Bromberg, 2013-06-17 In Awakening the Dreamer Clinical Journeys Philip Bromberg continues the illuminating explorations into dissociation and clinical process begun in Standing in the Spaces 1998 Bromberg is among our most gifted clinical writers especially in his unique ability to record peripheral variations in relatedness those subtle split second changes that capture the powerful workings of dissociation and chart the changing self states that analyst and patient bring to the moment For Bromberg a model of mind premised on the centrality of self states and dissociation not only offers the optimal lens for comprehending and interpreting clinical data it also provides maximum leverage for achieving true intersubjective relatedness And this manner of looking at clinical data offers the best vantage point for integrating psychoanalytic experience with the burgeoning findings of contemporary neuroscience cognitive and developmental psychology and attachment research Dreams are approached not as texts in need of deciphering but as means of contacting genuine but not yet fully conscious self states From here he explores how the patient s dreamer and the analyst s dreamer can come together to turn the real into the really real of mutative therapeutic dialogue. The difficult frequently traumatized patient is newly

appraised in terms of tensions within the therapeutic dyad And then there is the haunted patient who carries a sense of preordained doom through years of otherwise productive work until the analyst can finally feel the patient s doom as his or her own Laced with Bromberg's characteristic honesty humor and thoughtfulness these essays elegantly attest to the mind's reliance on dissociation in both normal and pathological variants in the ongoing effort to maintain self organization Awakening the Dreamer no less than Standing in the Spaces is destined to become a permanent part of the literature on Cloudless Mind, Volume 1 Daniel Brown, 2025-09-12 Cloudless Mind invites you into Dan therapeutic process and change Brown s Wednesday night class where he tackles life s toughest questions with a unique blend of Western psychology and Eastern wisdom Drawing on decades of experience in trauma treatment and meditation instruction with esteemed Lamas he offers profound transformative insights on the mind life and spirituality Radical Happiness: A Guide to Awakening Gina Lake, 2007-09 Radical Happiness is for seekers who are ready to be finders and anyone asking the question Who am I really Radical Happiness provides the keys to experiencing the happiness that is always present and not dependent on circumstances This happiness doesn t come from getting what you want but from wanting what already is It comes from realizing that who you think you are is not who you really are This is a radical perspective Radical Happiness describes the nature of the egoic state of consciousness the mind's role in maintaining it how this interferes with happiness what awakening and enlightenment are and how to live in this world following awakening Exercises are included to help you apply the information and transform your experience of life and become happier
