## The Myth Of The Goddess Evolution Of An Image:

The Myth of the Goddess Anne Baring, Jules Cashford, 1993-03-25 A comprehensive scholarly accessible study in which the authors draw upon poetry and mythology art and literature archaeology and psychology to show how the myth of the goddess has been lost from our formal Judeo Christian images of the divine They explain what happened to the goddess when and how she was excluded from western culture and the implications of this loss The Myth of the Goddess Anne **Being and Motion** Thomas Nail, 2019 More than at any other time in human history we live in an age defined by movement and mobility and yet we lack a unifying theory which takes this seriously as a starting point for philosophy The history of philosophy has systematically explained movement as derived from something else that does not move space eternity force and time Why when movement has always been central to human societies did a philosophy based on movement never take hold This book finally overturns this long standing metaphysical tradition by placing movement at the heart of philosophy In doing so Being and Motion provides a completely new understanding of the most fundamental categories of ontology from a movement oriented perspective quality quantity relation modality and others It also provides the first history of the philosophy of motion from early prehistoric mythologies up to contemporary ontologies Through its systematic ontology of movement Being and Motion provides a path breaking historical ontology of our present of Man: Gods of Nature - God of War Gary R. Varner, 2007-10-14 Today the majority of humankind worships a single God Although this God is said to be all loving and wanting peace for his worshippers there is very little peace among the three religions based on common theology Judaism Christianity and Islam all foster hatred for one another causing millions of deaths and untold suffering for hundreds of years This book explores the mythic historical and archaeological record to illustrate the history of these conflicts The Gods of Man also looks at how monotheism eventually dominated and destroyed the ancient and peaceful goddess traditions that had existed for thousands of years before Is the God of today simply used to enforce government edicts justify war and to control society Gary R Varner has written several articles and books on ancient religions folklore and mythology He is a member of the American Folklore Society and the Foundation for Mythological Studies Transfiguring America Jeffrey Steele, 2001 Transfiguring America is the product of more than ten years of research and numerous published articles on Margaret Fuller arguably America's first feminist theorist and one of the most important woman writers in the nineteenth century Focusing on Fuller's development of a powerful language that paired cultural critique with mythmaking Steele shows why her writing had such a vital impact on the woman's rights movement and modern conceptions of gender This groundbreaking study pays special attention to the ways in which Fuller's feminist consciousness and social theory emerged out of her mourning for herself and others her dialogue with Emersonian Transcendentalism and her eclectic reading in occult and mythical sources Transfiguring America is the first book to provide detailed analyses of all of Fuller's major texts including her mystical Dial essays correspondence with Emerson Summer on

and existential struggles not struggles of competition but of connection the struggles of fragmented incomplete individuals for integration wholeness and unity H. P. Lovecraft and the Black Magickal Tradition John L. Steadman, 2015-09-01 Modern practicing occultists have argued that renowned horror writer H P Lovecraft was in possession of in depth knowledge of black magick Literary scholars claim that he was a master of his genre and craft and his findings are purely psychological nothing more Was Lovecraft a practitioner of the dark arts himself Was he privileged to knowledge that cannot be otherwise explained Weaving the life story of Lovecraft in and out of an analysis of various modern magickal systems scholar John Steadman has found direct and concrete examples that demonstrate that Lovecraft's works and specifically his Cthulhu Mythos and his creation of the Necronomicon are a legitimate basis for a working magickal system Whether you believe Lovecraft had supernatural powers or not no one can argue against Lovecraft s profound influence on many modern black arts and the darker currents of western occultism Beat Myths in Literature Estíbaliz Encarnación-Pinedo, 2023-09-22 Beat Myths in Literature reassesses the work of women poets associated with the Beat Generation from the critical lens of revisionist discourses Using the metaphor and the critical lens of looking back an act infused with feminist implications after Adrienne Rich 1972 the volume focuses on poetry fiction and autobiographical writing to analyze the different ways in which Beat women used revisionist discourses to refashion the Beat Generation and establish themselves as literary and artistic subjects Offering the first comprehensive study of the use of mythology in the Beat Generation Beat Myths in Literature Revisionist Strategies in Beat Women focuses on the specific re writing or revisioning of mythical texts As such it studies the ways in which Beat poets incorporate mythology into their works both through the feminist reinvention or appropriation of ancient myths but also by debunking more contemporary myths used to contain women in particular social and artistic roles Furthermore this volume expands Rich's notion of revision considering memoirs and autobiographies as factual and fictional re interpretations of history Seen through the eyes of revisionist studies and the poets investment in personal myth the book establishes new points of entrance into works that allow us to explore the feminist political and poetical relevance of the work of Beat women
