Johnson,2017-10-30 Identifying the scenes of written texts is a critical skill for following the course set by an author Even a small variation in course heading can result in compounding an error over time with regard to one s intended destination Perhaps nowhere is this more important than in the opening unit of Mark s Gospel In this book Brad Johnson sets out to follow the course prescribed by the author of the second Gospel Making use of the principles of Inductive Bible Study rhetorical criticism and a study of ancient prologues Johnson makes a twofold case that Mark s opening unit the first fifteen verses demonstrates a formal integrity and performs a rhetorical function As such the Markan prologue situates the public life and ministry of Jesus within the broader context of an epic drama A failure to acknowledge the unique contribution of Mark as author in this regard will likely result in a destination the author never intended **Other Voices in Old Testament Interpretation** W. Creighton Marlowe,2019-09-17 The main goal of this book is to provide a collection of essays formerly only available separately in various academic journals that offer untraditional and original exegetical insights into or solutions to popular or problematic Old Testament texts and topics It illustrates the science and art of exegesis by an author within a broad evangelical context and demonstrates the interpretive value of reading biblical texts without prejudice to tradition and with careful attention to their historical and cultural contexts *Dimensiunea extatica a actului profetic in Vechiul Testament* Bogdan-Vasile Marcasan, Cartea contine repere critice pentru interpretarea viselor viziunilor si manifestarilor extatice biblice Preocuparea diferentierii viselor adevarate de cele false e o constanta a tuturor generatiilor Studiul evidentiaza visul biblic ca mijloc revelational care transmite voia lui Dumnezeu Interpretarea conexiunii dintre vis si profetie in termenii cercetarilor contemporane propune o nota de originalitate lucrarii Dincolo de continutul propriu zis al visului interpretarea acestuia ii confera relevanta peste veacuri Prin apelul studiului la antropologia culturala si teologia

biblica cititorul are posibilitatea sa descrie in termenii culturali actuali manifestarile onirice ale popoarelor antice In felul acesta Intalnirea culturilor il fereste pe cititor de anacronism **Judges 13-21** Jack M. Sasson,2025-08-27 The second volume of Jack M Sasson s authoritative commentary on the book of Judges The second half of Judges is set when there was no king in Israel anyone could do whatever felt right It narrates the tale of Samson the would be liberator of Israel who comes to a violent end the conquest of the land of Laish and a vicious rape that when followed by a shocking dismemberment ignites a war among the tribes In the second installment of his authoritative two volume commentary Jack M Sasson invites his readers to ponder the many levels of meaning in the Hebrew text through a careful survey of its contents evolution and reception By situating the text alongside its earliest translations into Greek Aramaic and Latin Sasson offers compelling observations on the characters action pacing and style of the narrative focusing on the characterization of Samson as a resourceful avenger of Philistine cruelties and as an instrument of God intended to humiliate false divinities Sasson draws widely on comparative literature from Egypt Greece and Mesopotamia to enrich our understanding of how biblical writers adapted older regional sagas and he derives insights from Hellenistic and rabbinic sources to re create how Judges was understood by its earliest readers Comprehensive and engagingly written Judges 13 21 is an invitation to readers to rediscover these ancient stories and in so doing gain a greater appreciation for the art of Hebrew storytelling *FM 2014: Formal Methods* Cliff Jones,Pekka Pihlajasaari,Jun Sun,2014-04-18 This book constitutes the refereed proceedings of the 19th International Symposium on Formal Methods FM 2014 held in Singapore May 2014 The 45 papers presented together with 3 invited talks were carefully reviewed and selected from 150 submissions The focus of the papers is on the following topics Interdisciplinary Formal Methods Practical Applications of Formal Methods in Industrial and Research Settings Experimental Validation of Tools and Methods as well as Construction and Evolution of Formal Methods Tools **Drunk in the Spirit** Merrill G. Greene,2025-07-15 Sloshed Hammered Doing carpet time Sipping godka Videos showing people falling down shaking and spontaneously laughing all in church If one has not grown up in the Charismatic or Pentecostal tradition the concept of being drunk in the Spirit likely seems baffling Yet in recent decades the idea of spiritual intoxication has gained traction What should we think about such odd looking manifestations Does the Bible speak of anything like this How should we discern such things In this book readers will find a sustained analysis of passages from the Bible dealing with these very topics Readers may be shocked at how trances ecstatic episodes and altered states of consciousness are indeed found within the pages of sacred Scripture some of them hidden in one s own cherished stories **Discovering Luke** Joel B. Green,2021-09-16 This interpretation of Luke encourages in depth study of the text and genuine grappling with the theological and sociohistorical questions it raises It draws on a range of methodological interests author text and reader centered as complementary rather than mutually exclusive ways of understanding the text It also recognizes the importance of the reception history of biblical texts increasingly viewed as a vital aspect of interpretation rather than an optional extra

Throughout Discovering Luke Joel Green gives readers strategies for reading the Gospel of Luke and guides them through Luke s world in its historical ideological political and economic contexts Green reviews key issues raised by the Gospel and connects these issues to questions of how Luke should be interpreted today *Inductive Metaphysics* Andreas Hüttemann,Gerhard Schurz,2025-08-26 Inductive Metaphysics IM is a comparatively new branch of metaphysics that justifies metaphysical principles by inductive or abductive inferences from empirical evidence rather than by purely logico conceptual considerations This is the first volume to provide a representative picture of current research and debates in this branch of metaphysics Metaphysics was traditionally conceived as a purely conceptual a priori enterprise Besides the traditional view there has always been the opposite view of metaphysics as an a posteriori discipline but it was not until the 19th century that an a posteriori understanding of metaphysics was turned into a philosophical program entitled Inductive Metaphysics The program of IM argues that premises in metaphysical arguments should rely on empirical data and that inductive and abductive inferences are legitimate methods in metaphysics This volume explores IM as a continuously expanding and highly topical field of metaphysics with contributions in virtually all domains of the discipline The chapters are divided into six thematic sections It starts with a section on the increasing role of IM in the history of philosophy and in contemporary philosophy The next section addresses the central role of the method of abduction for IM followed by a section on the relation of IM to metaphysical accounts of grounding explanation and evidence and a section on IM and the formation of concepts The last two sections cover the applications of IM in physics and in the life sciences Inductive Metaphysics will appeal to scholars and graduate students working in metaphysics philosophy of science epistemology logic and cognitive science The Open Access version of this book available at www taylorfrancis com has been made available under a Creative Commons Attribution ShareAlike CC BY SA 4 0 International license Funded by DFG research unit FOR 2495 project number SCHU 1566 13 1 and Heinrich Heine Universit t D sseldorf Open Access Fund **The Publishers' Circular and Booksellers' Record** ,1915 *Ancestors in Shadows of Wisdom* Mukiibi Ssekikubo,2021-02-09 Religion and Spirituality being an invaluable tool to contain the indisputable element of fear to survive this book tackles the most intriguing issues regarding African interpretation of God s ways in bid to seeking divine balance natural justice and emphasizing The Creators decentralization of divine authority This is not only worth a pick and worth an inspiration with ancestral techniques of storytelling to stimulate a reading appetite but a nut worth cracking with objective criticism logical discussions and various analytical interpretations of African Theological domain **The Publisher** ,1915 **A Philosophy of Pastoral Preaching** David A. Christensen,2023-05-26 I am a pastor I preach Doesn t that make me a pastoral preacher Not necessarily Many preach missional rather than pastoral sermons designed to appeal to the unchurched not the churched The popularity of regional churches and the global reach of the internet allow preachers to focus their sermons on people they do not know and market a message to an audience they never see Evangelical leaders produce many resources on attractional preaching

but who is developing a vision for pastoral preaching David Christensen draws on years of experience to develop a philosophy of pastoral preaching He writes Social media changes the way we preach More and more pastors are preaching clickbait sermons These are sermons designed to get clicks or attract interest rather than teach truth We want catchy titles and clever analogies that will grab people s attention because the digital world is built on attention whatever will get likes or drive outrage However pastoral preaching builds community It is rooted in local soil to the people we know in the place we live We need a philosophy of preaching that shepherds a community of disciples who worship together in one place

Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1915 *The Purpose of Life in Economics* Lall Ramrattan,Michael Szenberg,2022-10-19 This book is a compilation of economic views on the purpose of life It follows a unique approach starting with propositions from diverse fields that act as governing laws of the purpose of life in economics then guiding the reader through the physical philosophical and psychological views of the purpose of life as economics and economic theories can find their roots in all these areas The book concludes with the purpose of life presented through economic doctrines from the pre classical to classical to neo classical schools of economic thought through the lens of economic development and from the perspective of several religious doctrines *Living On The Edge* Jonathan Burke,2014-01-26 This book addresses common doubts and concerns Christians have concerning God and the Bible including claims from the New Atheism disputes over Bible archaeology questions about the historical accuracy of the Bible questions about the original texts of the Old and New Testament questions about what the Bible really teaches concerning topics such as baptism heaven and hell satan and demons questions about the value and relevance of the Bible s moral and ethical teachings *Preaching the Manifold Grace of God, Volume 2* Ronald J. Allen,2022-07-05 Preaching the Manifold Grace of God is a two volume work describing theologies of preaching from the historical and contemporary periods Volume 1 focuses on historical theological families Orthodox Roman Catholic Lutheran Reformed Anabaptist Anglican Episcopal Wesleyan Baptist African American Stone Campbell Friends and Pentecostal Volume 2 focuses on families that are evangelical liberal neo orthodox postliberal existential radical orthodox deconstructionist Black liberation womanist Latinx liberation Mujerista Asian American Asian American feminist LGBTQAI Indigenous postcolonial and process In each case the author describes the circumstances in which the theological family emerged describes the purposes and characteristics of preaching from that perspective and assesses the strengths and limitations of the approach *Charles Williams and C. S. Lewis* Paul S. Fiddes,2021 This study of the literary relationship between Charles Williams and C S Lewis during the years 1936 1945 focuses on the theme of co inherence at the centre of their friendship The idea of co inherence has long been recognized as an important contribution of Williams to theology and had significant influence on the thought of Lewis This account of the two writers conviction that human persons inhere or dwell both in each other and in the triune God reveals many inter relationships between their writings that would otherwise be missed It also shows up profound differences between their

world views and a gradual though incomplete convergence onto common ground Exploring the idea of co inherence throws light on the fictional worlds they created as well as on their treatment whether together or separately of a wide range of theological and literary subjects the Arthurian tradition the poetry of William Blake and Thomas Traherne the theology of Karl Barth the nature of human and divine love and the doctrine of the Trinity This study draws for the first time on transcriptions of Williams lectures from 1932 to 1939 tracing more clearly the development and use of the idea of co inherence in his thought than has been possible before Finally an account of the use of the word co inherence in English speaking theology suggests that the differences that existed between Lewis and Williams especially on the place of analogy and participation in human experience of God might be resolved by a theology of co inherence in the Trinity
