Last Light Claire Kent, 2019-11-13 It only took four years for the world to fall apart Now the last member of my family has died and I'm forced to travel across what's left of three states to find the only people I know left alive To survive I'll have to salvage food and supplies and try to avoid violent men who've learned they can take what they want by force The only way I'm going to make it is by trusting Travis Travis used to fix my car and now he's all I have left in the world He's gruff and stoic and unfriendly and I don't really know or like him But he's all I have left He'll keep me safe We'll take care of each other Until we reach what's left of our town and can finally let go of one another *Last Light* is a standalone post apocalyptic romance set in the near future after a global catastrophe
