The Kerner Commission Report:

The Essential Kerner Commission Report Jelani Cobb, 2021-07-27 Recognizing that an historic study of American racism and police violence should become part of today's canon Jelani Cobb contextualizes it for a new generation The Kerner Commission Report released a month before Martin Luther King Jr's 1968 assassination is among a handful of government reports that reads like an illuminating history book a dramatic often shocking exploration of systemic racism that transcends its time Yet Columbia University professor and New Yorker correspondent Jelani Cobb argues that this prescient report which examined more than a dozen urban uprisings between 1964 and 1967 has been woefully neglected In an enlightening new introduction Cobb reveals how these uprisings were used as political fodder by Republicans and demonstrates that this condensed edition of the Report should be essential reading at a moment when protest movements are challenging us to uproot racial injustice A detailed examination of economic inequality race and policing the Report has never been more relevant and demonstrates to devastating effect that it is possible for us to be entirely cognizant of history and still tragically repeat it *The Complete Kerner Report* National Advisory Commission on Civil Disorders, 2024-10 Given the present day threats to American democracy and the deep political divisions ahead of the 2024 presidential election Teachers College Press is publishing this federal report with a new introduction The Kerner Commission Report was issued by the National Advisory Commission on Civil Disorders a presidential commission established by President Lyndon B Johnson to determine the causes of urban riots during the summer of 1967 and to provide suggestions for improving race relations After 7 months of investigation a groundbreaking report was released that sent shockwaves through the nation Contrary to commonly held beliefs that largely blamed young Black men for the riots the report pointed to a lack of economic opportunity disastrous social service programs white racism police violence and a biased national media This federal report is being reissued to accompany the new book edited by Alan Curtis *Creating Justice in a Multiracial Democracy* which is a collection of essays by seminal scholars and activists on how the United States has or has not progressed since the Kerner Commission Report

The Complete Kerner Report National Advisory Commission on Civil Disorders, 2024-10-25 Given the present day threats to American democracy and the deep political divisions ahead of the 2024 presidential election Teachers College Press is publishing this federal report with a new introduction The Kerner Commission Report was issued by the National Advisory Commission on Civil Disorders a presidential commission established by President Lyndon B Johnson to determine the causes of urban riots during the summer of 1967 and to provide suggestions for improving race relations After 7 months of investigation a groundbreaking report was released that sent shockwaves through the nation Contrary to commonly held beliefs that largely blamed young Black men for the riots the report pointed to a lack of economic opportunity disastrous social service programs white racism police violence and a biased national media This federal report is being reissued to accompany the new book edited by Alan Curtis *Creating Justice in a Multiracial Democracy* which is a collection of essays by seminal scholars and activists on how the United States has or has not progressed since the Kerner Commission Report

The Kerner Report National Advisory Commission on Civil Disorders, 2016-05-10 A landmark study of racism inequality and police violence that continues to hold important lessons today The Kerner Report is a powerful window into the roots of racism and inequality in the United States Hailed by Martin Luther King Jr as a physician's warning of approaching death with a prescription for life this historic study was produced by a presidential commission established by Lyndon Johnson chaired by former Illinois governor Otto Kerner and provides a riveting account of the riots that shook 1960s America The commission pointed to the polarization of American society white racism economic inopportunity and other factors arguing that only a compassionate massive and sustained effort could reverse the troubling reality of a racially divided separate and unequal society Conservatives criticized the report as a justification of lawless violence while leftist radicals complained that Kerner didn't go far enough But for most Americans this report was an eye opening account of what was wrong in race relations Drawing together decades of scholarship showing the widespread and ingrained nature of racism The Kerner Report provided an important set of arguments about what the nation needs to do to achieve racial justice one that is familiar in today's climate Presented here with an introduction by historian Julian Zelizer The Kerner Report deserves renewed attention in America's continuing struggle to achieve true parity in race relations income employment education and other critical areas

the National Advisory Commission on Civil Disorders popularly known as the Kerner Commission Convened by President Lyndon Johnson after riots in Newark and Detroit left dozens dead and thousands injured the commission issued a report in 1968 that attributed the unrest to white racism and called for aggressive new programs to end discrimination and poverty Our nation is moving toward two societies it warned one black and one white separate and unequal Johnson refused to accept the Kerner Report and as his political coalition unraveled its proposals went nowhere For the right the report became a symbol of liberal excess and for the left one of opportunities lost Separate and Unequal is essential for anyone seeking to understand the fraught politics of race in America

George C. Galster,1996 Confidence was at its highest in the 1960s that governments could solve many of the country s urban problems by commissioning social science studies and being guided by their findings Here 11 studies critically evaluate the three decades of such policy analysis in a wide range of urban policy arenas including community development transportation and land use education housing family support and social welfare drugs and racial discrimination They find mixed results in different areas sometimes the system worked wonderfully sometimes the studies were excellent but ignored and sometimes the studies were conducted merely to support policy adopted for other reasons No index Annotation copyright by Book News Inc Portland OR **Hearings, Reports and Prints of the Senate Select Committee on Presidential Campaign Activities**
