest social institutions Kevin Bales s disturbing story of slavery today reaches from brick kilns in Pakistan and brothels in Thailand to the offices of multinational corporations His investigation of conditions in Mauritania Brazil Thailand Pakistan and India reveals the tragic emergence of a new slavery one intricately linked to the global economy The new slaves are not a long term investment as was true with older forms of slavery explains Bales Instead they are cheap require little care and are disposable Three interrelated factors have helped create the new slavery The enormous population explosion over the past three decades has flooded the world s labor markets with millions

of impoverished desperate people The revolution of economic globalization and modernized agriculture has dispossessed poor farmers making them and their families ready targets for enslavement And rapid economic change in developing countries has bred corruption and violence destroying social rules that might once have protected the most vulnerable individuals Bales s vivid case studies present actual slaves slaveholders and public officials in well drawn historical geographical and cultural contexts He observes the complex economic relationships of modern slavery and is aware that liberation is a bitter victory for a child prostitute or a bonded miner if the result is starvation Bales offers suggestions for combating the new slavery and provides examples of very positive results from organizations such as Anti Slavery International the Pastoral Land Commission in Brazil and the Human Rights Commission in Pakistan He also calls for researchers to follow the flow of raw materials and products from slave to marketplace in order to effectively target campaigns of naming and shaming corporations linked to slavery Disposable People is the first book to point the way to abolishing slavery in today s global economy All of the author s royalties from this book go to fund anti slavery projects around the world

Speaking of the Moor Emily C. Bartels,2010-08-03 Selected by Choice magazine as an Outstanding Academic Title Speak of me as I am Othello the Moor of Venice bids in the play that bears his name Yet many have found it impossible to speak of his ethnicity with any certainty What did it mean to be a Moor in the early modern period In the late sixteenth and early seventeenth centuries when England was expanding its reach across the globe the Moor became a central character on the English stage In The Battle of Alcazar Titus Andronicus Lust s Dominion and Othello the figure of the Moor took definition from multiple geographies histories religions and skin colors Rather than casting these variables as obstacles to our and England s understanding of the Moor s racial and cultural identity Emily C Bartels argues that they are what make the Moor so interesting and important in the face of growing globalization both in the early modern period and in our own In *Speaking of the Moor* Bartels sets the early modern Moor plays beside contemporaneous texts that embed Moorish figures within England s historical record Richard Hakluyt s Principal Navigations Queen Elizabeth s letters proposing the deportation of England s blackamoors and John Pory s translation of The History and Description of Africa Her

book uncovers the surprising complexity of England's negotiation and accommodation of difference at the end of the Elizabethan era **The Moor** William Atkins, 2014-05-13 In this deeply personal journey across our nation's most forbidding and most mysterious terrain William Atkins takes the reader from south to north in search of the heart of this elusive landscape His account is both travelogue and natural history and an exploration of moorland's uniquely captivating position in our literature history and psyche Atkins may be a solitary wanderer across these vast expanses but his journey is full of encounters busy with the voices of the moors past and present murderers and monks smugglers and priests gamekeepers and ramblers miners and poets developers and environmentalists As he travels he shows us that the fierce landscapes we associate with Wuthering Heights and The Hound of the Baskervilles are far from being untouched wildernesses Daunting and defiant the moors echo with tales of a country and the people who live in it a mighty age old landscape standing steadfast against the passage of time A Journal Comprising an Account of the Loss of the Brig Commerce of Hartford, Conn Archibald Robbins, 1821 *The Gentleman's Magazine: Indexes to the essays, dissertations, transactions, and historical passages; and to the poetical articles*, 1821
