increasingly associated the new literary mode of being alone with states of disembodiment dispersal and echoic self doubling. Seemingly solitary lonely voices often dissolve into polyvocal allusive community. Worsley argues when in dialogue with each other and also with classical figures of feminized lament such as Sappho, Echo and Philomela. The book's provocative reflections on lyric mean that it will have a broad appeal to scholars interested in the history of poetry and poetics as well as to those who study the literary history of gender affect and emotion. **Adolf Galland** David Baker, 2025-09-15

A remarkable story of integrity, skill and survival in a world divided by war. The most famous German fighter pilot of World War II, Adolf Galland was respected by both comrades and former enemies alike. A highly decorated ace with over 100 air-to-air victories in the West, he was a recipient of the Knight's Cross with Oak Leaves, Swords and Diamonds, which was awarded to only 27 men among the millions who served. After the war, he built friendships with the very Allied pilots he once fought and was admired as much for his integrity as for his prowess as a pilot and commander. In his final years, he worked closely with historian David Baker to produce this authorised biography, largely illustrated with photographs from his private albums. Offering a rare glimpse into both the air battles of World War II and the inner workings of the Luftwaffe and now featuring new appendices that include the latest research into Galland's aerial kills, this book stands as an essential record of one of history's most remarkable fighter pilots. **Creating Drama with 4-7 Year Olds** Miles Tandy, Jo Howell, 2009-12-04

This practical book gives you all the ideas you need to make drama a regular and integral part of your school's curriculum, offering detailed suggestions of drama work for ages four to seven. The teaching units are arranged around four strands: drama for literacy, drama and the whole curriculum, drama film, media and ICT, and drama for performance. The authors provide a wealth of practical activities throughout. Each unit includes explicit links to the Renewed Framework for literacy and the wider curriculum, a list of resources needed, clear learning objectives and outcomes, steps for teaching and learning, including how to modify activities to suit your school, links to writing assessment guidance. Based on the authors' experience as teachers and in-service trainers, this book provides a wide range of ideas and activities for inspiring drama across the Foundation Stage and Key Stage 1 and is essential reading for all those interested in bringing drama into their school. Cultural Perceptions

of Violence in the Hellenistic World Michael Champion, Lara O'Sullivan, 2017-04-21. Violence had long been central to the experience of Hellenistic Greek cities and to their civic discourses. This volume asks how these discourses were shaped and how they functioned within the particular cultural constructs of the Hellenistic world. It was a period in which warfare became more professionalised and wars increasingly ubiquitous. The period also saw major changes in political structures that led to political and cultural experimentation and transformation in which the political and cultural heritage of the classical city-state encountered the new political principles and cosmopolitan cultures of Hellenism. Finally, and in a similar way, it saw expanded opportunities for cultural transfer in cities through re-constructions of urban space. Violence thus entered the city through external military and political shocks as well as within emerging social hierarchies and civic

institutions Such factors also inflected economic activity religious practices and rituals and the artistic literary and philosophical life of the polis      **Wild Heritage: The Killing of George Montour** Douglas E. Waldron,2013-06-12

Yet Fitzgerald her late age pessimism notwithstanding seeks with the aid of her own religious understandings in each of her novels to wrestle meaning consolation and even comedy from circumstances not noticeably propitious Or as she herself memorably spoke of her own deepest convictions I can only say that however close I've come by this time to nothingness I have remained true to my deepest convictions I mean to the courage of those who are born to be defeated the weaknesses of the strong and the tragedy of misunderstandings and missed opportunities which I have done my best to treat as a comedy for otherwise how can we manage to bear it The recipient of Britain's Booker Prize and America's National Book Critics Circle Award Penelope Fitzgerald's reputation as a novelist and author more generally has grown since her death significantly to the point that she is now widely judged one of Britain's finest writers comparable in worth to the likes of Jane Austen George Eliot and Virginia Woolf
